TOFINO, B.C. (CP)—The fishing boat Centennial, which disappeared Saturday off this town on the west coast of Vancouver Island, may have carried five or more persons. Pieces of wreckage have been found on a beach near here, but no survivors. When the boat disappeared it was reported to have carried only two men, Monday night it was established that 55-year-old MacPherson George, his son Wilfrid, 31, and David Jacobsen were also on the Centennial. A woman reported to have been aboard has not yet been traced.

### Inquiry Into Grand Falls Shooting Affair Adjourned

GRAND FALLS, Nfld. (CP)—A three-day magisterial inquiry into the Nov. 7 shooting death of Const. Terrance Hoey of Peterborough, Ont., and the deaths of two Chinese-Canadians adjourned here Thursday after four more witnesses testified.

A court official said hearings will resume "shortly" in St. John's, Nfld., where two government pathologists will release the results of an autopsy performed on the bodies of James Ling, 52, and his 21-year-old son Kenneth.

Const. Hoey was killed by a shot fired through a closed bedroom door while he and Const. A. A. Bowen investigated a report that James Ling had barricaded himself for four days in the upstairs living quarters of his nearby Botwood restaurant.

When police finally broke into the room they found the Lings dead on the floor. Earlier in the inquiry a witness said the Lings did not get along well together. Another said Ling barricaded himself in the restaurant on several occasions.

Garage owner B. J. Elliott of Botwood said Thursday he had known Ling since 1940. Ling appeared to be "high strung and always under pressure."

A witness said earlier Ling had

## Commonwealth Curbs On Canadian Goods Easing

By HAROLD MORRISON  
OTTAWA (CP)—The tough core of Commonwealth import curbs against Canadian goods is beginning to crack and officials estimate a big chunk of these post-war restrictions might be swept away in 1959.

After progressively stripping most of her less vital curbs, Britain took what Canadian experts considered was a major step last Sept. when she eliminated restrictions on salmon, newsprint and machinery from the dollar area, such as Canada and the United States, and pledged to start stripping curbs on consumer goods next year.

This action, taken at the Commonwealth economic conference at Montreal, was accompanied by

an invitation that other Commonwealth groups in the sterling area should follow to meet the Canadian appeal for less discrimination for Canadian products in Commonwealth markets.

Australia soon after announced removal of curbs on chemicals from Canada and the U.S., and New Zealand disclosed her restrictions would be reduced generally in 1959.

Now Malaya has come through with a decision that starting with the new year, 23 categories of goods—from synthetic clothing to trucks and buses—would be freed from controls on imports from dollar-area countries.

The Malayan government, in announcing this Wednesday, indicated the step was a result of the Commonwealth conference

and hinted that further steps may be taken later.

Some crumbling of the curbs among United Kingdom colonies, including the West Indies federation, is expected by Canadian officials early in 1959.

And in addition some other advantages may develop from a new Canadian-Australian trade agreement to be negotiated at Canberra in January or February.

Canadian authorities said they will keep pressing for further reductions of the import quotas, arguing that the reason for this trade discrimination—a critical shortage of dollars in the sterling area—had disappeared a lot faster than the discrimination itself. Officials are pleased with progress so far.

### Fluoridation In S' Side Supported By Men's Club

SUMMERSIDE — The Summerside Y's Men's Club at a regular weekly meeting held last night at the Y Center passed a resolution in favor of fluoridation and resolved that a copy of such a resolution be forwarded to the Summerside Town Council.

Dr. Hillard Clark addressed the group at last night's meeting and pointed out the beneficial results of fluoridation where this system has been in effect for some years.

He was introduced by Arthur Holland and thanked by Frank Cameron.

Following the address a question and answer period was held during which Dr. Clark answered all questions on the subject.

Guests present were David Lee of Summerside High School, Carl Moase and Arthur Johnson.

Chairman of the meeting was Thomas Phillips and song leader was Mr. Pickard with John Leuty at the piano.

A number of Y's Men volunteered to assist in the life savers sale on Friday evening. This canvass is to be carried out by the Hi Y group and was reported on by John Ellis.

It was reported by David Morrison that the nativity scene would be all erected by this week end and it is hoped that suitable music will be provided for the project.

