

WINNERS ANNOUNCED

Bill Ellis CENTRE, chairman of the buyer, seller, competitor or relations committee of the Charlottetown Rotary Club and the winners of the Best Clerk or Courtesy Award, female and male, had much to talk about following the Rotary Club luncheon yesterday. This year's winners are Mrs. Christine Pickard, who began working as a clerk in 1948 and P.J. Neales who has been a salesman for 52 years. Mrs. Pickard is presently employed with Morten Dew Ltd. and Mr. Neales with Sunny Isle Farms.

Judges for the Rotary sponsored contest were: Joe MacLellan, Mrs. Bruce Chandler and Freda MacLellan. Contestants were nominated by letter.

Dr. George Dewar, minister of education, said earlier in the session that an inquiry into school taxation methods is planned for the province. The committee said it was its view that "there is need for rural and urban people to have a better appreciation of the problem affecting their respective areas. We realize that this is a social-economic problem which experts in the field of public relations will have to solve, and although we make no recommendations on this point, we nevertheless feel that it should be brought to light."

Kings County Liberal Alex Matheson said he was disgusted with the report at this stage. "Where's your recommendation?" he asked. He suggested the committee should be ashamed of bringing in a report dealing with farm problems that contained no recommendation. Speaking in general terms, the

Committee Recommends School Tax Structure Study

The House select standing committee on agriculture recommended in its 1966 report, discussed in the Legislature yesterday, that a study of the school tax structure be made "at the earliest opportunity in order to adjust or remove inequalities which exist in the assessment of such taxes to farm and urban properties."

Dr. George Dewar, minister of education, said earlier in the session that an inquiry into school taxation methods is planned for the province. The committee said it was its view that "there is need for rural and urban people to have a better appreciation of the problem affecting their respective areas. We realize that this is a social-economic problem which experts in the field of public relations will have to solve, and although we make no recommendations on this point, we nevertheless feel that it should be brought to light."

Kings County Liberal Alex Matheson said he was disgusted with the report at this stage. "Where's your recommendation?" he asked. He suggested the committee should be ashamed of bringing in a report dealing with farm problems that contained no recommendation. Speaking in general terms, the

committee said it believed that "closer co-operation between small and large groups of farms in all fields of endeavour, including marketing, would inevitably result in raising the economic level of farmers generally throughout the province." The committee, referring to an announcement that a potato grower will be allowed to plant seed potatoes sufficient for his 1967 requirements, urged that "this permission be restricted to the current crop year only, for the protection of our vital seed potato industry."

It was recommended that publicity be given to agreements arrived at between federal and provincial governments on ARDA projects. The committee suggested that a policy of providing assistance in the growing of grain in this province and the other Atlantic provinces might be of greater advantage to Maritime farmers than the federal subsidy on the importation of western feed grains.

It was also suggested that a study should be made of the advantages of growing corn silage as an abundant and cheap food for livestock.

the Maritime Christian college. He spoke on "The Validity of the Restoration Principle." Last evening Dr. Murch spoke on "The Coming Great Church." This morning at 10 o'clock Dr. Murch will be lecturing in the Maritime Christian College on "Restructure and the Disciples." In the evening, the subject of his lecture in the Central Christian church will be "Dangerous Trends in the Ecumenical Movement." The public is cordially invited to both of these services.

Many people from the inner North American continent come to Prince Edward Island during the warm summer months to swim in salt water. Swimming in salt water is no novelty for a native of the Island but how many swim during the winter. Bob Semple of Kensington has been swimming off the waters at Cabot Park, Malpeque during the winter and intends to swim more now that the weather is becoming more suited for the sport.

He is a scuba diver, a sport which is becoming more popular throughout the continent.

Two Persons To Hospital

An accident last evening about 9 p.m. resulted in two occupants of a 1957 Dodge being rushed to hospital by ambulance. John David Wayne Johnston of Peters Road, driver of the vehicle, sustained a broken arm while Daniel William Anstie, Montague suffered a broken ankle. The third occupant of the car Vincent Grant Kemp, of Albion was unhurt.

Youth Swims During Winter

The vehicle left the highway on a turn near Victoria Cross. Johnston was released from the Kings County Hospital while Anstie was confined to the hospital by Charles Fraser's ambulance. The Montague detachment RCMP investigated the accident.

