DAILY MARKET QUOTATIONS

SUMMARY By THE CANADIAN PRESS. Toronto: Market ahead; moderate trading.

New York: Market irregular to lower; trading slackens.

Montreal: Market higher; moderate trading.

NEW YORK

NEW YORK (AP)—Friday's stock market was pretty much a standoff as volume tapered off to the lowest level in more than three weeks.

Although more issues advanced than declined, the popular market barometers showed moderate trading, reflecting a somewhat softer tendency among the blue chips.

General Motors was the most active stock, down 1/4 at 67 1/4 on 65,000 shares.

Analysts ascribed GM's advance more to profit-taking than to any radical change in outlook for the giant motor maker, whose prospects for the year remain glowing.

Investment buying was drawn again to some of the oils. A. M. Petroleum, whose latest income statements were encouraging, drew some enthusiastic support.

The news background was not very inspiring. U.S. construction advanced 0.4 per cent, declined for the first time in 15 months.

The government reported that retail trade volume fell below year-ago levels in the latest week.

U.S. Jones industrial average dropped 1.17 to 717.15 and Standard and Poor's 500-stock index fell 0.25 to 270.34.

Volume totalled 4,070,000 shares compared with 5,030,000 a year ago.

Thursday, it was 4,700,000. The Associated Press average of 40 stocks declined 0.2 to 270.34.

Co-op Program Seen Needed For Indians

SASKATOON (CP)—Most of Canada's 200,000 treaty Indians could benefit from a co-op program for Arctic Eskimos was adopted for reservations, says John Melting of Toronto, executive director of the Indian Eskimo Association.

"In four years 16 Eskimo cooperatives have been formed with total business of \$500,000 last year," he said at the co-operative Union of Canada annual congress here.

"If this is possible for the Eskimos a comparable production of other food supplies with millions a year could be possible within a similar period."

The great majority of Indians now live in poverty and must be helped by public funds. The federal Indian affairs branch last year spent \$120,000 in direct aid to Indians.
