Western Locals

—This column is reserved for news of local interest but advertising of a purely nature may be inserted at a cost a word strictly payable in advance.

—USE FORMALIN FOR SMUT. bichloride for potatoes. Taylor Drug Co., Kensington.

—KENSINGTON CLUB loading livestock Tuesday afternoon, May 12th. L-4626-5-9-11.

—TREAT YOUR GRAIN with Formalin, your potatoes with Bichloride. Taylor Drug Co., Kensington.

—PLAY "CLIMBING ROSES" advertised for Central Bodeque Hall on Tuesday evening is cancelled until further notice. L-4676

—SEEDS, SEEDS, ORDER NOW at Brace's while our stock is complete and of the very best quality. L-4025

—NORTH BEDEQUE DRAMATIC CLUB will present their three act play, "Climbing Roses," in Try-on Baptist Hall on Monday, May 18th, Sale of candy, Specialties, Adm. 25c and 15c. L-4678

—SUCCESSFUL OPERATION—Miss Vivian Hope, Kensington, was successfully operated on for appendicitis, in the Prince County Hospital, recently. Latest reports are she is doing as well as could be expected.—B

—THE SHERBROOKE DRAMATIC CLUB will present their three act comedy drama in Cape Travere Hall Tuesday, May 12. Curtain rises at 8 o'clock. Good specialties. Admission 25c and 15c. If not fine, the following night. L-4673

—IN HOSPITAL—The many friends of Mr. James A. Ready, Kensington, deeply regret his indisposition, which necessitated his removal to the Prince County Hospital, Summerside, for treatment. All hope before long to hear his cheery greeting again, as usual.—B

—SHIPPING AVERAGE HIGH—Shipping in Summerside during the past week took on proportions far above average for the time of year. Among the vessels which visited this western Island port were S. S. Lalla, with fertilizer; the Picot County with general freight and the schooner Clarisse also with fertilizer.

—FUR PRICES GOOD—The New York Auction Company's spring fur sale was marked by firmness in prices with full and half-silvers in greatest demand, according to word received in Summerside. Top price for furs was \$325; for halves, \$75, and three-quarters top price was \$94. Generally, prices were from 10 to 15 per cent better than the previous sale.

—INADVERTENTLY OMITTED—In the account of Operetta, "King Cole, Merry Old Soul," staged at Kensington last Friday evening, we regret the names of several of the children also taking part, were inadvertently omitted; Little Bo-Peep, shepherding her sheep was Gladys LeBlanc; the two croaking frogs hopping around, imitating trying to annoy the fairies were Leonard and Wendell Kilbridge; the nimble dancing Elf disporting himself at night, during the fairy dances was Charlie Gorman, while the Bunny, a-hiding of his eggs was Ewood Dunning.—B

—Miss Lillian Pidgeon, R. N., Kensington, left last week for Montreal, with a patient, Mrs. John W. Hoeg, of Summerside, who is undergoing hospital treatment.—B

RELIEF PROBLEM OCCUPIES GOVERNMENT

House Expected To Conclude Budget Debate Tuesday.

(C. P. By Guardian's Special Wire) OTTAWA, May 10—Relief agreements with the provinces based upon the new legislation which Royal assent was given Friday, will be the main occupation of the Government outside the House of Commons during the week, and those with Ontario and Manitoba probably will be the first signed.

Prime Minister Mackenzie King is expected to announce shortly the make-up of the national commission on employment and relief for which legislation was passed before the Easter recess. So far the only announcement in this respect has been the selection of Arthur B. Purvis of Montreal as chairman of the commission. There are six additional members to be appointed.

In the House of Commons last week the budget debate took priority and all the leaders have spoken. It is expected a vote will be reached by Tuesday next and the House will then go into committee of the whole to pass the necessary resolutions upon which will be based tariff and tax changes proposed.

The only amendment proposed was that of the Co-operative Commonwealth Federation which has seven members in the House. It was to the effect that the policies proposed should be changed to conform with the C. C. F. idea of using the instruments of production for the benefit of those who produce.

Committees were active during the week with special interest attaching to those on radio, railways and shipping, elections and franchise, pensions, and industrial relations. It is anticipated that legislation will be introduced based upon the report of all these committees.

With the exception of the railway committee, none apparently is near a position where it may render a final report to Parliament.

Railway legislation, designed to replace the present Canadian National Board of three trustees with a seven-man directorate, is still before the Commons for second reading. There is a possibility it will be sent to the special committee on railways which would prolong the activities of that body.

