feeding a little girl with sunny braids gave us tidings of its happenings. "There are tulips in bloom now, pink, white and mavericks of red and yellow, left thus because of their visitors of bees. There is a sitting turkey... the fertilizer came... a funny meatman called... we planted 'Glads' and..."

There is really no end to the news of farm now as days continue delights of the May-month. Jamie paused in his choring this evening, eyes wistful as they rested on the windings of mill-stream. "A fellow doesn't seem to get much time now for fishing," he mumbled. "One of these times I'm going to slip away, all by myself," he smiled. "I know a place where I'd like to wet a line!" "What is that stuff in the bread-box, Ellen?" It is James evidently feeling some gnawing pang from the inner man, before his retiring. "Cinnamon bread!" "And is there any milk about?" "A time for lunch it is... So many 'times' there are, now, and since ever the world began! Until tomorrow... Diary... Good-night...."

That Body Of Yours

mones found in blood and urine. Fortunately, the young patient is so concerned about the unsightly pimples that he or she is only too willing to follow faithfully the advice of the physician or a skin specialist. This "help" from the physician, knowing that something is being done to correct the condition, raises the morale of the patient so that his general health improves, which is an important part

of the successful treatment. "Local treatment includes cleaning; most soaps will suffice although the drying-up effect is increased by the addition of sulphur, following the cosmetic lotions containing sulphur and resorcin or salicylic acid may be applied. Ointments and oily preparations should be strictly avoided; this applies to hair lotions also." These physicians advise that while starch and fat foods may be decreased, there is the danger that if reduced too much there may be too much loss of weight. Chocolate

MORE POTATOES BETTER POTATOES

When you use C-O-C-S Niatox, your potato plants are fully protected against early and late blight, and your plants are sure to be free from damage from potato beetle, leaf hopper and flea beetle damage.

C-O-C-S NIATOX DOES MORE
What makes your potato plants produce more and better potatoes is this—C-O-C-S is a special fungicide that keeps the whole plant in perfect growing condition right up to harvest. The better the growth, the better the crop.

and rich spicy foods should be decreased. Acne occurs when the sex glands are maturing; this factor is important and should be carefully studied. Vitamin A is recommended by most specialists as it helps to remove upper layer of scales from the skin. "Emotional stability may be induced by reassurance and cosmetic creams to cover the pimples." The family physician should fully understand the mental as well as the physical aspects of his patient with acne. Vitamin D is often helpful in treatment of acne. Ten to twenty drops of viosterol daily should show results in six weeks if this treatment is likely to be successful.
