Many Political Appointments Are Pending

(By The Canadian Press) OTTAWA, July 11—Prime Minister Mackenzie King will preside over the weekly cabinet council tomorrow afternoon at three o'clock and it is expected some further progress will be made with the organization and appointments involved in setting up new government machinery authorized at last session of parliament, and in making appointments in the government service.

New bodies include the Defence Purchasing Board, the Central Mortgage Bank, the Penitentiaries Commission, the National Film Board, and the Salt Fish Board. While some of those appointed to these bodies will serve only part time, there will be several high salaried positions involved.

In addition to these newly created positions the government has to appoint a commission on the Tariff Board to succeed the late George H. Sedgewick, and to fill vacancies on the Canadian National Railway directorate and on the Board of Transport Commissioners.

Appointment of a new Deputy Minister of Fisheries, a King's printer and a parliamentary librarian, are also pending and there are provincial lieutenant governor posts to be appointed in Quebec and Prince Edward Island.

In the diplomatic service there is one important vacancy—that of Canadian Minister to Japan. The Canadian Minister to Japan, the government has not yet appointed a successor to Hon. Randolph Bruce, last minister at Tokyo. His resignation was announced in January.

There are nine vacancies in the Senate but these are not likely to be filled until it is certain there is to be a general election at some of them at least are expected to go to present members of parliament, possibly to cabinet ministers.

Federal Government Health Survey Made

(By The Canadian Press) OTTAWA, July 11—Employees from one end of Canada to the other, in the cities, the mines, the logging camps, are being asked by the Dominion Department these days whether they are doing for their employees when they get sick.

The Government is asking 12,000 employers whether they provide a doctor or nurse for their employees, whether they have a health insurance plan operating, whether they have a first aid kit, whether they have a medical examination periodically.

The survey is being made by questionnaires now being sent out to all employers reporting employment figures regularly each month. That list is made up of employers with 15 or more employees, covering every industry in the country except agriculture and education.

Narrow Escape From Death By Lightning

SAINT JOHN, N. B., July 11—(CP)—Burton Mott and his son, Robert, of Bellevue Cove, Waverley, were still suffering shock tonight after an escape from death by lightning last night.

Father and son were resting on a cot on the ground floor of their residence when lightning struck the chimney and went through to the cellar. Both persons were thrown through a window. Robert was unconscious more than an hour. The shock partly paralyzed the other. Both were still suffering from the shock when they were taken to the hospital.

Mott crawled a short distance to the neighboring house of his uncle, Rupert Webster. The latter had to go 14 miles for a doctor, as communications were down.

Hepburn Silent On Election Attitude

ST. THOMAS, Ont., July 11—(CP)—Premier Hepburn said in an interview today he has "no federal aspirations whatsoever" and is not considering entering any national party set-up.

Referring to published reports he and Premier Duplessis of Quebec might join forces to oppose Prime Minister Mackenzie King at the next federal election, Mr. Hepburn refused to say what attitude he would take in a federal election campaign.

Because he was a personal friend of the late Premier, Mr. Hepburn's refusal to say what attitude he would take in a federal election campaign was interpreted as a rebuff to the Premier.

In Memoriam

GRACE ANNA MACKENZIE

On Friday, June 30, 1939, the rapid water of the Malign River, Father called to her heavenly home. Miss Grace Anna MacKenzie, of Belle River, whose passing is a noble Christian has gone on to a higher service.

The late Miss MacKenzie was born at Wood Islands on December 10, 1882, the daughter of Janet MacCallum and James D. MacKenzie. For the past number of years Miss MacKenzie was doing for the nursing profession in United States. By her loving sympathy and devotion to duty, she endeared herself to all.

One year ago she came as usual to spend the summer with her sister, and in October entered the Prince Edward Island Hospital where she underwent a serious operation. She recovered sufficiently to return to her home for the winter, but seven weeks ago she reentered the hospital where on June 30th she fell asleep in Jesus.

The funeral services which were held on July 3rd, were conducted by Rev. R. H. Slavert, assisted by Wallace Wadland, The hymns, "The Lord's My Shepherd" and "Safe in the Arms of Jesus, and Forever With Thee" were sung. A solo, "Sleep On, Beloved," the beautiful hymn of the deceased was feelingly rendered by Mr. Cameron MacPherson. The floral tributes were many and beautiful. The pallbearers were: Messrs. D. J. Riley, Allan D. Stewart, Simon Stewart, Donald Campbell, Charles MacWilliams and Alex. D. Stewart. Interment was in the family plot in Woods Islands cemetery. The large concourse which formed the procession paid a solemn tribute to one whose passing has left a vacant spot but a hallowed memory in many hearts.

There is a left to treasure her memory. Mr. and Mrs. Finlay MacDougal, five nieces and one nephew at her late home; also numerous relatives and friends in Canada and United States. Three brothers and one sister predeceased her some years ago.

"We watched her suffer day by day. It caused us bitter grief. And to see her slowly pine away. And could not give relief. Her weary hours and days of pain. Her troubled nights are passed. And in our aching hearts we know. She has found rest at last. It's sweet to know we'll meet again. Where parting is no more. And our dear one we loved so well. Has only gone before. God knows how much we miss her. And whispers, 'Hush! She only sleeps. Your dear one is not dead.' Some day, some time our eyes shall see. The face we loved so well. Some day, some time, her hand we'll clasp. And never say farewell."

Public Prospects In Prairies Favorable

(By The Canadian Press) OTTAWA, July 11—Crop prospects in the Prairie Provinces continued to improve as a second week of warm, bright weather hastened growth and provided ideal conditions following the good start given by the first week. The Dominion Bureau of Statistics said today in the seventh of 15 weekly telegraphic reports covering crop conditions in the prairies.

A considerable part of the wheat crop is now headed without any extensive damage being reported. Grasshoppers are being but to date have caused little damage. Heavy rains took a considerable toll at scattered points. Fair to good yields of corn are being obtained and hay operations are somewhat late due to wet conditions. Livestock are in good condition and pastures favorable.

Lighting Effects For Confederation Week

Recently an observant visitor to Charlottetown said, "What a pity that neither the beauty of the Island nor the bright hospitality of its people can be seen at night!"

Hearing of this we have decided to ask all householders and merchants to use every means to brighten their home and store fronts by using colored lights of every description on and around porches, display windows and gardens. A suitably artistic arrangement is desirable but is not absolutely necessary because the idea is to increase the brightness of the City generally. This objective can be achieved even by those too pressed for time to plan decorations, if they will follow the expedient of leaving all interior lights in the front of the house and on the porch burning during the night hours of Confederation Week.

Count on your co-operation? V. A. AINSWORTH, Chairman, Illumination Committee, Confederation Celebration. L-66.