George Clarke reported that the sound proofing of the Boy

Scout section of the Center would be completed before the new year.

In response to a letter received by Charles Linkletter, a donation of \$15.00 was voted toward a Korean Y's Men's Club to assist in a Christmas party for 40 orphans.

A donation was also made to the international association for world outlook work in various countries.

### Japanese Firms Are Annoyed By Tariff Threats

OTTAWA (CP)—Japanese textile exporters said Thursday that steep tariff increases proposed by Canadian dress manufacturers are "startling" and "unbelievable" and warned they may boomerang in the two-way street of international trade.

The increases proposed by the Montreal Dress Manufacturers' Guild "would set Canada apart with probably the highest tariffs for silk and synthetic textile products in the world," said a Japanese brief to the Canadian Tariff Board.

The guild brief represents both Toronto and Montreal dress and sportswear producers, bulk of the Canadian industry. The tariff board, continuing a series of hearings into textiles and textile products, concluded sessions Thursday on man-made fibre fabrics and products and starts Monday on the synthetic cord used in the automobile tire industry.

SAUREL SMASHES UP ICE

### Saurel Breaks Through Ice To Free Trapped Freighter

SUMMERSIDE — At dusk last evening the C.G.S. Saurel, which had spent the afternoon breaking a path through the harbour ice, escorted the freighter Ebbaa from the Summerside Marine Wharf, into Northumberland Strait enroute to Souris where it is hoped the balance of the cargo can be completed.

Plagued by almost a week of low temperatures which prevented loading operations and steadily thickened the ice in the harbour, only 29,000 of the intended 70,000 bags had been loaded when concern of the shippers for the departure of the ice-bound ship, caused them to seek assistance from the Saurel in an endeavour to free the ship.

The 41,000 bags still in storage warehouses at Summerside will now have to be shipped by rail to Souris at a reported rail cost of 27 cents a bag. One of the shippers concerned said last evening that this cost was only four cents a bag less than the rail cost for shipment to Halifax.

It is said that if the cargo

can be completed at Souris as planned this unexpected development will add more than \$11,000 to the normal shipping costs.

The shippers who are supplying the cargo are MacFarlane Produce Co. Ltd. Simmons and MacFarlane Ltd., Producers Co-Op, and H. B. Willis Inc.

### Extract Case Is Adjourned

SUMMERSIDE — The trial of a Free-land man charged with illegal sale of intoxicating liquor (orange extract) was adjourned to Thursday for judgement in Magistrate's Court here yesterday.

Evidence was given in the case by Walter Smith of Conway and the accused.

Magistrate R. S. Hinton, Q.C. presided.

Also on the docket were four residents of Tignish charged with being intoxicated in a public place. The men pleaded guilty and were fined \$20 and costs.

### R.C.A.F. Parish Council Holds Monthly Meeting

SUMMERSIDE — The RCAF Parish Council of the Catholic Women's League, held its regular monthly meeting December 8th., with the president, Mrs. C. A. Vivian, in the chair.

Mrs. A. MacQueen, spiritual convener, asked that all members be present at the chapel on Monday, December 15th, for recitation of the Rosary. These prayers are to be offered for lapsed Catholics.

Mrs. G. Duquette, social welfare convener, who will be leaving the station early in the new year, tendered her resignation.

Mrs. E. Hibbard was appointed new convener. Mrs. Duquette was highly commended by both the spiritual director, Rev. J. W. MacGillivray, and the president for her many efforts and splendid work in connection with social welfare.

The show "Old Yeller" at the station theatre on November 26th, realized approximately \$70.00.

Quilt patches and material for aprons were given members in connection with the bazaar.

Any secondhand toys in a usable condition may be left with Mrs. Duquette for redistribution to the "adopted" families at Christmas.

A committee was formed to act in conjunction with the chapel committee in preparing a Christmas party for the Sunday School classes.

Visiting committee for the month of December is Mrs. E. Ryan and Mrs. C. A. Vivian.

Father MacGillivray stated that special envelopes had been obtained for the Christmas collection and these will be distributed to each family in the parish. He also recommended that members meet once a month for recitation of the Rosary.
