SAD ACCIDENT.—On Wednesday, the 29th ult., while William McLeod, son of David McLeod, of Murray River, was gathering logs in Matthew McLures mill dam, he unfortunately fell in and got drowned. Deceased was a promising inoffensive young man, and the melancholy occurrence has cast a gloom over the community. He leaves a surviving mother, brothers and sisters, with whom we sympathize in their sad affliction. His body was recovered about half an hour afterwards. —*King's County Advertiser.*

With feelings of regret we have to record the death of John Thomas White, son of Charles White, of Murray River. The deceased left home about six years ago and by perseverance and industry worked himself up to the position of mate of the brig "Clara J. Adams," of New York, and was to take charge of her as Captain on her return trip from the West Indies. Sad news reached his father a few days ago announcing his death, by yellow fever, at Cuba, after an illness of six days. At the time of his death he was 25 years of age, and his kind, genial nature and amiable disposition will secure for him a lasting memory among all who knew him. We sympathize with his parents and relatives in their sad loss. —*K. C. Advertiser.*

THREE members of the Charlottetown Engineers Co.,—Sergeant H. W. Davison, Sapper B. Hooper, and Sapper L. Hooper—"fired off" for the company's medal, at Kensington Rifle Range yesterday. The firing off was necessitated by the three Engineers above named making the highest scores and being tied at the regular competitions for the medal. Yesterday's contest resulted in a victory for Sapper Benj. Hooper, who made a score of 97 points out of a possible 140. A like score was made by Lieutenant Davison, but as Sapper Hooper made the highest score at the longest range the medal was awarded to him. The medal will be purchased in Montreal. It will be made of silver and gold, and the name of the winner, with the number of times he won, will be engraved on it. The scores made yesterday—considering the heavy wind blowing across the range—were very good.

COUNTRY DEALERS may rely on getting their stock of Paper, Envelopes, Pens, Ink, Slates, School Books, etc., cheaper from us than they can buy them elsewhere in Charlottetown, or import them from abroad. —BREMNER BROS., 44 Queen Street.

SEMINARY FOR YOUNG LADIES.

VISITOR:

The Lord Bishop of Nova Scotia

PRINCIPAL:

The Rev. John Padfield.

THIS SCHOOL offers, at very moderate cost, the advantages of a comfortable and pleasant home together with a thorough and refined education.

The course of instruction is the same as that of the best Schools in England and is founded upon the University Examinations for Women. Eight young ladies from this School passed the Local Examination of the University of King's College in June last. This is the only School in Canada that has passed pupils at a University Examination.

The number of pupils is limited, rendering the School select, and while it possesses all the educational advantages of a large public school, each pupil is enabled to receive that individual care and oversight which is so important, and which cannot be given in a large establishment.

Mr. and Mrs. Padfield are assisted by a staff of four resident governesses, besides visiting masters.

Parisienne French is taught conversationally. There are two resident French Governesses.

References given to parents of pupils. For further particulars address the Principal.

Welland Canal Enlargement.

Notice to Contractors.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for the Welland Canal," will be received at this office until the arrival of the Eastern and Western mails on FRIDAY, the 14th DAY OF NOVEMBER next, for the deepening of the Welland Canal, between Ransay's Bend and Port Colborne, known as Sections Nos. 33 and 34, embracing the greater part of what is called the "Rock Cut."

Plans showing the position of the work and specifications for what remains to be done, can be seen at this office, and at the Resident Engineer's Office, Welland, on and after TUESDAY, the 4th day of NOVEMBER next, where printed forms of tender can be obtained.

Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and in the case of firms, except there are attached the actual signatures, the nature of the occupation and place of residence of each member of the same; and further, an accepted Bank cheque for the sum of three thousand dollars for Section No. 33, and one for four thousand dollars for Section No. 34 must accompany the respective Tenders, which sum shall be forfeited if the party tendering declines entering into contract for works, at the rates stated in the offer submitted.

The cheque or money thus sent in will be returned to the respective contractors whose Tenders are not accepted.

For the due fulfillment of the contract, satisfactory security will be required by the deposit of money to the amount of five per cent. on the bulk sum of the contract; of which the sum sent in with the Tender will be considered a part.

Ninety per cent. only of the progress estimates will be paid until the completion of the work.

To each Tender must be attached the actual signatures of two responsible and solvent persons, residents of the Dominion, willing to become sureties for the carrying out of these conditions, as well as the due performance of the works embraced in the Contract.

This Department does not, however, bind itself to accept the lowest or any Tender.
