

# Kleaner's Klosit

By Ed Orłowski

As everyone knows, (that is, everyone that's in the know) Kleaner wears a Genuine Russian asbestos fur flinger with ouiji board slapperletts. He hangs in the Kleaners Losit in the Cass Chemistry Building where it always has ... until ... an X-Engineer, now a Chemistry Senior called "Dave", took the notion 'in the name of Chemistry of course', to give the Kleaner's Genuine Russian asbestos fur flinger cap with ouiji board slapperletts, a pink of water. That was of course all right, the Kleaner himself does this occasionally, but this guy Dave Mac., the X-Engineer, now Chemistry Major, gave the Genuine Russian asbestos fur flinger cap with ouiji board slapperletts a bath in used water. Now that's a non-no for when the hat hit the bucket, it instantly became dirticated, and sank under the attack of the grubbies in the muggy bubbly water of the sluggy bucket, which the Kleaner uses for the floor on the main floor of the beautiful and Exotic Cass Chemistry Building. 'Big Dave', was very apologetic, when he brought the Genuine Russian asbestos fur flinger cap with the ouiji board slapperletts to the Kleaner. The Kleaner shrieked with horror, at the drowned house use effect which he saw when he looked at his dear friend and constant winter companion. "Is he alive?", waked the Kleaner, "Is he still alive???" Dave hung his head at the 45 degree angle traditional stance

which denotes sincere sympathy in a Chemistry Senior. "I don't know Kleaner, I don't know, I can't tell!, how do you tell?" "Well, Davie Baby," the Kleaner said, "How long was he under the mirkey muggy bubbly dirty grubbies ...?" "I don't know Kleaner, I lost all track of time, I put the back of my hand on my cheek, it felt hot, so I ran into the washroom and looked in the mirror, I knew that I was excited ... my checks were really a flushey red colour, boy was I excited ... so I ran back to the klosit quickly took a clean cloth and wiped out as much of the mirkey muggie bubbly dirty grubbies as I could, but I don't know, I just don't know???" The Kleaner saw that Davie's emotions were getting traumatic at this point in time ... So he thought he'd change the subject matter ... and he said to poor trembling Dave ... "Come over here big guy ... sit down and relax for a few minutes, you've been through a great, 'hair raising wetting experience ... have some 'Hostess Crunchits with cheddar cheese, the 32 g size at 40 cents per bag." "You know, Dave, these are made in Canada, they come all the way from 1001 Bishop Street in Cambridge, Ontario ... N3H-4T7, a place called Hostess Consumers Response Centre, and do you know that they put cornmeal; hydrogenated vegetable oil (contains B.H.A. Propyl Gellate, Citric Acid); Vegetable oil, Cheese, powder seasoning, salt, whey powder; soybean lecithin; disodium phosphate; lactic acid; and yummy food colour (contains tartrazine) ... now Davie Baby doesn't that taste wonderful ..." "Munch, munch 'slurp,' munch, munch munch" .... "That's a good fellow, here now ... good-boy ... wash it down with a 'Tab cola', it has other information in it and on the cap; and is a registered trade mark of Coca-Cola Ltd." "Just chug it Davie, just chug it ..., yes just chug all the 300 ML Davie old boy and the Coke company will have given you a shot of Tab with Aspartame, at only 1.5 calories per bottle, and no sugar Davie, that means less cavities eh!!!"

"Now don't worry or fret Davie-boy see there," the Kleaners hat is starting to wiggle by itself, so the Kleaners hat is alive and kicking ... "Thanks to your quck thinking and acting, and the Kleaner will be able to wear his Genuine Russian asbestos fur flinger cap with ouiji board slapperletts home with him, the trauma has passed, all the brooms and mops in the Klosit were happy again, and "Big guy Davie went home with a big smile on his face".

## The Challenge of Africa

World University Service of Canada is seeking teachers for secondary schools in:

**Malawi**      **Lesotho**  
**Zimbabwe**   **Botswana**  
**Swaziland**

Opportunities are available for qualified teachers and university graduates who possess degrees in a teaching subject. Tradesmen and Professionals in other fields are also required for the United Nations Volunteer Programme.

An information session will be held on Thursday, March 15 at 7:00 p.m., room Dalton 107A, UPEI.

If you are unable to attend, for more information and an application form please write to:
