Poetry.

IS IT COME?

The following is the poem that attracted the attention of the Marquis of Lansdowne, and induced him to make a present of £100 to the authoress, Miss Frances Brown.—*Edinburgh Ladies' Own.*

Is it come? they said on the banks of the Nile,
 Who look'd for the world's long promised day,
All saw but the strife of Egypt's toil,
 With the desert's sands and the granite grey.
From the pyramid temple and treasured dead
 We vainly ask for her wisdom's plan:
They tell us of the slave and tyrant's dread—
 Yet there was hope when that day began.

The Chaldee came with his starry lore,
 That built up Babylon's crown and creed;
And bricks were stamped on the Tigris shore,
 With signs which our sages scarce can read.
From Ninus' Temple and Nimrod's Tower
 The rule of the old East's empire spread.
Unreasoning faith and unquestioned power—
 But still, Is it come? the Watcher said.

The light of the Persian's worshipped flame,
 The ancient bondage its splendor threw;
And once on the West a sunrise came,
 When Greece to her freedom's trust was true.
With dreams to the utmost ages dear,
 With human gods and with god-like men,
No marvel the far-off day seemed near
 To eyes that looked through her laurels then.

The Romans conquered and revelled, too,
 Till honour, and faith, and power were gone,
And deeper old Europe's darkness grew,
 As wave after wave the Goth came on.
The gown was learning, the sword was law,
 The people served in the oxen's stead,
But ever some gleam the Watcher saw,
 And evermore, Is it come? they said.

Poet and Seer that question caught,
 Above the din of life's fears and frets;
Is marched with letters—it toiled with thought,
 Thro' schools and creeds which the earth forgets;
The statesmen trifle and priests deceive,
 And tradesmen barter our world away;
Yet hearts to that golden promise cleave,
 And still, at times, Is it come? they say.

The days of the nation bear no trace
 Of all the sunshine so far foretold!
The cannon speaks in the teacher's place—
 The age is weary with work and gold;
And higher hopes wither, and memories wane—
 On hearths and altars the fires are dead;
But that brave faith hath not lived in vain;
 And this is all that our Watcher said.

Miscellaneous.

FATAL AFFRAYS WITH THE JAPANESE.—Two Russians (a naval officer and sailor) were murdered in the main street, at Yoko-Hama, (adjoining Kanagawa) by some Japanese, a few weeks before the Onward arrived. Various conflicting statements were current as to the cause of this outrage, but, as near as we can ascertain, the facts are as follows:

The Russians had lately attempted to purchase one of the northern Jananese Islands, and had, it is stated, threatened to take possession of it. Upon visiting Yeddo, they were insulted by some of the common people, who threw stones at them, &c., on account of which indignity some high official at Yeddo was degraded to the lowest rank. In revenge for this degradation, some of his dependents followed the Russians to Yoko-Hama, and there committed the murder. The Japanese Government offered reparation by degrading the Governor of Yoko-Hama, and also offered to execute him, if the Russians desired, which they declined.

Some of the crew of the United States frigate Powhattan, who were ashore on liberty, had a fight with some Japanese, and during the melee a Japanese was killed. This had created quite a feeling against the Americans, and the commander of the Powhattan is much blamed for allowing his men liberty under the circumstances. A Chinaman was also murdered by the Japanese a few days before the Onward sailed.

THE FEET IN WINTER TIME.—No person can be well long whose feet are habitually cold; while securing for them dryness and warmth, is the certain means of removing a variety of annoying ailments.

The feet of some are kept more comfortable in winter if cotton is worn, while woollen suits others better. The wise course, therefore, is for each one to observe for himself, and act accordingly.

Scrupulous cleanliness is essential to the healthful warmth of the feet; hence all, especially those who walk a great deal out of doors during the day in cold weather, should make it a point to dip both feet in cold water on rising every morning, and let them remain half ankle deep, for half a minute at a time, then rub and wipe dry, dress and move about briskly to warm them up. To such as cannot well adopt this course from any cause, the next best plan is to wash them in warm water every night just before going to bed, taking the precaution to dry them by the fire most thoroughly before retiring; this, besides keeping the feet clean, preserves a natural softness to the skin, and has a tendency to prevent and cure corns. Many a troublesome throat affection, and many an annoying headache will be cured if the feet are always kept clean, warm, soft and dry.

Some feet are kept cold by their dampness from incessant perspiration; in such cases cork soles are injurious, because they soon become saturated, and maintain moisture for a long time. Soak a cork in water for a day or two and see. A better plan is to cut a piece of broadcloth the size of the foot, baste on it half an inch thickness of curled hair, wear it inside the stocking, the hair touching the sole; remove at night and place before the fire to dry until morning. The hair titilates the skin, thereby warming it some, and conducts the dampness to the cloth.

CLERICAL ANECDOTE.—A minister of the Kirk of Scotland discovered his wife asleep in the midst of his homily on the Sabbath. So, pausing in the steady flow of his oratory, he broke forth with this personal address; sharp and clear, but very deliberate: "Susan!" Susan opened her eyes and ears in a twinkling, as did all other dreamers in the house, whether asleep or awake. "Susan, I didna marry ye for your wealth, sin' ye hae'd none! And I didna marry ye for your beauty; that the hail congregation can see. And if ye have no grace, I have made but a sair bargain!" Susan's slumbers were effectually broken up for that day.