Announce Dates Of Mount Allison Closing Exercises

(C. P. By Guardian's Special Wire) SACKVILLE, N. B., May 10—The closing exercises of Mount Allison Institution will start Friday, May 15, and conclude Tuesday, May 19, followed by a meeting of the board of regents on Wednesday, May 20. Graduation exercises of the three institutions—the Academy, University and Ladies College—will be on May 19.

Kidnapper Given 60 Year Term

(A. P. By Guardian's Special Wire) TACOMA, Wash., May 10—In a prison without walls, gaunt William Mahan resumed as a kidnapper today the convict life he first learned as a bank robber.

He began a 60-year term—"quite a job" with his first job—after pleading guilty yesterday to the \$200,000 ransom kidnaping of little George Weyerhaeuser, timber fortune heir.

The scar-faced Mahan started his term at McNeil Island, regarded as "escape proof" because it is in Puget Sound.

Mahan, captured last Thursday in San Francisco, pleaded guilty yesterday to two "Kidnabber Law" kidnap counts and was sentenced immediately. Two hours later he was in prison.

Refuses To Sign Cheque For City's Electric Bill

PORT OF SPAIN, Trinidad, May 10—The long campaign by the Municipality of Port of Spain to gain control of the Nova Scotia owned Trinidad Electric Company look a new turn over the weekend when Mayor A. A. Cipriani refused to sign a cheque for the city's monthly electric bill.

BLUM ACCEPTS PREMIERSHIP

Will Lead Popular Front In Governing France.

PARIS, May 10—Leon Blum, leader of the Socialist party, tonight announced he would accept the premiership and would actively lead the Leftist Popular Front, expected to govern France after June 1.

The announcement was made before the National Council of the Socialist party, which had just approved a resolution calling on all workers, proletarian groups and left parties to support the new regime.

Fearing no possible defections by Radical Socialists, Socialists and Communists when the Popular Front takes power, the national council's resolution appealed to all groups to keep faith with the coalition and collaborate in the forthcoming Left cabinet. If any group fails to cooperate, the Socialists indicated they would assume full responsibility of government themselves.

The announcement ended the uncertainty surrounding the identity of France's probable next premier. Vincent Auriol, one of Blum's ablest lieutenants who was mentioned as possible premier, probably will take the finance portfolio, it was said.

Aberhart Denies New Interest Tax Planned

(C. P. By Guardian's Special Wire) LETHBRIDGE, Alta., May 10—The Alberta government is planning a tax on interest which, it has been estimated, would yield the province \$25,000,000 annually, according to O. Haslam, K.C., (S.C., Nanton).

Speaking at Nanton Friday night Mr. Haslam said a bill would be introduced at the next session of the legislature providing for it.

"The bill," he said, "would tax interest at least 50 per cent and in my opinion would bring in more than \$26,000,000 a year. From this source alone a reasonable Social Credit dividend could be paid."

In Calgary yesterday, Premier William Aberhart said: "No such proposal has ever been discussed by the government and if such action is being contemplated I haven't heard anything about it."

General Strike Called In Greece

(C. P. Havas) (By Guardian's Special Wire) ATHENS, May 10—A nation-wide general strike was called here tonight by Greek labor organizations in sympathy with the strikers at Salonika, where 22 were killed and 250 wounded in clashes with police yesterday.

The walkout was set for five a.m. tomorrow. Premier John Metaxas immediately called a meeting of several of his cabinet ministers. The Athens chief of police also attended.

As a precautionary measure Premier Metaxas issued an order forbidding any meetings in or near Athens tomorrow. Special authorization must be obtained by theatres and movie houses to remain open.

GORDON FIFE, Soldier of Fortune

PLANT TO SCALE MT. WADDINGTON

(C. P. By Guardian's Special Wire) VANCOUVER, May 10—While a British expedition prepared for another assault upon Mount Everest, Pacific Coast mountaineers today turned their eyes to "unscaleable" Mount Waddington.

Once known as "mystery mountain," Waddington towers highest in the Coast Range, 13,260 feet, with a sheer peak which has turned back 13 attempts to climb it and has taken one life.

William F. Dobson, president of the British Columbia Mountaineering Club, will head a 12 man party attempting to climb Waddington in early July. The personnel not yet determined, will be chosen from the finest mountaineers in Vancouver and probably will include two Sierra Club climbers from San Francisco. They will supplement the ice and snow technique of the Vancouver men with a highly developed knowledge of rock work and use of pilons.

A Sierra Club party which tackled the mountain in 1935 declared the region the most heavily glaciated in the world. The pilons they use are short, eyed spikes of tempered steel which are driven into rock crevices on precipitous faces.

