VARIETIES.

MORAL SUASION.—I was once staying at a farm in Berkshire county, the owner of which was terribly troubled by his dog Wolf killing his sheep. I determined to cure the dog. There was a ram on the farm as notorious for butting as the dog was for sheep-stealing, and who stood in as much need of moral suasion as the dog. I shut Wolf up in the barn with this old fellow; and the consequence was he never looked a sheep in the face again. The ram broke every bone in his body. Wonderfully uplifted was the ram aforesaid by his exploit; he was sure to pitch into whomsoever came nigh him. "I'll fix him," said I and so I did. I rigged an iron crowbar fouto; a hole in the barn, point foremost, and hung an old hat on the end of it. You can't always tell when you see a hat that there is a head in it or not; how then should a ram? Aries made at it full butt; but being a good marksman from long practice the bar broke in between his two horns, and came out at his tail.—This little admonition effectually cured him of butting.—*American Paper.*

A TEMPERANCE PALACE.—An arrangement is on foot amongst the friends of temperance, offended by the sale of wine, &c., at Sydenham, to purchase the Surrey Zoological Gardens, and to erect a large building of glass. We have not yet the precise particulars before us, but understand that it is proposed to raise £100,000 by 100,000 £1 shares, and that the gardens have been provisionally purchased for £25,000.

READING A LOVE LETTER.—An amusing incident of Hungarian simplicity is afforded by the following little story, told us by a friend, in whose words we give it:

Molly, our housemaid, is a model one, who handles the broomstick like a ceptre and who has an abhorrence for dirt, and a sympathy for soap-suds, that amounts to a passion. She is a bustling, busy, rosy-cheeked, bright-eyed, blundering Hibernian, who hovers about our book-shelves, making war upon our papers, and goes about thirsting for new worlds to conquer, in the shape of undusted and unrighted corners.

One day she entered our library in a confused and uncertain manner, quite different from her usual bustling way. She stood at the door with a letter between her thumb and finger, which she held at arm's length, as if she had a gunpowder plot in her grasp. In answer to our inquiries as to her business, she answered:

"An' it plase yer honer, I am a poor girl, and ha'nt much larnin', and ye sees, plase yer honer, Paddy O'Reilly, and the better than him dosen't brathe in ould Ireland, has been writin' of me a letther—a love letther, plase yer honor; an'—an'—"

We guessed at her embarrassment, and offered to relieve it by reading the letter. Still she hesitated, while she twisted a bit of raw cotton in her fingers.

"Shure," she resumed, "an' that's jist what I want, but it isn't a gentleman like yerself that would be knowing the secrets between us, and so," here she twisted the cotton quite nervously, "if it 'ill plase yer honor, while yer radeing it, so that yer may not hear it yerself, if ye'll *just put this bit of cotton in yer ears an' stop up yer hearin', and thin the sacrets 'ill be unknown to yer.*"

We hadn't the heart to refuse her, and with the gravest face possible, complied with her request; but often since, we have laughed heartily as we have related the incident.—*Exchange Paper.*

The number of post roads in the United States, authorized by the government, independant of steamboat, canal railroad, and plank road lines, which are declared post routes by general laws, is 7,541, of which total Pennsylvinia has the largest number of any one of the States, being 666, New York coming next with 600, Ohio 551, Illinois 485, and so on.

The Minnesotian says St. Anthony is growing rapidly this season. Men and capital are going in as they never came before, and new enterprises are starting forward daily. Never were the prospects of this village so encouraging as the present. The rich lands around that sheet of water, Lake Minnetonka, are being rapidly taken up.

THE MISSIPPI AT NIGHT—By night the scene is one of startling interest and magical splendour. Hundreds of lights are glancing in different directions, from the villages, towns, farms, aud plantations on shore, and from the magnificant "floating palaces" of steamers, that frequently look like moving mountains of light and flame, so brilliantly are these enormous river leviathans illuminated outside and inside. Indeed, the spectacle presented is like a dream of enchantment. Imagine steamer after steamer coming sweeping, sounding, thundering on, blazing with these thousands of lights, casting long brilliant reflections on the fast rolling waters beneath. There is often a number of them, one after another, like so many comets in Indian file. Some of these are so marvellously and dazzlingly lighted, they really look like Aladdin's palace on fire, (which it, in all likelihood, would be in America,) sent skurrying and dashing down the stream, while perhaps, just then all else is darkness around it. I delighted too, in seeing, as you very frequently do, the twinkling lights in the numerous cottages and homesteads dotted here and there; and you may often observe large wood fires lit on the banks looking like merry-making bon-fires. These, I believe, are usually signals for the different steamers to stop to take up passengers, goods, and animals.—*Lady E. S. Worthys' Travels in the United States in 1850–51.*

We cheerfully comply with the request of a friend to insert the following letter which we are assured is from a lady of the first respectability, residing in Lowell, Mass., believing that a vast amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse:

Dear Sir:—I am happy to be able to certify to the efficiency of Mr. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to do so, I purchased a bottle of Soothing Syrup, in order to test the remedy,—and when given to the boy according to the directions, its effect upon him was like magic, he soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since; and the little fellow will pass through with comfort, the excruciating process of teething, by the sole aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children, should possess it. H. A. ALGER.

