P.E.I. Retail Merchants Protest Trading Stamps

J. Frank Jenkins, Summerside was elected president of the P.E.I. Retail Merchants Association at yesterday afternoon in the Baptist Church hall, P.M. MacCaull the retiring president in the chair. Mr. MacCaull submitted his resignation after heading the organization since its incorporation in 1950 and in which capacity her served with vigor and skill.

Other officers elected are: first vice-president, W.I. Bowman, Hutter River; second vice-president, J.R. MacLean, Souris; third vice-president, K.R. Matthews, Elmsdale; secretary-treasurer, E. B. Bernard, St. Eleanors (reelected).

A resolution opposing the use of trading stamps, as defined in the Criminal Code, and other premium coupon plans, because they are a menace and not in the public interest was unanimously approved after lengthy discussion. This resolution supported a similar one passed by the R.M.A. of Manitoba last month at which a brief was prepared for presentation to Justice Minister Stuart S. Garson on October 22nd.

The discussion on the trading stamps revealed that the cost of the premiums offered to the public is borne by the retailer, unless he increases his prices to offset this cost, whereby the consumer bears the brunt. The premium houses, it was stated, are making the gravy on the trading coupons and on similar gimmicks.

RE POTATOES

A resolution was also approved support, in co-operation with the N.B.—P.E.I. Division of R.M.A. of Canada Inc. in undertaking the task of brining to the attention of the government, the dealers and producers, the necessity of a definite improvement in the grading, marketing and packaging and merchandising of potatoes in all Canadian provinces, with especial emphasis in the Provinces of P.E.I. and N.B. whose economy depends greatly on potatoes; also that the Government be asked to take immediate steps to promote a publicity campaign to increase the consumption of potatoes in the country; further that the R.M.A. go on record as strongly supporting the submissions and representations to the Federal Government, the Canadian Federation of Agriculture, the Horticultural Council of Canada and other organizations for definite action on the demands for tariff protection against the import ation of potatoes from other countries.

Another resolution passed registered the association's approval of the policies of the numerous wholesalers and suppliers of enclosing invoices with orders of merchandise and in submitting shipper's bill of lading to transfer companies to be presented to consignee on delivery of each specific order of goods.

OTHER BUSINESS

General business included a long discussion on the problems of the retailer, with suggestions on how some of these might be solved; also the appointment of a transportation committee to look into freight rates and associated problems.

Reports were heard from the outgoing president, and from R.H. Phillips of the long-term purchasing committee and Frank Jenkins, chairman of the purchasing and advertising committee.

A resolution proposed by Mr. Jenkins on behalf of the board of directors, was heartily endorsed by all the membership, lauding the faithful and devoted service of W.G Ellis, Springifeld West, who suffered injuries in an accident sev eral months ago. A speed and successful recovery was also wished for in the resolution.

Directors for the coming year are: K.R. Matthew, Elmsdale; E. B. Bernard, St. Eleanors; J. F. Jenkins, Summerside; A. Cotton, Kensington; W.I. Bowman, Hunter River; W. Ellis, Charlottetown; R. MacCaull, Carleton;J.R. MacLean, Souris; L.A. Burleigh, Ellerslie;.H. Meek, French River; C. J. Gallant, Howlan, P.M MacCaull, Ellerslie.

Following the afternoon business session the members adjourned to the Summerlea Restaurant where the annual banquet was held with the past president P.M. MacCaull acting as chairman.

GUEST SPEAKER

The guest speaker of the evening was Mr. Walter Shaw who in his address dealt with the serious problems facing the farmers of this Province, problems which he pointed out seriously affect the retail merchants of Prince Edward Island.

He spoke of the regrettable exodus of young people to other provinces of Canada. Mr. Shaw dealt with the work being done by the Atlantic Provinces Economic Council and suggested that the matter of having a branch in this province to make a study of conditions with a view of remedying those conditions be given consideration.

He dealt also to some extent with the matter of cooperative organizations and of the results obtained through their methods in bringing to a high level the egg and poultry business, the hog and dairy industry in this province.

