THE LIGHT AT HOME.

The Light at Home ! how bright it beams
When evening sha'es around us fall ;
And from the lattice far its gleams ;
To love, and rest and comfort call.
When wearied with the toils of day,
The strife for glory, gold, or fame,
How sweet to seek the quiet way,
Where loving lips will lisp our name
Around the Light at Home !

When through the dark and stormy night,
The wayward wanderer homeward hies ,
How cheering is that twinkling light,
Which through the forest gloom he spies !
It is the light at home he feels,
That loving hearts will greet him there,
And softly through his bosom steals
That joy and love that banish care,
Around the Light at Home.

The Light at Home, whene'er at last,
It greets the seaman through the storm ;
He feels no more the chilling blast
That beats upon his manly form.
Long years upon the sea have fled,
Since Mary gave her parting kiss,
But the sad tears which then she shed,
Will now be paid with rapt'rous bliss,
Around the Light at Home.

The Light at Home ! how still and sweet
It peeps from yonder cottage door—
The weary labourer to greet—
When the rough toils of day are o'er.
Sad is the soul that does not know
The blessings that the beams impart,
The cheerful hopes and joys that flow,
And lighten up the heaviest heart,
Around the Light at Home.

THE COLONIAL CHURCH AND SCHOOL SOCIETY.--We have much pleasure in recommending to our readers a perusal of the annual report of the above Society for years 1853-1854, whose extended sphere of usefulness entitles it to rank among the most valuable of our religious institutions. A cursory survey of the pecuniary statement affords a gratifying proof of the estimation in which its pious labours are held. We find, although the Society's funds have progressively increased during the last four years, that the income of the present year exhibits an increase considerably beyond the proportion of previous years ; and that upwards of twenty additional (giving a total of one hundred and fifty-three) agents are extending the priceless blessings of the Gospel and scriptural education to our brethren in distant climes. While we gather, from the interesting communications of the Society's agents, how sincerely their efforts are appreciated and encouraged, we at the same time perceive the crying necessity which exists for this spiritual provision: and the imperative duty incumbent upon us, not only to continue but to increase its efficacy by enabling the Society to employ additional agents, and thereby meet the daily augmenting demand upon its sympathy. We would at the same time direct our readers to the perusal of the eloquent appeal delivered by the Bishop of Sierra Leone, wherein he earnestly and forcibly details the lamentable spiritual distress which, in spite of the noble efforts of this and other Societies, still exists in our colonies and dependencies.—*Church Witness.*

LIBERALITY OF THE TURKISH GOVERNMENT.—The *Osc Deutsch Post* of Vienna, of the 4th, says:—" The Turkish Government has just performed an act which proves, that it takes serious interest in its Christian subjects. According to the order of the Sultan, a list is now being made out of all the communes of Bosnia which have not churches, and where it may be necessary, to have them built. Not only will all the parishes be allowed to build churches, a privilege which could only formerly be obtained by large pecuniary sacrifices, but the Turkish treasury will even furnish money for the purpose, where the communes have not the means themselves."

READY TO ENTER IN.—It is a providential coincidence, that just as Japan is opening to the trade of other countries, efforts should be made for giving the Japanese the Scriptures in their own language. Dr. Bettelheim, a medical missionary connected with the Loochoo Missionary Society of London, is about visiting Hong Kong to take measures for printing his Japanese and Loochooan version of the Scriptures. In Japanese, the four Gospels and the Acts, and in the Loochooan, Luke, John, the Acts, and the epistle to the Romans, are ready for publication, the work of Dr. Betteledim, who has long been secluded in Loochoo.

A POOR WOMAN'S GRATITUDE.—Mr. Gough, in one of his orations before a British audience, related the following incident. We doubt, whether from any of the beautiful and costly gifts, of which Mr. Gough has been made the recipient, from admirers of his genius and philanthropy, any one has more deeply touched his heart than this testimonial of the poor Edinburgh woman. Said he:

While in Edinburgh, lately, a woman with two children called upon me, and though very poor, insisted, that I should accept a present of a white handkerchief, saying—" while you wipe the sweat from your brow, when you are speaking in this cause, let it remind you that you have dried the tears of my house."

All men have their frailties; whoever looks for a friend without imperfections will never find what he seeks; we are not equally content with ourselves—how should we be so with our friends ? We love ourselves nevertheless with all our faults, and we ought to love our friends in like manner.

WHEN TO PAINT HOUSES.—A correspondent of the *London Builder* says, that houses should be painted in the autumn ; woodwork painted in October, he says, looks better at the end of four years, than, if painted in June, it would at the end of two.

PROSPECTUS OF THE SCIENTIFIC AMERICAN.

Tenth Year.—Splendid Engravings and Prizes:

THE Tenth Annual Volume of this useful publication commences on the 17th day of September next.

