Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor. No matter what the color of the hair, this preparation gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only cured the hair of my wife and daughter to be

Abundant and Glossy,
but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as any one could wish for."—R. T. Schmitt, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel."—Mabel C. Hardy, Delavan, Ill.

Local and Other Items.

ISLAND HORSES.—Mr. W. S. McKie shipped a carload of very fine horses from Georgetown on the Stanley yesterday. The shipment was for the American market.

There is comfort for the man with a prematurely gray beard in Buckingham Dye, because it never fails to color an even brown or black as may be desired.

AGAINST THE TOWN.—A Dorchester despatch says that the case of Mrs. Cameron vs. the Town of Moncton has resulted in a verdict of \$300 for the plaintiff. The action was for damages caused by a defective sidewalk.

The great popularity of Ayer's Pills as a cathartic is due no less to their promptness and efficacy than to their coating of sugar and freedom from any injurious effects. Children take them readily. See Ayer's Almanac for this year, just out.

SKATED TO DEATH.—While skating near Mill Haven, Ont., on the 16th, Herbert Milligan, son of Samuel Milligan, and another young man were drowned. Milligan broke through the ice while trying to rescue his companion. Milligan leaves a young wife whom he married in Odessa three months ago.

SPECIAL TRAIN.—On the 24th inst., on the occasion of Reverend Father Doyle's Silver Jubilee, a special train will leave Charlottetown for Summerside, bringing excursionists at one single first-class fare, leaving Charlottetown at 6.30 a. m. (standard time). Returning will leave Summerside for Charlottetown at 8 o'clock, p. m., standard.—JOHN B. STRONG, Secretary of Committee.

SUDDEN CALL.—The St. John Telegraph says:—Mr. Thomas Ellis, who has been living at Shanklin settlement, started out on Wednesday morning to cut firewood a short distance from his home. He had proceeded about 100 yards when he was seen by his nephew, who was a short distance ahead, to fall to the ground, and soon after reaching him the old man gave a few gasps and expired.

THE PREMIER'S BIRTHDAY.—A correspondent in the Ottawa Journal writes from a non-political standpoint his personal gratification over the public display of flags and streamers made at the capital in honor of Sir John Macdonald's birthday, and hopes that on the next 11th day of January and every succeeding anniversary this new and commendable practice of honoring the venerable Premier's birthday may become general, not only in Ottawa, but throughout the Dominion. The display this year was a pleasant sight to all loyal, true-hearted Canadians.

AN EMBEZZLER WANTED.—A circular from the Pinkerton Detective Agency, offering a reward of \$5,000 for the apprehension of William H. Foster, jr., who is wanted for embezzling \$100,000 from the New York Produce Exchange Gratuity Fund, is in circulation. Foster is 49 years of age, between 5 ft. 11 in. and 6 ft. in height, and weighs 190 lbs. He is of athletic build, with dark complexion, full features, straight nose, brown eyes, dark brown hair, slightly curled behind and parted in the middle, and in the back brushed up towards the ears, dark brown moustache, hair and moustache mixed with grey, thick neck, back of fingers and hands covered with hair. He has a deep and sonorous voice and gesticulates when talking. He was dressed in a fashionable suit of some light color.

Curliana.

THE match, Episcopalians vs. All-comers played on Wednesday afternoon, at the Hillsborough Rink, resulted in a victory for the Church, the score being 24 to 12. The following were the teams and the scores made:—

EPISCOPALIANS.	ALL-COMERS.	
Rev. S. W. Jones, (skip)	T. C. James, (skip)

There were quite a number of spectators present, and great interest was taken in the game.

Canada's Army of Voters.

The biggest job of printing ever accomplished in Canada, we learn from a recent Ottawa despatch, has just been completed, and the general reader will have some idea of its immensity when it is stated that 75 tons of type have been used and that it took 55 printers with 10 months' constant labor to put the type together. The matter is to be kept standing for the future, so that such a job will not have to be done again for at least a generation. There are 1,000,000 names on the voters' list of Canada. A list for each constituency is arranged by polls, so that should any change in the shape of additions or otherwise take place this can be done by simply revising that particular poll without otherwise interfering with the body of the work. Each cabinet contains 240 pages and there are 28 cabinets, so that the whole thing totals over 6,700 pages of reading matter. Mr. Senechal, the superintendent, thinks that when the work of revision by revising barbers is completed there will be about 1,050,000 names on the list.

Weak eyes and inflamed lids indicate an impure condition of the blood. The best remedy is Ayer's Sarsaparilla. It vitalizes the blood, regulates the secretions, and expels all scrofulous humors from the system. Try it. Price \$1. Worth \$5 a bottle.