He spoke of conditions as he had found them while on a speaking tour of Ontario where the retailers and the cooperative organizations sit down together and discuss their mutual problems. He said it would be a good idea he believed, for the retailers of this province to get together with those who are organized and discuss their problems in the same way. He pointed out that retailers should always remember that the goods which go out of their stores should be of a quality that will bring the customer back to the store again.

EXTENDS WELCOME

Seated at the head table were His Worship Mayor Currie who extended a Civic welcome to the members of R.M.A.

"You are an important people in the economic setup of this province," he said. "The standard of living has been greatly influenced by the Retail Merchants Association.

He said that it was a great priviledge to be the owner of a store at the rural cross roads for although such a man might not amass a fortune he would be a rich man in many ways and a credit to his community. He expressed the hope that the deliberations during the afternoon session would be fruitful.

Hon. E.P. Foley, M.L.A., who was present as the representative of the Premier of the Province brought greeting from the Provincial Government greetings were also extended to the members from the firm of DeBlois Bros of Charlottetown by Mr. Andrew Likely.

The Maritime field manager of R.M.A. of Canada addresed the gathering briefly and dealt mainly in his talk with the problem of trading stamps. He expressed the hope that some action would soon be taken to put an end to this practice which he said made profits of four hundred millions of dollars for the stamp companies and for they alone.

During the banquet music was supplied by Messrs. Lowell Huestis Wilfred Arsenault and Ron Hutchinson. Two beautifully rendered vocal solos were sung by Mr. Robert Schurman, the first "Old Man River" and as an encore "Shine On Harvest Moon".

SPORT ECHOES

"Windy" Steele May Be New Summerside Coach

If the rumor going the rounds that Windy Steele has been approached to coach the Aces is true, then we say-three hearty british hip, hips and a hippo. This town has long needed such hockey coaching as Windy is able to dish out. He knows his hockey from A to Z and his orders would be obeyed, or else.

Sit down, folks, and do a bit of heavy thinking about the level to which our home Brew hockey talent has descended. In the days of Jack Schurman, Chick Gallant, Ralph Ralph Silliphant, Ernie MacQuarrie, etc., Summerside Home Brews could hold their own with the best that Charlottetown has to offer. One team in each centre, mark you, and even Steven contests nearly every time out. Now Charlottetown has three teams, not counting St. Dunstan's, and they manage to hold their own, (putting it mildly) with our boys, and we have to depend on reinforcements from Freetown and Sydney, Nova Scotia.

But, we hear you protest, Summerside was without Paul Schurman, Coke Grady and Mooney Gallant. Right and Charlottetown was also missing a few fair to middling hockey players. Forbes Kennedy, Angie Carroll, Buck Whitlock, Orin Carver, Lorne Hennessey, are the one we recall at the moment. There was another star player who played for North Sydney, but we can't remember his name. This should just about balance the books on absentee talent, shouldn't it?

Yes, we'll admit we have a swell-elegant manager, a superduper secretary-treasurer, we'll probably latch on to a peacherino of an ice-maker and a lollapalooza of a ticket taker. A regular one-two-three- four punch. (Leave us not spread the syrup too thick, Johannus, or someone will get punch drunk). But, in addition to all these blue-ribbon personalities, we need a good, down-to-earth hockey coach, and Windy fills the bill better than anyone we know in these parts.

We hope, too, that the up-and-coming boys who can't quite make the aces this year will be looked after by our hockey set-up. Last year they were travelling orphans, and did not get much chance to show their wares before the home fans until the season was nearly over. We had hoped a league might have been formed with strictly home-brew aces competing against Freetown, Borden, Alberton, O'Leary, etc. In addition to our league with Charlottetown. Playing two games a week in the bud, and we shall never know whether such a league would draw the fans into Civic Stadium or not. We're not saying that two island games a week is not a good idea. It will certainly provide a lot of top-notch hockey and the fans should patronize it, but if the other league could be given a trial, it might prove succesful financially, and would certainly help to encourage the players who will be playing on future Summerside Hockey Clubs.

Have just heard that Charles Hogan is our new rink manager. Judging from Charlie's past successes in management, we would say he is the man for the job. Charlie was our most successful baseball manager, and his succes as chairman of the lobster carnival is known to everyone. We wish him luck in his new undertaking.
