FASHIONS OF TO-DAY.

CHARMING EVENING GOWNS FOR YOUNG GIRLS.

Brightness of Color a Startling Feature in Children's Costume-Red is a Favorite Both for House and Street Dresses.

In children's costumes the most striking feature seems to be brightness of color. Never were children dressed as conspicuously as now, both as regards the hues seen in their clothing and the amount of decoration of all this bright fabric.

Red, whether in serge, cashmere or tulle, is seen in many of the best dresses, as also in those used for walking. Red storm serge with a decoration of black silk galloon is one of the most fashionable of all trims worn by girls from 10 to 14.

The shapes show a round waist and many jacket tops, as also the crossover waist, and in some instances, the Grecian; but this is more especially for little girls, although it is also used for girls of 10. The slightly pointed bodice is seen with best dresses for young girls.

There is a new trimming which is very useful for children's garments. It is a sort of applique of satin over a foundation of down. It washes well and is a good substitute for fur. It is in favor with the doctors, as there is no fluffy material to enter the lungs.

Miniver and ermine have been most exquisitely imitated in wool in both knitting and crocheting. It is sold in all widths and these imitations furnish themselves admirably to the copy of picturesque coats and gowns in which the little people are most often arrayed.

Some of the little party frocks this winter are made of spotted nets, with silk linings, but they wash easily, no sticks is needed, and they should be allowed to dry soft. They are generally made up over cream, or some light-tinted silk. I have seen little frocks of this kind made for children from 3 to 13.

Mr. Branscomb's home is in Chipman, Queens Co., N. B. It was there that a representative of the Grocer company called upon him, Sept. 1st, of the present year.

His greeting was most cordial. He gladly acknowledged his thanks, giving expression to the following statement: "It is five years since I first became afflicted with a form of indigestion. Last winter it became more severe, developing into chronic diarrhoea. I cannot tell you how much I suffered for six long weeks. It seemed as though relief could not be found. You will remember how I told you of my condition and asked your advice about taking a bottle of GRODER'S SYRUP. You told me that the medicine was a laxative and might not meet my needs. I delayed buying for a few hours until I began to hope that it would help me. Even my clothes seemed a burden because of bloating of stomach. It was with difficulty that I kept about sufficiently to attend to my business.

But I am a well man now from the use of your remedy. In three days after I bought GRODER'S SYRUP the terrible pain and distress across my stomach were removed. My bowels rapidly assumed a natural, healthy condition. Now I eat and drink as well as I ever could. I have gained constantly in flesh since March last. I am perfectly cured. It seems a duty for me to state my case fully, that others who suffer as I did may know where to find a cure."

Truly yours, E. A. BRANSCOMB.

PHYSICAL TRAINING OF WOMEN. Gymnastic Instruction at the New York Ladies' Athletic Club. Physical culture is becoming more and more popular among women, and now the Ladies' Athletic Club has, in response to the suggestion of many friends, organized a class for mature women, where light exercises, calculated to produce health, will be given.

Among the innovations this year is hurdle jumping under a regular instruction, and a dry swimming machine, which has lately been invented, is soon to be introduced among the apparatus.

Over Fifty Years. An Old And Well Tried Remedy. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success.

Having enlarged and improved the large store lately occupied by Messrs. J. D. McLeod & Co., we contemplate moving into next Thursday. Come early, the stock will be great. Clothing, records, etc., cheaper than ever. -McKay Warden, Dec. 5 '93.

Testing His Honesty. Your druggist is honest if when you ask him for a bottle of Scott's Emulsion he gives you just what you ask for. He knows this is the best form in which to take cod liver oil.

CAPTAIN JOHN R. HIRE, of schooner Lillian, says: "I was suffering with inflammation of the chest, brought on by exposure at sea. Took a good supply of Putner's Emulsion, which perfectly cured me. It has given me a new set of lungs."

WARD off the cholera by getting your system in healthy working condition. Hawker's Nerve and Stomach Tonic, with a course also of Hawker's Pills, will excite every organ of the body to healthy action and afford the surest safeguard against disease.

How a Queens County Man Found Permanent Healing.

His Own Experience Tells Fully and Freely some Truths which all Readers of this Paper Should Know.

Here and there, in almost every town of our province, are "chronic" cases over which doctors disagree; cases that become worse year after year. It is to reach such that the gentleman to whom these lines refer, and whose portrait is here given, has written the story of his case.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substance for Paregoric, Drops, Soothing Syrup, and Castor Oil.

Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."

Castoria is the Children's Panacea-The Mother's Friend.

Castoria. "Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