How to relieve BACKACHE

Use Dodd's Kidney Pills for prompt relief from the systemic condition causing the backache. Soon you feel better—rest better. Depend on Dodd's.

LOCAL BRIEFS

BEGAN YESTERDAY
 Distribution of the new phone directories began yesterday morning and should be completed by tonight.

BREAK
 The warehouse of Keith MacKinnon Transport Ltd., was reported to have been broken into some time during the past weekend and a quantity of canned goods removed. Most of the stolen articles have been recovered reported city police.

STILL MISSING
 A 1956 Pontiac car which was stolen sometime last weekend from in front of the Canadian Tire Corporation is still reported missing by the city police department. The car is owned by Wendell Noonan of Crapaud and was reported not in running order when it was left at the store.

TO CHATHAM
 Archie and Calvin Hilchey, Montague left this morning for Chatham, N.B., on receiving the news of the death of their niece Joan Hilchey, RN, of Chatham, N.B. Joan is the daughter of Carl A. Hilchey formerly of Montague. She is survived by her parents and one brother, Bill.

HEAVY SCHEDULE
 The Charlottetown Hotel had a heavy schedule yesterday with the Rotary Club, Business and Professional Women's Club meetings and Canadian National Telegraph dinner and meeting. Tomorrow the Charlotte-Lion's Club will meet and the Public Service Association of P.E.I. will hold a dinner. Thursday Kinsmen and K-40 meet along with a Texaco Off Company meeting and dinner.

IN CITY
 Mrs. Joseph MacDonald, the former Bernice Horne of Souris, was a patient in the P.E.I. hospital for 10 days recently as the result of an accident in her home. She was hospitalized with a broken ankle. Mrs. MacDonald is staying with Mr. and Mrs. Heber Horne, city, to be near her husband who has entered the Charlottetown hospital for surgery.

FOUR CHARGES
 Grant Ernest Clow, Summerside, appeared in Summerside town court before Judge W.E. Darby yesterday morning on four charges. On the first charge of trying to obtain liquor at a vendor under age the accused was fined \$30 and costs or 30 days. The accused was given a similar fine for forging a liquid permit under a false name. Both fines were in run concurrently. On two separate charges of stolen goods the accused pleaded not guilty and he was remanded on both charges to April 12, 1966.

BROKEN LEG
 A member of the Souris Regional High School hockey team, Peter Grant, received a broken leg as a result of a collision with an opposing player, a member of the Morell team in an exhibition game at St. Dunstan's University recently. Mr. Grant is presently convalescing at the Charlottetown Hospital. Dr. Joe MacMillan is the attending physician.

CARD PARTY
 Following are the results of the regular Saturday evening card party held at Marshfield hall: ladies' first, Mrs. Leigh Frizzell; second, Mrs. Lloyd Vessey; consolation, Mrs. Clifford Chandler; gents' first, Donald Jenkins; second, John Foster; consolation, Cyril Wood; door prize, Harry Welton; freeze-out, Mrs. Aden Clow and Raymond Vessey; tournament winners: ladies' first, Mrs. Leigh Frizzell; second, Mrs. Hector Jenkins; gents' first, Hector Jenkins; second, Preston Scott.

Expansion, Developments Are Outlined At Meeting

Expansions and developments of the Island Development Company Limited were yesterday outlined by the company's managing director, Wendell MacKay, at a meeting of Rotarians in the Charlottetown Hotel.

In speaking on some of the company's holdings, Mr. MacKay mentioned the Charlottetown Hotel, ownership of Shed Acres Farm — a 500 acre tract of land near Covehead, formerly known as Black River Farm; the Royal Malpeque Oyster Company with about 100 acres of oyster beds in Malpeque Bay, a large section of Boughton Island comprising about 400 acres, and the only sports fishing tuna boat in P.E.I.

"Between the incorporation of the company in July of 1963 and the take-over of the hotel in November of 1964 — a period of some 15 months — an enormous amount of research was carried out into the development possibilities of this little island. Every aspect of our economy was examined in detail and its potential evaluated and assessed — at the expense of the parent company, Atlantic Development, Margison and Associates of Toronto, and the personal investment of many thousands of dollars by the President, Mr. Margison and vice-president, Edgar T. Alberts, also of Toronto," said Mr. MacKay.