THE " SCIENTIFIC AMERICAN " is an ILLUSTRATED PERIODICAL, devoted chiefly to the promulgation of information relating to the various Mechanic and Chemic Arts, Industrial Manufactures, Agriculture, Patents, Inventions, Engineering, Millwork, and all interests which the light of PRACTICAL SCIENCE is calculated to advance.

Its general contents embrace notices of the LATEST AND BEST SCIENTIFIC, MECHANICAL, CHEMICAL, AND AGRICULTURAL, DISCOVERIES,—with Editorial comments explaining their application: notices of NEW PROCESSES in all branches of Manufactures ; PRACTICAL HINTS on Machinery ; information as to STEAM, and all processes to which it is applicable ; also Mining; Millwriting, Dyeing, and all arts involving CHEMICAL SCIENCE: Engineering, Architecture, comprehensive SCIENTIFIC MEMORANDA: Proceedings of Scientific Bodies: Accounts of Exhiitions,—together with news and informatione upon THOUSANDS OF OTHER SUBJECTS.

Rports of U. S. PATENTS granted are alsob published every week, including OFFICIAL COPIES of all the PATENT CLAIMS ; these Claims are published in the Scientific American IN ADVANCE OF ALL OTHER PAPERS.

The CONTRIBUTORS to the Scientific American are among the MOST EMINENT scientific and practical men of the times. The Editorial Department is universally acknowledged to be conducted with GREAT ABILITY, and to be distinguished, not only for the excellence and truthfulness of its discussions, but for the fearlessness with which error is combated and false theories are exploded.

Mechanics, Inventors, Engineers, Chemists, Manufacturers, Agriculturists, and PEOPLE IN EVERY PROFESSION IN LIFE, will find the SCIENTIFIC AMERICAN to be of great value in their respective callings. Its counsels and suggestions will save them HUNDREDS OF DOLRLAS annually, besides affording them a continual source of knowledge, the experience of which is beyond pecuniary estimate.

The SCIENTIFIC AMERICAN is published once a week ; every number contains eight large quarto pages, forming annually a complete and splendid volume, illustrated with SEVERAL HUNDRED ORIGINAL ENGRAVINGS.

Tems of Subscription, one Copy, for One Year $2.

Subscriptions received by George T. Haszard, Agent for P. E. Island.

Notice to Travellers.

IT has become an established fact that accidents will happen notwithstanding the care and attention which may be paid to the safety and convenience of travellers. Explosions will take place, bridges will be left open, and cars run off the track as usual.

It is well enough for the public and legislators to caution companies to " beware," and " take heed," yet these casualties will occur, which result in severe contusions, broken limbs, burns, bruises, &c.

The Mexican Mustang Liniment,

Upon such occasions, is invaluable ! The wonderful effects of its soothing and healing properties have induced many, who have tried it, to always carry a bottle of it with them when they are travelling.

Frequent tests have proven it to be efficacious in curing Rheumatism, Piles, Scrofulous diseases, Cancers, Ulcers, Old Sores, Neuralgia, Toothache, Earache. &c. Also Spavin, Ring-bone, Scratches, Cracked Heels, Chafes, Galls, &c., on *Horses and other animals*. It is external in its application, and we GUARANTEE it to cure PERMANENTLY in every case for which we recommend it.

Many Physicians use it because they can depend upon it—so can their patients.

Farmers and Livery-stable Keepers.

Say they WILL have it, and will not be satisfied without it, after giving it a fair trial. Therefore we say to travellers upon highways and by-ways *use the Mustang Liniment* ! It has become so thoroughly introduced throughout the United States, British Possessions, and West Indies, that it is almost impossible to step off the cars at any Station without beholding the gay banner of the " Mustangs. "

The prices are as follows:—25 cents, 50 cents, and $1 per bottle ; the 50 cent being three times as large as the 25 cent size, and the $1 size nearly three times as large as the 50 cent size, so that the large bottles are cheapest.

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP, For Children Teething.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c. that attend this period of children, she recommends it as sure to produce the desired effect, giving *Rest to the Mother, and Relief and Health to the Infant.*

A child in Congress-Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrhœa after being given over by the attending Physician.

Mr. Blackman, of Eddington says, it has *never failed to cure* the Dysentery or Diarrhœa in children whenever used in the village. Lots of it is sold.

One parent informs me his child has suffered to an alarming extent, with Flatulence or Wind Cholic. Lately they have used the Soothing Syrup, and it always effects a *speedy cure.*

Hundreds of like instances might be enumerated.

PROOF POSITIVE.

Messrs. CURTIS & PERKINS:—Please send us a further supply of Soothing Syrup. We are selling large quantities of it, and from what we can learn, it is used with *uniform success*, both by children and adults, in all cases of Dysentry or Diarrhœa.

Yours respectfully,
W. D. CRUMBIE,
J. MORRILL.

New-York, July 10th, 1853, 318 Bowrey.

Hear the Brooklyn Daily Advertiser, of June 13th 1853.

