Allies And Reds Agree To Truce Talks Sunday

Preliminary Meeting Slated For Kaesong

By DON HUTH
TOKYO, July 5 — (Thursday) — (AP) — The United Nations and the Communists today agreed officially to meet Sunday in the Kaesong area for preliminary peace talks to end the bloody Korean war.

Accepts New Data

Gen. Matthew B. Ridgway originally had suggested the preliminary meeting near parallel 38 for today. The Chinese and North Korean Communists agreed to meet but set Sunday as the day. The Allied Supreme Commander accepted the later date today.

In his acceptance, the Supreme Commander requested positive assurance of safe conduct for his delegation.

The opening armistice talks will come a year and two weeks after the outbreak of the conflict.

Ridgway issued a formal statement addressed to Gen. Kim Il Sung, Premier of North Korea and Field Marshal of the Korean Red army, and Gen. Peng Teh-Huai, commander of the Chinese "volunteer" forces. It said:

Missing Boy Died From Peritonitis

ST. BERNARD, DE LACOLLE, Que., July 4 — (CP) — The five-day search for 16-year-old Remi Duquette ended tragically today with the discovery of his body less than three-quarters of a mile from his farm home.

Police gave the cause of death as peritonitis, resulting from an attack of acute appendicitis.

The youth's body was found by searchers combing the heavily wooded region near this village on the Quebec-New York State border.

The boy apparently suffered the attack while shooting crows. His rifle was found beside him on the ground. There was an empty shell in the rifle and a dead crow nearby.

Sgt. Valiquette, officer in charge of the Provincial Police searchers, said there was no doubt the boy's death was natural. However, he said an inquest will be held tomorrow at St. John's, Que.

Remi left his home last Friday to go hunting. When he failed to return for supper and the evening farm chores, a search was organized by the boy's father and neighbors.

The search was carried on daily from dawn to dusk with more than 300 persons taking part at times. These included members of the New York State Police, Provincial Police, United States soldiers, R. C. M. P., and neighborhood farmers.

Warm Welcome Tendered To Visiting Maritime Firemen

It was the Firemen's day yesterday and the Maritime smoke-eaters took full advantage of the beautiful weather to stage their annual Firemen's Tourney parade. It was the morning highlight of Wednesday's Festive Week program.

Leading off were the colorful pipers of the Cape Breton Highlanders and right behind them was the large contingent of fire fighters from Dartmouth, N.S. All visiting Fire Departments drew applause from the thousands of people who lined the route.

The local Fire Department headed by the band of the P.E.I. Regiment (17th Recce) had a strong representation of 28 men on parade including Chief H. H. Jewell and Deputy Chief James Walker.

In addition they supplied the fire fighting equipment. Smallest unit present was that of the Dalhousie, N.B. Fire Department whose six-man team followed that of Dartmouth.

Following the completion of the route through city streets the firemen gathered at the Forum where they were officially greeted by His Worship Mayor B. Earle MacDonald. The Mayor told the assemblage of the importance of the fire departments especially to the smaller cities and towns, and paid high tribute to the local volunteer for the tremendous service they regularly rendered to the community.

His Worship concluded by stating he felt this city as well as other similarly sized city in Canada.

Moreover, he cautioned that it still is too early to say whether the Communist rulers really want a Korean peace. The United States, he said, must be "vigilant and ready for whatever may come."

In a fourth of July address, the President said a Korean settlement would still leave in existence the greatest threat to world peace—the tremendous armed power of the Soviet Union.

IMMIGRANTS ARRIVE
HALIFAX, July 4 — (CP) — Close to 1,700 immigrants landed here today from the liners Anna Salem and Stavangerfjord from Copenhagen and Oslo.

Four Canadian National Railways boat trains were required to transport them to their new homes across the Dominion.

Moncton Choir Wins Folk-Song In Wales

LLANGOLLEN, Wales, July 4 — (CP) — New Brunswick's St. Joseph's University choir today became the recognized leader in world folk-song singing at the International Elsteddfod, the famous Welsh Festival of Music.

Under the direction of Rev. Leandre Braul, the 29 Canadian chorists sang their way to victory over 24 competing choirs from 16 other countries.

It was the first time a Canadian choir had appeared at the festival and its achievement was loudly applauded by an audience of more than 20,000 as the International Choral Trophy was presented.

Tied for second place in the feature competition of the day's program were the Homin Male Voice Choir from the Ukraine and an entry from Valais, Switzerland.

The new Brunswick chorists, ranging in age between 17 and 24, chose two French-Canadian folk songs for their test pieces—the internationally-known "Alouette," and "Va L'bon Vent."

Their rendition of the rollicking "Alouette" gained them 96 marks out of 100 with only one less point for their second effort.

Prolonged applause greeted the remarks of Sandor Veress, spokesman for the panel of adjudicators, when he lauded the choir's singing as "A performance of excellence, with tradition and art beautifully blended."

The choir will compete in another major event Saturday.