Both men, said Mr. MacKay, demonstrated their affection for P.E.I. by investing in it not only their personal funds but their faith as well.

He went on to say that A.D. Margison and Associates of Toronto is quite a large firm of consulting engineers and during the 18 months previous to the take-over of the Charlottetown Hotel swarms of engineers and consultants traversed this island from one end to the other. It was a costly business, but the detailed reports and mass of research obtained justified the expenditure of every penny of it.

Mr. MacKay said, "the causeway submission to the Federal Government alone costs tens of thousands of dollars, make no mistake about it, that proposal put the government of Canada in the position where it had to do something. (Recently, quite evidently they did do something, for there's been a small about it around this province!) There were people all across Canada — some of them in this province, I regret to say — who scoffed at the idea of a private company offering to build the P.E.I. causeway.

"Within weeks, the Island Development Company Limited placed in the hands of the Minister of Transport a complete, detailed proposal for the construction of the causeway to P.E.I. and supported by guaranteed funds with which to do it. In other words, P.E.I. no longer had to depend upon the government of Canada to provide its long awaited, hopefully dreamed for, land link with the mainland. The proposal submitted by the IDC to the federal government could just as easily be submitted to and carried out, by the provincial government of P.E.I. Within months of IDC's submission to Ottawa, the construction of the causeway by the federal government was announced.

never reach, the point where there are no problems to solve. A company without mountains to climb, a company stagnant as a pool of water without an inlet or outlet.

"The Island Development Company Limited is not a charitable organization. It must make money to survive. Neither is it a Crown corporation with a 'sugar daddy' in Ottawa to absorb its deficits. The Charlottetown Hotel provides this community with a service which, at the present time, cannot be duplicated anywhere in the province, and at prices far below comparable hosteleries in the Maritime provinces."

Mr. MacKay stated, "we recognize that we are involved in a highly competitive industry and we are prepared — yes, and willing, to compete favorably with any establishment which provides a comparable service — but we do not propose to reduce our standards of service, nor our prices, to lunch counter levels in order to meet that kind of competition."

PROVINCIAL DISGRACE
 In mentioning the company's holding of a farm comprising about 130 head of beef cattle, 50 sows and about 400 market hogs in various stages of development, Mr. MacKay said that the importation of beef into Prince Edward Island is a provincial disgrace.

"P.E.I. should be exporting not importing beef and in its division of food and agriculture, the Island Development Company Limited is prepared to practice what it preaches — the full utilization of both the land and the sea.

"It is not money we need most in this province; it's men with guts and leadership — yes, and less welfare handouts. 'Resources? How often have we heard that we have no natural resources in this province — that all the other provinces are endowed with rich natural resources and we haven't anything in P.E.I.? Nonsense. We have enormous resources in this province going to waste; thousands of acres of rich, productive land growing nothing but weeds; yes, and at the same time we import tons and tons of beef from the mainland.

"Are we utilizing all the wonderful resources we do have or are we sitting waiting for more government handouts? Resources? There is not a province in Canada, except perhaps Newfoundland, that is so totally surrounded by wealth as P.E.I. — the immeasurable wealth of the Atlantic Ocean. Yet nations from as far away as Russia, Portugal and Norway send their vessels thousands of miles across the treacherous ocean waters to gather wealth at our front door.

"We have been brainwashed. We have not lost our power of positive thinking. We have lost the ability to make use of the resources we do have. Worst still, we have lost our pride and our independence. "A new spark of life — a tiny candle — has been lit in this province. Its name is IDC — the Island Development Company — and its light will brighten and glow all over this province. It could burn much brighter and quicker if it had more money — if we sought and could get a few million from the govern-

ment, but we prefer to go it alone and alone we shall.

"We do not believe that we can create miracles; the IDC does not delude itself into thinking that it has miraculous powers; but we do believe that given the right men there are no limits to its horizons. Mr. MacKay stated, "so far only four Islanders own shares in IDC. All others are non-Islanders or Islanders living away from home. We'd like a few more but we're not peddling our shares, and we're not looking for just any Islanders who happen to have some money to buy shares."