Special training for prospective civil servants has been provided by the University of London (England) and Harvard and Chicago Universities in the United States but Dalhousie is the first in Canada to take up this branch of education.

Teaching resources in the faculties of arts, law and medicine will be pooled to provide for this course. Although falling under the direction of the department of political science, classes will be included from the related fields of history, economics, law, commerce, public health and special classes in public administration.

American Doctors Discuss Decline In Birth Rate

KANSAS CITY, May 10—Lord Horder, physician to King Edward, put his anti-natal campaign in the background today to discuss the declining birth rate of western nations.

Lord Horder, accompanied by Dr. Morris Fishbein, editor of the American Medical Association Journal, was in the vanguard of 6,000 American doctors gathering here for their 87th annual convention tomorrow.

"One factor in the lowering birth rate undoubtedly is the tenderness of many women who are healthy and have healthy husbands but who shrink from facing the work which is woman's chief function," Lord Horder said. "They refuse to bear children either because of psychological aversion to risk and pain or from thinly disguised selfishness. They can't be bothered."

Help Kidneys

If you suffer from Getting Up Night, Nervousness, Leg Pain, Swollen Ankles, Headaches, Loss of Pop, Burning, Smarting, Itching Acidity, Kidney or Bladder troubles, try the Doctor's prescription Cystex (Silas-tex). Cystex is a safe, effective, and easy to take in days or money back. Cystex costs only 20¢ a dose at druggists.

Failed To Obtain Provision For Surfacing Roads

"Fifty-fifty" Basis Discontinued By King Government, Which Offers Only To Pay For Sub Grading.

No provision for hard-surfacing roads this year has been made with the Dominion Government, Premier Campbell announced on Saturday following a meeting of the Executive Council at which tentative federal proposals for unemployment relief were discussed. A sum of \$45,000, he states, is offered by the Federal Government, but only as a contribution towards sub-grading preparatory to hard surfacing.

A renewal of the grant for the Rustico (McLure) highway has been obtained, of \$85,000; also \$4,950 for completion of the small unfinished portion of the Borden highway.

For the Victoria Park sea wall the Federal Government is contributing \$4,000, the Provincial Government to contribute \$4,000, and the City \$3,000.

For the Summerside Water Street sea wall, the Dominion will contribute \$5,000, the province \$5,000 and the Town of Summerside \$10,000.

There is a federal grant of \$4,000 towards the completion of the Parliament Building, also grants for West River Bridge, improvement of a dangerous portion of the road at Portage Lake, and "a number of other projects." The conditions under which these grants are to be paid have not been announced.

As stated in Saturday's Guardian, the federal supplementary estimates include a vote of \$40,000 for a National Park in this Province, also \$85,000 for repairs to wharves, dredging, harbor improvements, etc.

Steel Shipments Show Increase

(A. P. By Guardian's Special Wire) NEW YORK, May 10.—United States Steel Corp. reported yesterday an increase of 196,555 tons in shipments of finished steel products in April.

Last month's total was 979,907 tons, the highest for April since 1930 and compared with 783,552 tons in March and 591,728 in April, 1935.

For four months ended April 30, shipments totalled 3,161,188 tons compared with 2,376,976 tons in the first four months last year.

French Olympic Participation Up To New Govt.

(A. P. By Guardian's Special Wire) PARIS, May 10.—The question of French participation in the Olympic Games at Berlin this summer will be left to the new government which is to take office around June 1.

The present government refused yesterday to agree to French participation. Political circles said they believed it "extremely doubtful" the new Leftist Chamber of Deputies and government would agree to credits necessary to send a team to Germany.

Prior to the recent French elections, Left extremists organized many demonstrations against France's participation in the games at Berlin, urging a boycott as an "anti-Fascist" gesture.

Leftist sources said the new government's position would be "most difficult," as the right opposition might make the games a political issue.

After Germany remilitarized the Rhineland a French official predicted the Olympic Games would collapse.

"France," he said, "undoubtedly will refuse to send a team to Berlin, and Great Britain, Italy and Belgium (the other nations adhering to the Locarno treaty which Germany violated) probably will follow suit."

Aramand Massey, president of the French Olympic committee, said after the Rhineland remilitarization that the question of France's participation in the Olympics was "one of diplomacy, not sports."

STARTS COMEBACK

(A. P. By Guardian's Special Wire) BUENOS AIRES, May 10.—Luis Angel Firpo, the one-time "Wild Bull of the Pampas" who battled Jack Dempsey for the heavyweight championship, started a comeback campaign Saturday by knocking out Saverio Grizzo, overseas Italian fighter, in the first round of a scheduled 12-round bout.
