Currencies

MONTREAL, Aug. 11 —(CP)—
Pound Sterling again stayed steady at 4.68 1-8 and the United States dollar was also unchanged at 1.00 on Montreal foreign exchange today. French francs held stationary at 2.64 15-16.

NEW YORK, Aug. 11 —(AP)—
A jump of nearly 1-3 cent in the Netherlands guilder, coming on the heels of suspension of payments by the Amsterdam banking house of Mendelssohn and Co., let loose a swirl of rumors in foreign exchange markets today to explain the sudden jump.

International bankers agreed, however, that it was probably a combination of three factors that sent the guilder up.

1. Some foreign exchange operators who had sold the guilder short hoping for a decline were made nervous by the Mendelssohn trouble. Hence they covered commitments pending settlements of the company's affairs.

2. A new Netherlands cabinet has just been formed, which money experts hoped would put an end to weeks of political squabbling.

3. The Dutch control fund supported the money in an effort to drive out speculators who have been keeping the guilder hopping up and down the price scale in recent months.

Eskimos Amused at Air-Conditioned Cars

CHURCHILL, MAN., Aug. 10—
Just prior to the departure of the vice-regal train from here, which carried Lord and Lady Tweedsmuir south after a short visit to this port, the train was given a close inspection by a party of Eskimos. Of particular interest to them was the work of the Canadian National car service men filling the ice bunkers of the air conditioning equipment. The party of Eskimos was taken through the train and when they emerged, with perspiration pouring down their faces partly hidden by the heavy parkas, they chattered to one another excitedly as each piece of ice was safely stored away. They laughed loudly and pointed at the ice and were completely puzzled. The white man's ways were beyond their understanding and to heat the car on the inside and put ice into it in large quantities on the outside was just too much. The white man sure must be all mixed up. Why did he not stop heating the moving igloos or stop putting ice into them. To do them both did not make sense in the Eskimos way of reasoning. They stood around for hours till the work was completed and finally went back to their boats. During the long winter nights they will tell their relatives and friends of the funny ways of the white man they saw with the moving igloos.

"CALLING ALL CARS"

LONDON, Aug. 8 —(CP)—
Lost: One 10-ton baggage car filled with bathing suits, sunburn oil, tennis racquets and beach chairs by London North-Eastern Railroad last Thursday. Railway searchers admit they are baffled. Five hundred vacationers who wanted the car still gloomy. Just in case—the car number is 83883.