"A great lie," says the poet Crabbe, "is like a great fish on dry land; it may fret and fling, and make a frightful bother, but it cannot hurt you. You have only to keep still and it will die of itself."

A pretty girl and a wild horse are liable to do much mischief; for the one runs away with a fellow's body, and the other runs away with his heart.

HOW THE FRENCH KEEP THEIR SOLDIERS AMUSED.—A Toulon letter says:—In all the shops of this town soldiers may have been seen for some days making purchases of needles, thread, tobacco, soap, books, and theatrical pieces for amusement during their voyage to China. The officers and sub-officers have also purchased dresses of all kinds, some of them of the most eccentric character. The baptism on crossing the line will be celebrated with unusual pomp and merriment. The soldiers in the Dryade will not have much reason to complain, for, in addition to games of all kinds, they will have the band of the regiment to amuse them.

THE MIGHTY HEALER.
WORLD KNOWN AND WORLD TRIED.

HOLLOWAY'S OINTMENT.

Its adoption in the most famous public hospitals at home, and in most of our colonies, and the voluntary testimonies of persons in all quarters of the globe, who have given it a fair trial, have established a world-wide reputation for this purifying and healing Ointment. It penetrates, with marvellous power, to the seat of an internal disease; and in all external disorders, its application has a rapidity and completeness of effect that resembles magic.

ERYSIPELAS AND SCROFULOUS SORES

Are two of the most common and virulent disorders prevalent in this country. For these the Ointment is an absolute specific. It first eradicates the venom and then completes the cure, if of 20 years standing.

BAD LEGS, OLD SORES, AND ULCERS.

Any of the above class of cases that have pertinaciously refused to yield to any other medicinal application, invariably succumb to this benign, yet powerful Unguent, which soon removes Elephantiasis and the worst forms of skin diseases, prevailing in this part of the globe.

PILES AND FISTULAS.

Every form of these prevalent and stubborn disorders is eradicated by the use of this emollient; warm fomentations should precede its application. It effects in a short time a certain, thorough and permanent cure. Rheumatism and gout are also instantly relieved.

BRONCHITIS AND ULCERATED SORE THROATS.

Extract of a Letter from Mr. James Downing, of Paris-street, Exeter.

"To Professor Holloway.

Sir,—Your Ointment and Pills have effected upon me a perfect cure of a dreadfully diseased throat, arising from cold, which ultimately terminated in bronchitis. The medical aid I received was unable to combat with the disease; and I was rapidly sinking under its influence. At this stage, I had recourse to your medicines, which, in a few hours relieved me, and I am happy to inform you that in less than a fortnight I was entirely cured by them. In changeable climates, these medicines should be always at hand."

CHARMING FACES FOR LADIES.—A CLEAR SKIN.

A word to the ladies.—Ladies anxious to preserve a brilliant complexion, often go to the perfumer, when they should go to the Chemist, and ask for astringent lotions, when they should take alteratives and aperients. The only genuine and really safe and harmless yet thoroughly efficacious cosmetic now sold in London or elsewhere, is Holloway's Ointment. If this inestimable preparation be applied externally to all pimples, blotches and discolourations, while the blood is being purified and the depraved humors corrected by the Pills, not only will the face be beautified, but the whole system be cleansed, improved and strengthened, and the effect will not be temporary and superficial, but thorough and permanent.

CONTRACTED AND STIFF JOINTS.

Extract of a Letter from Mr. Joseph Rogerson, of the Pottery Fields, Hanslet, near Leeds.

"To Professor Holloway.

Sir,—I suffered for months with a very bad knee, and tried every remedy, likely to benefit me, but without success, the joint was quite stiff, and so swollen that I became seriously alarmed as to whether I should ever regain the use of it. However, by the use of your Ointment and Pills the swelling was soon completely reduced, and in two weeks was completely cured, and I was enabled to resume my work. Any one suffering from stiff and swollen joints should do as Mr. Rogers did—send for Holloway's Pills and Ointment.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Gout	Sore-throats
Bad Breasts	Corns (Soft)	Glandular Swellings	Skin-diseases
Burns	Cancers	Lumbago	Scurvy
Bunions	Contracted and Stiff Joints	Piles	Sore-heads
Bite of Moschetoes and Sand-Flies	Elephantiasis	Rheumatism	Tumours
Coco-bay	Fistulas	Scalds	Ulcers
		Sore Nipples	Wounds
			Yaws

Sold at the Establishment of PROFESSOR HOLLOWAY, 244, Strand (near Temple Bar,) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—

The Great Ambassador of Health!

TO ALL MANKIND.

HOLLOWAY'S PILLS.

A BOON TO THE SICK!

