The Colonial Herald,

AND

PRINCE EDWARD ISLAND ADVERTISER.

Vol. VI.] CHARLOTTETOWN, SATURDAY, JUNE 24, 1843. [No. 311.

PROSPECTUS OF A LIBERAL NEWSPAPER,

To be published in Charlottetown Twice a Week.

To the People of Prince Edward Island.

GENTLEMEN; The subject upon which we have to address you is one that so closely concerns the common interests of us all, that we do not hesitate to approach you with all the familiarity of a friend—all the boldness and manliness of spirit inseparable from an integrity of purpose and firm attachment to the truth. We have to address you on the propriety of establishing in this Colony a FREE and INDEPENDENT PRESS; and in doing so, we shall avoid the indulgence of that flippant flattery and servile dissimulation so common to a Prospectus, which is as useless as it is disgusting.

To assert that you have *no* such Press, is to assert that which you all know. It is notorious that the whole population of this Island—save a miserable, arrogant and purse-proud faction, draining the life-blood of the country, and insulting its emaciated form—have not the power of proclaiming their injuries and degradation, and establishing the tyranny and infamy of their rulers. That tyranny has existed for years, and still exists in more than its original deformity, and no journalist in the Colony has been found fearless and honest enough to expose and condemn it.

When you have to appeal to the Press of another Country to assert your rights and chastise your oppressors, there can be little doubt of the partiality, venality and corruption of your own, or, rather, that which calls itself yours. There can be little doubt, that truth and justice have been bartered for the smiles of placemen and the patronage of power, and that perfidy and apostacy by some are regarded with higher favour than constancy and integrity. To render such appeals unnecessary, we purpose to establish in this community a Semi-weekly Periodical, under the title of

The Palladium.

To this step we are encouraged by *your friends*—the *People's* friends—whose solicitations and assurances of support are too urgent and flattering to be disregarded or unacknowledged. The object of this paper will be, emphatically, the defence of your rights, and the promotion of your interests. "*This is not the "cause of party, or of faction, but the cause of every man in Bri-"tain.*" It will be its object to investigate and assail, if not remedy, the evils which have grown out of the Landocracy System, a system whose principle is "monopoly," whose effect is oppression; and wherever fraud or corruption may be found to exist, THE PALLADIUM will show itself its most uncompromising enemy.

To the Government, as at present constituted, THE PALLADIUM will present an opposing front, because it is unconstitutional and un-British—because it is the Government of an Oligarchy, and not that of a FREE PEOPLE, subsisting rather on the exercise of Military power than on the affections of the Colonists—and because it is a living lie on the system of Colonial Polity conceded by Her Majesty to her Provinces in America. We believe—we are sure—you desire an Administration based upon the uncorrupted principles of the British Constitution; and you have as good a right to such an Administration as the Provinces of Canada, Nova Scotia or New Brunswick. Though not so extensive in territory as either of her elder Sisters, the Island of Prince Edward has all the elements of national importance, in common with them; and the time has arrived when she should assert her claim to that position among these Colonies which her resources entitle her to maintain. And if we have life to execute the purpose we have in view, those claims shall not want an asserter or defender.

AGRICULTURE AND THE FISHERIES.

We are aware that the full development of the Agricultural and Fishing Resources of the Island is essential to its wealth and prosperity; and, in the discharge of our Editorial duties, these subjects shall often occupy our consideration.

NEWS.

A primary object of the PALLADIUM will be, to give a ready abstract of the latest News, from all parts of the world, as soon as it may reach our shores; and whenever it may be inconvenient to afford it through the columns of the regular publication, a Supplementary sheet will be employed

LITERATURE, &c.

The lovers of *les Belles Lettres* shall ever find an amusing and instructive Miscellany in those columns usually devoted to such matters.

THE PALLADIUM will be printed on a sheet nearly as large as any of the Island Papers, and will be issued *twice a week*, on the *mornings* of Monday and Thursday. The annual subscription will be *Fifteen* Shillings—exclusive of incidental expenses—payable half yearly in advance. Thus it will be the *cheapest* Paper ever published in the Colony.

The necessary Printing Materials will be received in the course of a few weeks; and as little delay as possible will then be made before the issue of the first number.

MOFFAT'S

VEGETABLE LIFE PILLS AND PHŒNIX BITTERS.

