ADVERTISING RATES

For small advertisements which are ordered for only one or two weeks the charge is 50 cents per inch for the first insertion, and 25 cents for each continuation. Rate cards are furnished on application at the office. Special contract prices at a reduced rate are quoted for advertisements four inches in size or larger, which are to run for three months or longer.

No special notices inserted unless paid for at the rate of 10 cents per line, and under no circumstances will such paid notices appear in the local column.

Special discounts made on all advertisements connected with Church Fairs, Bazaars, Concerts, etc. No notices will be inserted with the same unless the regular rate of 10 cents per line is paid.

THE EXAMINER is considered by our Merchants and Manufacturers to be the leading newspaper in P. E. Island, and consequently the most valuable advertising medium through which to make their announcements public, is abundantly proved by the fact that in order to accommodate our advertisers we have been compelled to enlarge the paper to its present size.

THE DAILY EXAMINER is for sale by the following agents:—

HAVE A GUESS.

Oh, wheelmen, all take my advice,
And don't forget, be sure
To take a look at the famous "Bike"
In PROWSE'S well-known Store.

The handsome Brantford Bicycle
That in their window's shown
Is as good as any in Charlottetown,
And it may be your own.

A jar in which are cents galore
Is placed where all can see;
Guess how many cents the jar contains
And the "Bike" your own will be.

Be wise, make all your purchases
At PROWSE'S Clothing Store;
Each purchase, on that Bicycle,
Will give you one chance more.

Their Carpets, Hats and Furnishings,
And all, in fact, they keep,
Compared with others in the town
Are more than quite as cheap.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 75c. bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

PROVINCIAL LEGISLATURE.

SATURDAY, April 28.

House met at 10.30.

On motion of Mr. McKinnon, the bill to incorporate the Murray Harbor North Dairying Company was read a third time and passed.

Hon. Mr. Peters submitted the statement asked for by Hon. Mr. Gordon in regard to the sale of debentures.

Hon. Mr. Rogers, Alberton, in the absence of Mr. Bell, who adjourned the debate on the Budget, referred to the measures of taxation being submitted by the Government, and said that his early training in the Legislature had not been in the direction of imposing taxes, and he had therefore never given a great deal of study to this important matter, and would not dwell upon these measures. Deplorable has been the result to this Province of the repeal of the Davies Assessment Act. To-day we must face a difficult financial problem as a direct result of that repeal. Notwithstanding the deficits for years past, and the withdrawal of a large sum from capital at Ottawa, he (Mr. Rogers) was pleased to note that the credit of this Province would not only compare favorably with that of the other Provinces, but also with that of the Dominion itself. Comparing the amount of interest asked for by the Leader this year with the proportion to that required by the Dominion Government, he said we stood in a far more favorable position. In view of this, and in spite of the past mismanagement of public affairs, and the consequent shrinkage in the revenue of this Province, he thought we should not take too gloomy a view of the situation. Continuing, Mr. Rogers spoke of the great benefit the passing of the Education Act had been to our people, the greater bulk of whom have thus obtained a fair English education, while not a few have taken eminent positions in the higher branches both at home and abroad. While we may regret the necessity of imposing direct taxatica, still he thought there was something to show for such a move. Taking up the matter of expenditure, especially the large expenditure of last year, he said he would not say much on that subject, except that he did not justify a larger expenditure in an election year than in any other. In this connection he stated that not a dollar had been laid out in the district he had the honor to represent that year, and he claimed that no district had a right to ask for an increased expenditure simply because it was an election year. He contended that King's and Queen's Counties received more than their share of the public money as compared with Prince County. He submitted a statement showing the expenditure on roads, bridges and ferries in support of this. In his own district he instanced the case of Kildare Bridge, which stood badly in need of repair, and in view of the large expenditure in other places he regretted that the Government had overlooked this.

Hon. Mr. McLear, at this point, informed Mr. Rogers that the Government had not neglected the work in question, but that tenders had been called and a survey held. The tenderers, however, subsequently withdrew, and this was why the work had not been proceeded with. The work however, he said, would be done as soon as possible.