The want of a sterling medicinal preparation to meet the many "ills that flesh is heir to," and one entirely free from minerals and other deleterious particles, was severely felt till this all powerful medicine was ushered into the world. *Holloway's invaluable Pills* have become the *Household remedy* of all nations. Their attribute is to *prevent* as well as to *cure*. They attack the *root* of the complaint, and thus by removing the hidden cause of disease, re-invigorate and restore the drooping energies of the system, assisting nature in her task of *vital* and *functionary reformation*.

INDIGESTION,

The great scourge of this country, as well as of all hot climates and marshy districts, yields quickly to a course of these invaluable Pills, and the digestive organs are restored to their proper tone, and fevers of all kinds avoided. It matters not in what shape this derangement exhibits itself, Holloway's searching and unerring remedy expels it from the patient's system.

GENERAL DEBILITY,

From whatever cause, *Lowness of Spirits*, and all other signs of a diseased liver, or of a general disorganization of the system, vanish under the eradicating influence of this powerful and most searching remedy, which in warm and relaxing climates act like a charm.

FEMALES

Should lose no time in trying a few doses of this regulating and renovating medicine, whatever may be their complaint. It can be taken with safety in all periodical and other disorganizations. Its effect is all but miraculous, either to young persons entering into womanhood, or to those at the turn of life.

BILIOUS COMPLAINTS.

Those who suffer from bile and liver complaints should try the effect of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, remove all impediments, cleanse the blood from all impurities, give a healthy action to the liver, and strengthen the stomach. If bilious attacks be allowed to continue without using such a preventive, fever will arise, and the sufferer be confined to a bed of sickness. These Pills are an extraordinary remedy in removing acidity from the stomach and correcting indigestion, especially in hot and swampy localities.

A CERTAIN CURE FOR COUGHS AND COLDS.

The cause of half the diseases to which humanity is liable is the mode of treating the human system when attacked with these disorders, which often lead ultimately to a fatal result. By persevering in the use of Holloway's Pills, the most obstinate cold or cough is soon checked and cured; for this medicine, by purifying the blood, regulating the secretions, checking the depraved humors, and encouraging a free perspiration, rapidly puts the system into a sound and vigorous condition, thereby enabling it to throw off the disorder. The cure is complete and permanent, particularly if Holloway's Ointment be well rubbed into the chest and throat night and morning.

COMPLAINTS INCIDENT TO CHILDREN.

In no country in the world are more children carried to an early grave than in this. Cough, measles, scarlatina, fevers and similar diseases attack the little sufferers, and death but too often follows at a rapid pace; yet, if at the first stage of the complaints parents were to have recourse to Holloway's Pills, all danger would be avoided; for the stomach and bowels being gently but effectually cleansed by this mild aperient, the depraved humours corrected, and the secretions duly regulated, a perfect cure is soon effected, and the little patient is restored to sound health.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Dysentery	Liver complaints	Tic-Doloureux
Asthma	Erysipelas	Lumbago	Tumours
Bili's Complaints	Female Irregularities	Piles	Ulcers
Blotches on Skin	Fevers, all kinds	Retention of Urine	Venereal Affections
Bow'l complaints	Fits	Scrofula, or King's Evil	Worms, all kinds
Colics	Gout	Sore Throats	Weakness, from whatever cause
Constipation of the Bowels	Head-ache	Stone and Gravel	&c., &c.
Consumption	Indigestion	Secondary Symptoms	
Debility	Inflammation		
Dropsy	Jaundice		

Sold at the Establishments of Professor Holloway, 244, Strand, (near Temple Bar,) London, and 80, Maiden Lane, New York; also at all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 3d., 3s 3d., and 5s box.

There is a considerable saving by taking the larger sized Box.

BURNETT'S COCOAINE!!!

The Human Hair.

HOW many persons abuse this delicate and beautiful ornament, by burning it with alchoic washes and plastering it with grease, which has no affinity for the skin and is not absorbed. It softens the hair when hard and dry.
It soothes the irritated scalp skin.
It affords the richest lustre.
It remains longest in effect.
It costs three shillings for a half pint bottle.

TESTIMONIAL.

Boston, July 19, 1857.

MESSRS. J. BURNETT, & Co.—I cannot refuse to state the salutary effect, in my own aggravated case, of your excellent Hair Oil—(Cocoaine.)

For many months my hair had been falling off, until I was fearful of losing it entirely. The skin upon my head became gradually more and more inflamed, so that I could not touch it without pain. This irritated condition I attributed to the use of various advertised hair washes, which, I have since been told, contain camphene spirit.

By the advice of my pyhsician, to whom you had shown your process of purifying the oil, I commenced its use the last week in June. The first application allayed the itching and irritation; in three or four days the redness and tenderness disappeared—the hair ceased to fall, and I have now a new growth of new hair. I trust that others, similarly afflicted, will be induced to try the same remedy.

Yours, very truly,
SUSAN B. POPE.

BURNETT'S COCOAINE.

☞ A single application renders the hair (no matter how stiff and dry) soft and glossy for several days. It is conceded by all who have used it to be the *best and cheapest hair dressing in the world.*

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral

As it has long been in constant use throughout this section, we need not do more than assure the people its *quality* is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