THESE superlative Family Medicines have long since acquired an established reputation for direct and invariable efficacy in all the prevalent and ordinary diseases, as well as in many others of a peculiar and aggravated character. Their virtues are proved by the voluntary testimonials of the persons they have cured, and who accompany their certificates with their names and places of residence These certificates now amount to thousands, being hundreds to each particular kind of disease. They embrace the most frightful and inveterate cases of *Scrofula, Piles, Dyspepsia, Jaundice, Bilious and Liver affections. acute and chronic Rheumatism, Asthma, Bronchitis, Scrofulus as well as Mucous Consumption, habitual Costiveness, Worms, Stomach and Bowel complaints* of all kinds, headache, giddiness and *nervous debility, eruptive diseases,* and the clouded, sallow, unhealthy appearance of the skin, arising from various causes of ill health, *Fever and Ague* of every variety, settled pains in the side, back, organs and limbs, humors, ulcers, *foul breath and inward fever,* night sweats, and general weakness and loss of *appetite,* the *mumps, swollen face and gums,* affections of the *bladder, kidney, spleen* and pleura, and the *sickness incidental to females,* together with very many other maladies which cannot be here enumerated. THE FAMILY LIFE MEDICINES.

THE celebrated *Life Pills* and *Phœnix Bitters,* prepared and sold by Dr. Wm. B. Moffat, 375, Broadway, New York, may now be said to be the most respectably established and extensively adopted family medicines in the United States. They have not only won the sanction and recommendation of all the candid and philanthropic portion of the medical profession, who have observed their invariable efficacy in general derangements of the stomach and bowels, and their astonishing effects in many varieties of acute and chronic disease, but whatis far better, these medicines have recommended themselves, andt fully and fairly achieved the distinguished and now certainly pre-eminent position which they now occupy in public and domestic estimation. They are proved by their works, and make no appeals to vulgar credulity. If the proprietor were disposed to make an invidious comparison between these self-established mdicines and any others, he might confidently assert and challenge contradiction that there is no medicine known to the medical profession, or named in their books, concerning which so many clear, unquestionable and conclusive evidences of usefulness and remarkable cures are recorded as those which he can adduce concerning the Life Pills and Phœnix Bitters. If it be admitted that sufferers are the best judges as to whether a remedy has relieved them and restored them to health and strength, then is the evidence in behalf of these medicines decisive and irresistible. Dr. Moffat is in possession of an immense accumulation of voluntary testimonials from respectable persons and families in all parts of the Union, far and near, who give heir names and residence to the unsolicited statement that they have been completely and speedily cured of the following diseases, and of many others not here enumerated, by these Life Medicines alone, when other medicines had been long employed in vain, viz: Scrofula, in its most dreadfully advanced and destructive stages, when large portions of the flesh and bones of the face had been destroyed; Piles of five, ten, twenty, thirty and even thirty-five years standing; Rheumatism, both acute and chronic, of the most hopeless character; Turgescence of the Liver, and various other liver complaints; Bilious Cholic, and every conceivable variety of bilious affections; Marasmus Tabes, or Decline, and Marasmus Phthisic, or Consumption, in more advanced stages than any on record; Dyspepsia, in all its chronic and acute varieties, with its frightful train of distressing symptoms; Worms of all kinds, both in children and grown persons. Dirrhœa, both serious and bilious; Costiveness, both habitual and occasional; Fever and Ague, in its three principal varieties, and intermittent and remittent fevers, of all kinds; Hypocondriosis, and other extremely complicated nervous affections, with nervous debility in general; Salt Rheum, Running Scald, and eruptive diseases generally, including Enanthesis, Erysipelas or St. Anthony's fire, and sallow, unhealthy complexion; Palpitation of the heart, and Determination of blood to the head, settled pains in the organs, limbs, back, head and side; affections of the bladder, kidnies, spleen, throat, and pleura; jaundice, dropsy and gout; together with those general affections of the system which arise from complicated causes.

The certificates of these cures are in the proprietor's possession, and will readily be shown to all who desire to see them. A small selection from them have been published in Moffat's Medical Manual, of which a new and enlarged edition is preparing for the press. The reason why these medicines, which in ordinary family use operate merely as mild and effectual laxatives, cure so great a variety of formidable diseaseses, that while as cathartics, cleansing the alimentary canal, and relieving the liver and the absorbent vessels of all impurities, they lay the foundation for the cure of all specific diseases, they are compounded of unique and unprecedented variety of choice and exquisite ingredients, some of which are almost unknown to the profession, which exert a specific action upon many complaints, without in the slightest degree affecting the general system, otherwise than as simple purifiers, when those complaints are not present. Both the Pills and the Bitters are mild and agreeable in their operations, causing neither prostrations nor nausea, and requiring neither confinement nor peculiar diet. Their effects are uniformly to produce an immediate sense of renovated health, and new life and vigour to both body and mind. They cannot be taken without benefit, and they should be procured both by individuals and heads of families, and constantly kept on hand not only as remedies but as preventatives of disease. They are prepared and sold wholesale and retail, by Dr. William B. Moffat, 375 Broadway, N. Y., and also by the AGENTS.—NEW YORK May 30.