WASHINGTON, July 4 — (AP) — President Truman declared tonight the world faces a long period of "great international danger" even if peace comes in Korea. He called on the American people to follow "a hard, tough policy of self denial."

Moreover, he cautioned that it still is too early to say whether the Communist rulers really want a Korean peace. The United States, he said, must be "vigilant and ready for whatever may come."

In a fourth of July address, the President said a Korean settlement would still leave in existence the greatest threat to world peace—the tremendous armed power of the Soviet Union.

Railways Granted 12 Per Cent Increase In Freight Rates

Cost-of-Living Index Up 2.1 Points In May

OTTAWA, July 4 — (CP) — Sparked mainly by higher food prices, the cost-of-living index in May rose 2.1 points to a new high of 184.1 from 182.0 the Bureau of Statistics reported today.

Prices were higher for eggs, butter, pork, fresh vegetables, hardware, electrical equipment, clothing generally, health care, gasoline, rents and street car fares.

Two-thirds of the increase was attributed to higher food prices. The index is based on 1935-39 prices equalling 100.

A food sub-index rose 4.4 points to a record 298.8 from 285.4 after a three-point decline in April.

Prices were higher for fresh vegetables, eggs, butter and pork. The rent sub-index jumped 2.2 points to a record 139.8 from 137.6 following a regular quarterly survey of rental costs.

Recall Visit Of Prince Philip To Halifax

HALIFAX, July 4 — (CP) — Halifax hosts recalled that the last time Prince Philip visited this port, he had callouses on his hands as a result of a stint of duty as stoker on a crew-boat wartime transport.

Mr. and Mrs. Terry Creighton heard with interest their youthful sailor guest was coming to Canada in October with Princess Elizabeth.

The last time he was here was in July, 1941. He arrived with a group of junior officers on the Empress of Russia. This transport had been short of stokers and the young officers, including Prince Philip, had worked up some large-sized blisters and callouses filling in as volunteers.

They spent a warm Sunday in Halifax and Prince Philip was taken to the nearby beach resort of Hubbards for the swim. The next day he joined a British naval ship and returned to active duty in the war zone.

It is believed that this was his first and only visit to Canada.

U. S. Newsmen Given 10-Year Term By Czechs

FRANKFURT, Germany, July 4 — (AP) — Communist Czechoslovakia sentenced William N. Oatis to 10 years in prison today on the charge that he "spied out state secrets" while doing his job as an Associated Press correspondent behind the Iron Curtain. He was ordered expelled after his sentence is served.

The five-man state court which read the sentence in Prague's sombre Pankrac Prison after a two-day trial said five years of the sentence "will be suspended for good behavior."

In the language of Western courts this would mean Oatis would have to serve but five years

OTTAWA, July 4 — (CP) — The railways got a new freight-rate increase of 12 per cent today along with notice that future increases — and perhaps this one later — may be adjusted to swing more of the load from the west and the Maritimes to Central Canada.

In granting the \$54,000,000-a-year increase on an "interim" basis, the Board of Transport Commissioners told the railways that next fall it is going to re-examine the award to deal with the questions of:

1. Easing the impact of higher rates on movements of primary commodities and long-haul traffic, which form a large proportion of rail business in the outlying provinces.

2. Shifting more of the burden to low-rate "competitive" traffic, concentrated most heavily in Ontario and Quebec.

The two proposals are in line with recommendations of the Royal Commission on Transportation, whose ideas for balancing up rates as between the different areas of Canada are to be dealt with by Parliament in the fall.

They also tally with the views of the governments of eight Provinces — all except Ontario and Quebec — which have been battling against rate increases including the current one. The board's proposals would be a big step in the direction of the general rate equalization sought by these Provinces.

P. E. I. Trade Director In Nfld.

ST. JOHN'S, Nfld., July 4 — (CP) — W. E. Agnew, director of Trade, Department of Industry and Natural Resources of Prince Edward Island, is visiting here this week for discussions with businessmen on trade conditions between Newfoundland and Prince Edward Island. Mr. Agnew has already visited Corner Brook and Grand Falls.

Coast-To-Coast Trip Planned For October

OTTAWA, July 4 — (CP) — Princess Elizabeth and her husband, Prince Philip, will make a coast-to-coast tour of Canada in October, it was announced officially today.

Details of their itinerary will be made public later, but they are expected to visit most of the principal centres.

They are expected to remain in Canada about three weeks.

The surprise announcement of the royal visit came from Prime Minister St. Laurent, who said they have expressed the hope their visit will be kept as simple as possible, "having regard to the circumstances of the times."

First Visit For Princess

For the 25-year-old Princess, this will be her first visit to this country.

It will be Canada's second royal visit in little more than a decade. The King and the Queen made a four-week tour of Canada in May and June of 1939.

Mr. St. Laurent's announcement said the royal couple have accepted an invitation conveyed to them by External Affairs Minister Pearson on behalf of the Government of Canada. Mr. Pearson recently was in the United Kingdom.

There long has been a standing, if unofficial, invitation to Princess Elizabeth and her husband, a Greek prince who bears