Hunter's Balsam. It is not often that we can say anything favorable of patent medicines, on the testimony of those with whom we are acquainted, two have used and tested their merits. But in regard to Hunter's Balsam, put up by our fellow citizen, Jeremiah Curtis, Esq. we have the testimony of many of our own citizens and those of neighbouring towns, unanimous in its praise. The testimony of one individual with whom the public are acquainted, carries with it more weight than whole columns of certificates from strangers, whose faces we never saw, and whose certificates, for aught we know, may have been procured by fraud. DYSPEPSIA AND IDIGESTION,

With Costiveness, Acidity of the Stomach, Heart Burning, Bilious Complaints,—producing Headache, Pain in the side, Loss of Appetite, and general Debility,—can be remedied, removed, and entirely cured, by the use of the *Indian Dispepsia Pills.* These Pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dispepsia. They are a mild and gentle Cathartic, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate duties, with regularity.

COSTIVENESS.

Habitual Costiveness is, if not removed in time, a cause of more than half of the disorders and pains to which humanity is subject. The medicines too generally had recourse to, do more harm than good, as they weaken the peristaltic action of the bowels, and thus aggravate instead of removing the complaint.

Also, in all Bilious Diseases, attended with Pain in the Side and Right Shoulder Blade, with a dull, sallow countenance. In all Diarrheas,, Ague and iFever, Bilious Fever and sick headache, they are an nvaluable Remedy.

They will be found the best Family Physic in the world, purifying the blood, restoring the appetite, and leaving the stomach and bowels in a healthy state. Price 25 cents per box.

For purifying the Blood we do not believe these Pills have their equal in the world.

The saving of Time and Labour is so astonishingly great, that a WEEK'S WASH can be accomplished BEFORE BREAKFAST —no rubbing being required.

This wonderful Article is MORE SERVICEABLE THAN SOAP, as it produces a better and much quicker lather, and is adapted for purposes for which Soap cannot be safely or effectually used.

It will not injure the hands, or the most delicate material; but whilst it is incomparable for permanently whitening Linens, &c., after they have become discoloured by age, or injured by bad washing, it is also unsurpassable for improving the colors of FLANNELS, BLANKETS, WOOLLENS, COLORED PRINTS, MUSLIN and LACE.

The Far-famed Medicine!

HOLLOWAY'S PILLS.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following testimonial has been sent to Professor Holloway, by a gentleman named Middleton, of Scotland Road, Liverpool.

Sir,—Your Pills have been the means, under Providence, of restoring me to sound health, after five years of severe affliction. During the whole of that period, I have suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy, I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,
(Signed) H. MIDDLETON.

Dated Jan. 1st, 1853.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious complaints, I may mention the following case: A lady of this town, with whom I am personally acquainted for years, was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
(Signed) J. GAMIS.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM, AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE.

Copy of a Letter from Mr. W. Moon, of the Square, Winchester.

To Professor HOLLOWAY,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried everything that was recommended, and was attended by one of the most eminent surgeons in this town, but obtained no relief whatever; and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed, I have felt no return whatever of the complaint.

I am, Sir, your obliged Servant,
(Signed) W. MOON.

AN EXTRAORDINARY CURE OF DROPSY, AFTER SUFFERING FOR EIGHTEEN MONTHS.

Copy of a Letter from Mr. G. Briggs, Chemist Goole, dated February 15th, 1853.

To Professor HOLLOWAY,

Sir,—I have much pleasure in informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson, of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became necessary; notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re-established. If you deem this worthy of publicity, you are at liberty to use it.

These celebrated Pills are wonderfully efficacious in the following complaints.

Ague	Dropsy	Inflammation
Asthma	Dysentery	Jaundice
Bilious Complaints	Erysipelas	Liver Complaints
Blotches on the skin	Female Irregularities	Lumbago
Bowel Complaints	Fevers of all kinds	Piles
Cholics	Fits	Rheumatism
Constipation of the Bowels	Gout	Retention of Urine
Consumption	Head-ache	Scrofula, or King's Evil
Debiliity	Indigestion	Tumours
Sore Throats	Stone and Gravel	Worms of all kinds
Secondary Symptoms	Tic Doloureux	
Ulcers	Venereal Affections	
	Weakness, from whatever cause, &c.

CHERRY PECTORAL,
For the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following:—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire succes. I was induced to try it on my little boy. I gave him a tea-spoon-ful every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent.—For all affections of the Throat and Lungs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R.R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

Dr. J. C. AYER,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done, I take pleasure in selling it, because I know that I am giving my customers the worth of their money. and I feel gratified in seeing the benefit it confers.m

Please send me a further supply, and believe

Yours, with respect,
JOHN C. WHITLOCK.

Almost any number of certificates can be sent you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER. Sir; This may certify that I have used your CHERRY PECTORAL for upwards of one year; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfuliy,
D. A. McCULLIN, Attorney at Law.

Wilksbarre, Pa., September 28, 1850.

DR. J. C. AYER, My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation. Invariably recommend it for pulmonary affections, as do many of our principal physicians.