"The Island Development Company Limited is a vibrant, ambitious, adventurous, young company and we want only vibrant, ambitious and adventurous young men in it. It may take a little time, but we'll get them. Personally, he said, I'm damn proud to be a part of it."

Chairman for the meeting was John Evans, co-chairman was Jerry Barrett. Visiting Rotarians included Bryan Jakeman, Halifax; C. MacDonald, Summerside; Bill Bellamy, Moncton. Guests of Rotary were Premier Walter Shaw, Elmer Folland, Archie Johnston, J. David Stewart, Eric Kipping, Hon. J. Phillip Macleod, Donald Baker, Dr. James March, Washington, D.C., Leo Connor, Moncton and C.V. Cooke, Halifax.

CITY AREA FUNERALS

McCoubrey FUNERAL — The funeral for Mrs. Harry A.R. McCoubrey of New Glasgow was held Monday, April 4 from the Outcliffe Funeral Home. Service was conducted by Rev. Frank Stiles. During the service the Canadian Choir sang, Beautiful Garden of Prayer. Congregational hymn was Abide With Me. Mrs. Warfield Orr was organist. The pallbearers were: Huntley Dingwell, Eric Stevenson, Sterling Howatt, Blois Dickson, Earl Houston, Leith Dickson. Remains were placed in the Outcliffe receiving vault.

PUTNAM FUNERAL — The funeral for Mrs. Arthur Putnam was held Monday, April 4 from the MacLean Funeral Home to St. John's Presbyterian Church, Belfast, where service was conducted by Rev. Donald Nicholson. Hymns sung were The Lord Is My Shepherd and Unto The Hills. Organist was Mrs. Martin MacDonald. Pallbearers were Russell Gillis, John MacWilliams, Donald MacKenzie, William Penny John Ross, R. A. MacKenzie. Interment took place in the church cemetery.

SEND EXHIBIT ABROAD
 OTTAWA (CP) — Canada is sending its largest-ever exhibit of industrial equipment abroad to the 34th international fair, which is being held in Barcelona, Spain, June 1 to 15, the trade department announced Friday. Twenty-one firms will participate.

FIRE BRIGADE HEARS REPORT

MONTAGUE — The Montague Fire Brigade members were given a first hand report on the curling trip to Saskatoon made by five of its members last evening during the regular monthly meeting.

Chief D. H. Coffin stated "It was a wonderful trip and we greatly appreciate the support we received from our local citizens. While there we were treated like kings and will never forget the hospitality of the people of Saskatoon and firemen from other parts of Canada."

The team members were E. G. "Duke" MacDonald as skip; Dave Clarkson, mate; Ralph Annear, second stone; and Arnold MacLure as lead.

Each member of the team spoke briefly and all have formed the same opinion and that the Firemen's Curling Bonsel is one of the best and in the future could be even better as the competition will be sponsored from the provincial to the dominion finals. This makes it possible for small departments throughout Canada to take part in the competition which in future will include all provinces and the Northern Territories of Canada.

Approximately fifteen members of the brigade were present for the meeting. During the business portion it was decided to notify the out of

Annual Lecture Is Underway

The annual lectureship at the Maritime Christian College is attracting much interest both locally and throughout the island. Guests are also in attendance from New Brunswick and Nova Scotia. The Central Christian Church was filled on Sunday evening to hear Dr. Murch speak on "One Church for One World." W.O. Weale, minister of the local church, presided at this service.

On Monday morning at 10.00 o'clock, Dr. Murch delivered the first of his series of lectures in the district.

Regional forecasts: Nova Scotia Mainland, Prince Edward Island, Eastern New Brunswick Counties, Lower St. John River Valley: Clear with little change in temperature; winds light; low-high at Halifax 28 and 46, Yarmouth 30 and 50, Kentville 25 and 50, New Glasgow and Goshen 25 and 48, Moncton and Charlottetown 28 and 45, Fredericton and Saint John 25 and 45; outlook for Wednesday, sunny with little temperature change.

High tide today at Charlottetown 10.49 a.m. and 11.10 p.m. At Rustico at 5.56 a.m. and 6.31 p.m. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 5.52 a.m. and sets at 6.40 p.m.

participate in the Canadian exhibit, organized by the department to show a wide range of industrial equipment, metal-working machinery, metal alloys, and a variety of measuring devices including scales.
