LORD DUFFERIN

Bright in presence, cheery and genial in manner, full of knowledge and of untiring industry, Lord Dufferin may be said to occupy a first place in the second rank of colonial administrators. He is not a statesman of the same calibre as Lord Northbrook; he rather resembles Lord Northbrook's predecessor, Lord Mayo.

And they did not carry an umbrella in the street as we do; but one was kept hanging in the hall of stylish mansions, and held by a servant over visitors as they passed to and from their carriages.