We cheerfully comply with the request of a friend to insert the following letter which we are assured is from a lady of the first respectability, residing in Lowell, Mass., believing that a vast amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse:

Dear Sir:—I am happy to be able to certify to the efficiency of Mr. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to do so, I purchased a bottle of Soothing Syrup, in order to test the remedy, —and when given to the boy according to the directions, its effect upon him was like magic, he soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since; and the little fellow will pass through with comfort, the excruciating process of teething, by the sole aid of Mrs Winslow's Soothing Syrup. Every mother who regards the health and life of her children, should possess it. H. A. ALGER.

NEUROLOGY, or SCIATIC RHEUMATISM CURED.

This may certify, that for about four years I was seriously afflicted with a disease in the hip, which Physicians termed Neurology, or Sciatic Rheumatism, and resorted to various remedies without any permanent relief; have been under the care of a regular Physician for six months at a time. Last spring, had a very violent attack, which laid me up, when I made use of the *Cramp* and *Pain Killer*, prepared by Messrs. Curtis & Perkins, of Bangor. It gave me immediate relief; and I do not hesitate to say, that it is the best article I ever used. I cheerfully recommend it to all who may be afflicted with similar complaints. HENRY HUNT.

Stetson, Dec. 2, 1847.

Deacon Hunt, the signer of the foregoing certificate, is a man of undoubted veracity and high standing in the community.

N. B.—Be sure and call for Curtis & Perkins' Cramp and Pain Killer. As all others bearing this name are base imitations. Price 12½, 25, 37½ cts per bottle according to size.

Also for sale those pure

WILD CHERRY BITTERS,

For the cure of Bilious and Jaundice complaints, and general debility. They quicken the blood and give *new life* and energy to the *whole system*. Price *only* 37½ cents in *Pint* Bottles.

Likewise for sale as above,

HUNTER'S PULMONARY BALSAM.

Hear what the Daily Mercury of Bangor says of Doct. Pomroy.

Hunter's Balsam. It is not often that we *can* say anything favorable of patent medicines, on the testimony of those with whom we are acquainted, two have used and tested their merits. But in regard to Hunter's Balsam, put up by our fellow citizen, Jeremiah Curtis, Esq. we have the testimony of many of our own citizens and those of neighbouring towns, unanimous in its praise. The testimony of one individual with whom the public are acquainted, carries with it more weight than whole columns of certificates from strangers, whose faces we never saw, and whose certificates, for aught we know, may have been procured by fraud. See Dr. Benjamin L. Pomroy's testimony, in agent's hands, or

Hunter's Pulmonary Balsam.—To those afflicted with Coughs, Colds, Consumptions, Asthma, Spitting of Blood, and all affections of the Lungs, we recommend Hunter's Pulmonary Balsam. It is believed to be the best article ever yet invented for these complaints. Price 50 cts. a bottle.

INDIAN DISPEPSIA PILLS,

For cure of Costiveness, Acidity of the Stomach, Bilious Habits, Headache, Dizziness, Heart Burning, Pain in the Side. Lung and Liver Complaints.

DYSPEPSIA AND IDIGESTION,

With Costiveness, Acidity of the Stomach, Heart Burning, Bilious Complaints,—producing Headache, Pain in the side, Loss of Appetite, and general Debility,—can be remedied, removed, and entirely cured, by the use of the *Indian Dispepsia Pills.* These Pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dispepsia. They are a mild and gentle Cathartic, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate duties, with regularity.

COSTIVENESS.

Habitual Costiveness is, if not removed in time, a cause of more than half of the disorders and pains to which humanity is subject. The medicines too generally had recourse to, do more harm than good, as they weaken the peristaltic action of the bowels, and thus aggravate instead of removing the complaint.

Also, in all Bilious Diseases, attended with Pain in the Side and Right Shoulder Blade, with a dull, sallow countenance. In all Diarrheas,, Ague and iFever, Bilious Fever and sick headache, they are an nvaluable Remedy.

They will be found the best Family Physic in the world, purifying the blood, restoring the appetite, and leaving the stomach and bowels in a healthy state. Price 25 cents per box.

For purifying the Blood' we do not believe these Pills have their equal in the world.

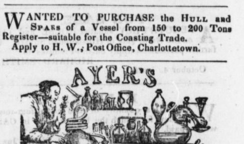
AYER'S



CHERRY PECTORAL,

For the rapid Cure of

COUGHS. COLDS, HOARSENESS, BRONCHITIS. WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following :—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug 4, 1853.

J. C. AYER. Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire succes, I was induced to try it on my little boy. I gave him a tea-spoon-full every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent.—For all affections of the Throat and Lungs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R.R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

Dr. J. C. AYER,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done, I take pleasure in selling it, because I know that I am giving my customers the worth of their money. and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect,
JOHN C. WHITLOCK.

Almost any number of certificates can be sent you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER. Sir ; This may certify that I have used your CHERRY PECTORAL for upwards of one year ; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfuliy,
D. A. McCULLIN, Attorney at Law.

Wilksbarre, Pa., September 28, 1850.

DR. J. C. AYER, My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,
