FRESHMAN ALEXANDER OF NEW YORK PUT TO BED MANY TIMES—PRESIDENT M'COSE DISCOURSES ONE DAY TOO LATE ON THE EVILS OF RUSHING—THE FACULTY EXPEL FOUR OF THE HAZING SOPHOMORES.

PRINCETON, Sept. 23.—When the 132 innocent freshmen who are Dr. McCosh's latest pride, woke up from their first dreams of cannibal sophomores on last Thursday morning they found various things about the campus, including the old cannon painted green, as an indication of what the sophomores thought of them.

Another youthful freshman was studying hard when his sophomore perceptors made their first formal call on him. They made him write the following note:

DEAR FATHER:—I have just returned from prayer meeting, and am now playing cards and throwing dice. I hope you are doing the same.

The sophomores took the note and mailed it home, where the young man's father is probably wondering about the sudden changes of college life.

The faculty did not like these and other manifestations of fatherly kindness on the part of the sophomores, and Proctor Goldie especially was displeased.

The case of others are under consideration. Eight or nine freshmen have been questioned by the faculty. They may be suspended, but it is likely that no further action will be taken.

NEW HAVEN, Sept. 23.—The usual sophomore-freshman rush has occurred at Yale College, and several freshmen were injured severely. One was trampled by a crowd of sophomores, and had to be assisted to his room.

OUR GRAND DISPLAY

OF

SPRING CLOTHING

AND FURNISHINGS

IS VERY TEMPTING

The Custom Tailoring Department is full of Neat, Nobby

and Reliable Goods.

The Men's Department is loaded with an immense display of New Spring Suits.

The Hat Department—well, everybody understands that our Hat Department has advantages over the smaller establishments that place it at the head, and secures for it the bulk of the trade.

We are displaying the largest variety of Spring Styles of Hats ever shown, and include all the popular shapes.

The Boys' Department is unquestionably the best and most attractive in the city.

The Furnishing Goods Department is not only well stocked with all that is solid and staple, but contains much that is choice and novel.

No doubt about it. Ours is the largest and best selected stock ever seen in this city—not only largest in quantity, but largest in variety of shapes,—largest in variety of materials,—largest in correct styles,—largest in every way. What more could we say, unless it be that OUR PRICES ARE RIGHT,—RELIABLE, HONEST.

New and Original Departure in Coal Cooking Stoves

COMBINING

DURABILITY, HEAT AND ECONOMY.

This Cut represents my Patent Fire

King Cooking Stove, with the oven,

end and lining partially drawn out,

as it appears while being cleaned, or

when a new lining is being replaced.

THE above Stove I invented and patented in 1876, and at the present time HUN-

DREDS ARE IN USE, giving perfect satisfaction. A large number have been in

constant use for eight years, and the repairs have been very trifling, in many instances

none have been required. This valuable experience should be sufficient evidence of their

durability, which is accounted for in the following:—It has, instead of a Lined Fire Box,

two heavy Curved Cylinders, which obviate the expense connected with all Square

Cooking Stoves of being compelled to renew Linings and Grates, at least

once or twice every year. The heat being radiated from the Cylinders

to all kinds of ordinary Coal Cooking Stoves. The Cylinders are situated

directly under the cover holes, and a fire may be made in one or both, thus adapting it for

use either in winter or summer, with equal satisfaction, besides effecting a great saving to

fuel. I have also attached the PATENT TELESCOPIC OVEN to all my Elevated Oven

Wood Stoves, such as the Waterloo, Niagara, Star, &c, causing the *thousands* using them

to exclaim—My Stoves are worth TEN DOLLARS MORE than the same kind made by

other founders. The trade and retail purchasers will please bear in mind the fact that

although a great advantage is claimed for my own Oven above all others, they cost no

more, and being the sole manufacturer and patentee, no other factory can supply. En-

quire for Fawcett's Patent Telescope Oven, and if your dealer has none on hand send

direct to the Sackville Store Foundry.

I am adding several new and handsome Patterns this season, which, with my former

large variety of One Hundred Different Patterns and Sizes of Cooking, Parlor, Office and

Hall Stoves, also Farmers Boilers, Hollowware, Ploughs, Stove Pipes and Tware, com-

prise the most complete assortment offered by any manufacturer in the Lower Provinces.

Terms and prices will be found as favorable as can be obtained elsewhere.