LETTERS TO THE EDITOR.

Summer Hotel Accommodation.

SIR,—I was present at the meeting of the company of the Park and Exhibition Association. I was pleased with the report of the directors showing what they have done and what they propose to do, and I think the offer about being made by them to the Government is a most liberal one. It appears that about \$10,000 is to be expended for Exhibition Buildings and stabling, which with the large area of grounds and course, will give ample accommodation to the whole island and space for exhibits from the neighboring Provinces. This will no doubt be taken advantage of.

The expressions of many of the speakers on the success of the enterprise were most sanguine, and their ideas that the railway and steamboat accommodations during an exhibition which they propose to hold, will be inadequate to move the people who will be attracted, I do not think were over-estimated.

Now, Mr. Editor, there is another very important matter which, I think, should engage the attention of the company and the citizens (the company are the citizens). After having made such ample provisions for exhibits of stock, etc., what are they offering the people themselves in the way of hotel accommodation? It has become a by-word among our neighbors that the island has no hotels or boarding houses (comparatively speaking). If this is true, what is to be done during the coming summer when the S. S. Halifax, the Loring Line, the S. S. Stanley, and a new boat under consideration by the Steam Navigation Company, with all their attractions of gorgeous accommodations, appointments, and cheap rates will be made known by advertising among our New England neighbors? I say, what will be done when these steamers arrive loaded to their full capacity with tourists? If we cannot accommodate them as they require, they will not come back again. If we can provide for them, they will return and bring more with them.

I am of the opinion that the reason some of our wealthy citizens are not subscribing their capital toward this enterprise, (which has been ventilated by you) is that they are afraid they will not see dividends from the directors of the institution. Oh, blind generation, can you not see that you will double your cash sales in your business, and that you will be attracting capitalists and moneyed men, who, if they see business flourishing, will want to have their own summer residences here. Real estate will improve in value and the city revenue will increase. The farmer will receive a better price for his produce, as the demand will certainly increase. Follow this thought, and who but will not be benefited.

Blow the trumpet, Mr. Editor, awake the cavillers, and may other improvements follow the good work the Park Association has begun.

The Parnell Commission.

A FENIAN CONVICT GIVES DAMAGING EVIDENCE AGAINST THE LEAGUE.

At a recent session of the Parnell Commission, Patrick Delaney, a convict in Maryborough prison, said that he belonged to the Fenians until Sept. 1882. The principal leaders of the Fenians were Egan, Brennan, Dr. McAllister, John Lavey, and John Doran. About 1879 a number of delegates, including John O'Connor, John D. Evey and General Millen, came from America. The witness attended a meeting in Forester's hall in Dublin, at which J. D. Evey represented the American council. General Millen inspected the military organization and it was arranged that arms be provided and expenses paid. At another meeting Davitt, Parnell, Egan, Biggar, Dillon, Brennan and Harris attended. Curley attacked Davitt for not adhering to the principles of the organization. After meeting the witness was told circles were not opposed to the league which would organize fenians in the country and supply them with arms. The witness said the principal part of the Invincibles' oath was to assassinate the Viceroy and the whole executive of Ireland. The Invincibles received money from the league. Egan, Byrne and Tynan paid some to Daniel Delaney, Mullett and Brady. Witness was dispatched to watch the movements of Forster, at that time Chief Secretary for Ireland. Joseph Brady and Timothy Kelly were delegated to shoot Forster. Witness intercepted persons crossing Queen Street Bridge, while Brady and Kelly endeavored to carry out their purpose. Witness took no part in the Phoenix Park murders. A meeting of the committee of Invincibles held after the Phoenix Park murders, a quantity of gold and bank notes were laid upon the table. Afterwards more revolvers, daggers and money came. Delaney further spoke of the attempt to hire a house on Castle Hill, from which officials of the castle could be shot with rifles. Carey failed to get a house. On cross-examination the witness admitted that when 17 years old he was sentenced to penal servitude for five years for highway robbery. He enrolled himself with the Fenians the night he left prison. When accused of the Phoenix Park murders he gave the authorities all the information in his possession. The witness was sentenced to death for complicity in the Phoenix Park murders, but Lord Spencer commuted his sentence to imprisonment.

MOTHERS who have delicate children can see them daily improve and gain in flesh and strength by giving them that perfect food and medicine, Scott's Emulsion of Cod Liver Oil with Hypophosphites. Dr. W. A. Hallbert, of Salisbury, Ill., says: "I have used Scott's Emulsion in cases of scrofula and debility. Results most gratifying. My little patients take it with pleasure." Sold by all Druggists; 50c. and \$1.00.