Mr. Rogers continuing, expressed his satisfaction at this, but contended that the tenders calling for the work had not been sufficiently explicit; hence the withdrawal of the tenderers. He then directed his attention to the two largest items of expenditure, namely, education and public works. In regard to the latter, he charged that the preceding administrations were largely responsible for the great expenditure of last year. Still, both parties were blamable. He advocated the erection of more permanent bridges, pointing out what material in his opinion should be used in such construction. Then these works would not require repairing and rebuilding every three or four years. Speaking of the items for administration of justice and legislation he commended the Government for their reductions with respect to these. He expressed surprise at the stand of the Opposition, who, while admitting that the educational system and public works of this Province must be efficiently kept up, still oppose by every means in their power every scheme of taxation submitted by the Government. How can those hon. gentlemen expect to meet an expenditure of $300,000 with a revenue of only $220,000 without supplementing it with a tax. Surely no hon. gentleman will venture to assert that the people are not fully aware that it is absolutely necessary to adopt some system of taxation. What, then, can those hon. men of the Opposition mean by talking about deceiving the people, and advocating another appeal to the electorate? They must be aware that such a move would cost the country some $5,000, and for what purpose?—simply to ascertain what is already a conceded fact, namely, that taxation must be imposed. He (Mr. Rogers) before concluding, said he sincerely hoped that the estimates submitted by the present Government this year were honest estimates, and that they would not be exceeded. For years past the passing of the appropriation bill has been a mere matter of form. The time has arrived when this should cease. We should adopt a plan similar to that in vogue in the Dominion Parliament—that is, a certain amount for estimates is voted, and when this is spent the expenditure must cease unless it can be shown that further expenditure is absolutely necessary. Further, he said if the local Government can exceed their estimates to such large amounts as they have done, what is the use of Parliament passing estimates at all. If his suggestion were adopted, it would really give the spending of the public monies into the hands of the representatives of the people, and then the expenditure would be controlled. Inserting a clause in the appropriation bill to this effect would act as a check upon expenditure, because when districts were importuning their representatives for additional outlays the members would be in a position to say such cannot be made without the vote of parliament.

Priestley's Cravenettes may be had in all the newest fabrics. Absolutely rain-repelling they are not to be distinguished from the same goods not waterproofed. This is their great merit. Cravenette includes serges and all dress fabrics. They are perfectly porous, non-odorous, and they never change in appearance. These are merits which no other waterproofing process has been able to demonstrate. They are rolled on "The Varnished Board" like all Priestley's dress goods. .....

LETTERS TO THE EDITOR.

THE TAX GRAB.

SIR,—There is not a word of truth in Mr. Fred. Peters' pet statement that everybody is agreed taxation is necessary. The reverse is the case. If an election were held to-morrow the grits would be snowed under by ten to one, for the people are opening their eyes to see that it is not heavy taxation to keep the present Government in spending money that is wanted, but strict economy and not sham cheese-paring that can only deceive the very simple. The Swiss Cantons, the best governed district of Europe, with a free educational system, artisan schools and other advantages that we have not, get along with less than P. E. Island does, because the people have a more direct influence on measures and are not tied hand and foot at the mercy of a packed partisan vote. Mr. Peters' legerdemain would be funny if it were not a fraud. The soft public were led to believe that, by hook and by crook, he ran the Government on nothing last year (and took praise for doing it), but now it comes out that he ran his face for it at the banks, and the enormous load of taxation he is putting on is not for *this* year, but to pay back money which he spent last year, so that the Province, instead of starting with its feet clear under the new dispensation, has to start weighted with a year behindhand. What sort of financiering is this? It must end in double the amount of taxation being laid on the country before the year is out. There are many bad points in the present year's estimates, but I need at present only refer to the uncalled for intention of creating big new salaries for pet lawyers, Peters' friends, in every county, while the estimates for roads and bridges are less than last year, showing that we are to have more law and worse roads. In return for all this we are to console ourselves with Premier Peters voluntarily knocking $50 a year (less than a dollar a week) off his own salary, leaving him only the miserable pittance of $1,250 per annum to worry along upon. How sublime the spectacle to see a patriot struggling to make both ends meet on a despicable twelve hundred and fifty, when a mere farmer can make $300 or so. It is too pathetic. Such virtue should not go unrewarded.

THE BUCHANAN RASE

Equal to a Resurrection—Almos Helpless from Kidney Disease—a Burden to Himself and his Friends Dodd's Kidney Pill Cured him

CHATHAM, April 30—The story of Sherman Buchanan, living near Leamington, is worthy of notice. He says he was almost helpless, bloated and a wreck powerless and he was rapidly becoming a burden to himself and his friends. Naturally he lost all hopes of recovery, but a happy thought suggested Dodd's Kidney Pills, and these cured him. Dodd's was the first kidney remedy in pills form ever offered the public. Its wonderful success in curing all forms of kidney disease has left to the introduction of numerous cheap and worthless imitations. Purchasers, for their own safety, should insist on getting Dodd's Kidney Pills. Sold in large boxes; price, fifty cents or six boxes for $2.50. To be had of all dealers.

My daughter, Mrs. Mars, has been suffering from the above diseases for years, and employed all the

Leading Physicians

in Rockland and specialists in Boston, but got no relief. They said it was caused by a bad state of the blood. She could not sleep nights; bowels constipated, and palpitation of the heart so bad she could hardly walk. She has taken 4 bottles of

Skoda's Discovery,

and SKODA'S LITTLE TABLETS. Now she can work every day, eat well and sleep soundly. I can never express my gratitude. MRS. S. E. CROWELL, Rockland, Mass.
