In Memoriam

HUGHES—In loving memory of Carroll Hughes, Emerald Junction, who passed away Feb. 22nd., 1954.
Remembered by his wife.

AFFLECK — In loving memory of my father Jonathan J. Affleck who passed away February 22, 1951.
The years may change many things
But this they change never,
The memory of those happy days
When we were all together.
Lovingly remembered by daughter Gladys.

AFFLECK — In loving memory of Jonathan Affleck who passed away Feb. 22, 1951.
The rolling stream of life goes on
And still the empty chair
Reminds us of the face
Of one who once sat there
God saw the road was getting rough
And the hills were hard to climb
So he closed his weary eye-lids
And whispered "Peace be thine".
Lovingly remembered by Harold
Violet and boys.

MacPHERSON—In loving memory of Mrs. D.H. MacPherson, who passed away February 22, 1953.
Do not ask if we miss her
She was always kind and true,
Never murmured over suffering
No one knew what sxhe went through.
Happy and smiling, always content
Loved and respected wherever she went,
Always thoughtful willing and kind
What a beautiful memory she left behind.
Always remembered by Mae, Robert and family.

WILLIAMS — In loving memory of our daddy Harold B. Williams who departed this life Feb. 21st 1950.
We miss you so much daddy,
And find the time long since you went,
We think of you so often
But try to be brave and content
Sometimes our hearts ache with sadness
And we wish daddy you could be near
But there's a hope that some day we'll meet again
Where sadness will all disappear.
Sadly missed by his five children, Elmer, Arthur, Faye, David and Paul.

Toronto Stocks

TORONTO, (CP)— An alltime record of 12,964,000 shares changed hands on the Toronto stock exchange Tuesday, edging out the previous high by 149,000 shares.

Favored among the low-priced mines were Arjon, Atlas Yellowknife, Goldora, New Royran, Aumaque, Jaye and Lomega. Temagami gained 35 at $8. Belcher and Consolidated Halliwell were winners, though the latter ran into profit-taking.

Some recently - strong issues were down, led by Thompson-Lundmark, off 52 at $2.38 and including Nickel Rim, Quebec Copper and Duvan.

Industrials scored a token advance, trading in a two-point range. PRM Inc. and Pembina Pipe Line each advanced $2. Canada Packers B and Consolidated Paper gained a point, Eddy dipped $1.87, Federal Grain $1.62 and Anglo-Canadian Pulp $1.

Most uraniums were easier led by Milliken Lake, down 17 at $2.50. Gulch and Nesbitt Labine gained about 10 cents.

B-A Has Huge Expansion Plans

TORONTO (CP) — British American Oil Company expects to spend more than $56,000,000 in expansion in 1956, or one-third more than in 1955, M. S. Beringer president announced Tuesday.

This will bring to more than $22,000,000 the total capital spent by the company in six years. Largest share of the six-year total, nearly $109,000,000. applies to exploration and production development with between $50,000,000 and $60,000,000 each going for refining and marketing expansions.

N. Y. Stocks

NEW YORK, (AP) —The stock market went through a stack preholiday session Tuesday with prices narrowly mixed but pointed slightly higher.

All financial and commodity markets in the United States will be closed today in observance of George Washington's birthday.

The Associated Press average of 60 stocks edged up 10 cents at $177.60. Industrials were up 20 cents, rails down 20 cents, and utilities up 30 cents. There were 23 new highs and 7 new lows for 1955-56.

Volume came to 1,240,000 shares down a bit from Monday's 2,530,000 shares.

Benguet Consolidated Mining, at the top of Monday's most active list up 1-8, also headed it Tuesday up 1-4 at 2 3-8 on 118,000 shares.

FISHERIES PORTFOLIO

"Fishing in Prince Edward Island has always been regarded as one of the province's major industries. My Government, being conscious of this fact, proposes to establish a separate department which will administer matters pertaining to the fishing industry and legislation directing this change will be presented for your consideration.

"Good progress has been made on road widening in the past year. The Trans-Canada Highway program has progressed to the point where Borden is linked with Charlottetown by an excellent paved road. Plans are being make to complete the highway from Charlottetown to Wood Islands this year. My Government is making every effort to avail itself of the latest proposal of the Federal Government to pay ninety percent of the cost of the Trans-Canada Highway for ten percent of the projected distance.

"The problem created by the closing of our paved highways to heavy vehicular traffic has taken on very serious proportions. The economy of the province has been adversely affected by the frequent closing of our roads. Our changing weather conditions make a road closing policy necessary if we are to save existing pavements...

"My Government proposes, through the Division of Laboratories of the Department of Health, to provide additional free laboratory services to patients in general hospitals and those who may receive treatment elsewhere under direction of their family physician.

AT FALCONWOOD

"The treatment centre at Falconwood has now been completed and will be opened for the reception of patients as staff becomes available. My Ministers advise me that they intend further to extend mental health services. Additional housing accommodation for nurses and domestic help will be provided in 1956. Plans for the increase of laundry facilities at Falconwood, which will be used to provide a central laundry for all government institutions, are well under way and this building should be completed this year.

"During the year a section of the Provincial Sanatorium building was taken over by my Government to provide an orthopedic centre for the treatment of patients suffering from the crippling effects of poliomyelitis and of tuberculosis of the bones and joints. Further space was equipped with modern facilities for the treatment of outpatients.

"During the past year my Government appointed a commission to enquire into all matters pertaining to School Division Number One with particular reference to the advisability of dividing the same into two or more school districts. My Ministers now propose to present for your consideration the report of the said commission, with a view to implementing such of its recommendations as you may deem advisable.

"The rural electrification program commenced in 1954 has proceeded in a most satisfactory manner. A full report of progress to date will be presented for your consideration. Unfortunately the storm damage of last month was so extensive as to delay the early commencement of the program anticipated for this year. It will be the primary duty of the power utilities to restore existing lines before commencing any new construction.

GEOLOGICAL SURVEY

"The geological survey undertaken during the summer of 1953 by the Department of Mines and Technical Surveys of the Government of Canada has proceeded rapidly. Findings to date have been so encouraging that the Imperial Oil Company has obtained leases of certain grid areas for exploratory purposes. It is expected that a team of experts will arrive here shortly to do some ground magnetometer work.

"Within the past few months certain public spirited citizens of our province have been considering the worthy project of establishing parks as picnic and recreation grounds for summer visitors and local people. Legislation relating to the establishment of provincial parks will be presented for your consideration.

"During the past year my Government has conducted the administration of the affairs of the province with every possible economy consistent with the efficiency of public services. Financing has been carried on at extremely favourable interest rates, and the sinking funds are maintained at a very high and satisfactory level. In the preparation and passing of the estimates for the present year, it is necessary that every care should be exercised towards maintaining a substantial balance of current revenues and expenditures.

"Legislation covering a wide field of subjects of interest and concern to our people will be introduced. This will include amendments to The Plant Disease Eradication Act, The Potato Production Act, The Poultry and Poultry Products Act, The School Act, The Hospital Act The Marketing Act, The Provincial Sanatorium Act and The Time Uniformity Act. The accounts and reports of the various departments of my Government for the past year, the estimates for the current year and a policy to assist towns and villages to procure firefighting equipment will be presented for your consideration.

"I now leave you to the discharge of your legislative duties trusting that, under the guidance of Divine Providence, your deliberations may tend to the further advancement, welfare and prosperity of our people."
