THOSE SEIZED LOBSTERS.—An Ottawa despatch of the 10th says: D. Davies, of Charlottetown, has admitted the Dominion contention that the waters of Northumberland Straits are territorial waters of Canada, and has given an undertaking to observe the close season with regard to lobsters for the future. As Mr. Davies believed he had a right to fish beyond the three-mile limit, and has admitted his error, the department has taken a lenient view of his contravention of the law, and has imposed a nominal penalty for the recent illegal fishing. Mr. Davies' lobsters seized by the officers of the department have been released.

CIVIC RULERS AGAIN IN SESSION.

THERE was a large attendance of spectators at the regular monthly meeting of the City Council last evening, many of whom gathered in anticipation of more cross-firing and recrimination. But nothing of the kind occurred. The business was transacted in a business-like way, and the meeting adjourned at an early hour.

Mayor Lawson occupied the chair, and every member of the Board, except Councillor Douse, was in his place.

The minutes of the last regular meeting were read and adopted without amendment. The minutes of the special meeting to consider the Park Roadway matter were not allowed to stand, however. On motion of Councillor Haszard, seconded by Councillor Hughes, a resolution moved by Councillor Tanton and not seconded was ordered to be expunged from the minutes; and after the word "Mayor" in that portion of the minutes relating to the leaving without permission of four members of the Board, the following words were added, "Owing to the fact that the Mayor declined to put from the chair a motion regularly moved by Councillor Hughes and seconded by Councillor Douse."

The payment of a number of bills was confirmed, and several others were ordered to be paid.

A letter was read from A. A. McLean, barrister-at-law, claiming damages on behalf of Mrs. McInnis for injuries received by her some time ago in consequence of an obstruction on the sidewalk on Dorchester Street. Referred to the Finance Committee and Recorder.

Mr. John Bolger made another contribution to the literature of the "Bolger Nuisance." He complained that the water from the street gutter ran into the cellar of his premises on Water Street, and asked that a remedy be provided. The letter was referred to the Finance Committee.

A letter was read from Prof. Robertson, Dairy Commissioner, asking permission to put down in the street a wooden box about one foot square on the outside in which would be placed an iron pipe, the apparatus to be used for conveying steam from the Royal Electric Company's station to the Dairy Station where butter making is to be prosecuted during the coming winter; the box to be covered over to the depth of a foot or more and the work to be done in such manner as the City Surveyor may direct. The letter was referred to the City Surveyor with authority to take action in the matter.

The Water Commissioners asked the Council to authorize an issue of debentures to the amount of $500, the money being required towards payment of a balance due for hydrants and gates as per settlement agreed upon by the Commissioners with the representative of the contractors. Their letter was referred to the Finance Committee and Mayor with full power.

A letter was read from Captain Finlayson, of the Hook & Ladder Company, complaining of the unsafe condition of the ladders now used by the Company, and asking for a new set of light ladders and an extension ladder. Referred to the Fire Board with authority to take action.

Councillor Haszard moved the following resolution, which was seconded by Councillor Fennell and carried:

Resolved, That His Honor the Recorder be requested to prepare the contract for the Electric Light Company in accordance with the specification and conditions, and also the agreement signed by James Waddell, Superintendent, and have said contract signed by the Mayor.

Councillor Hughes reported that the Street Committee did not see their way clear to put down any more new crossings until the work on their books and already promised was attended to.

Meeting adjourned sine die.

ABEGWEITS 5; ST. DUNSTAN'S 4.

The fact that it is practically impossible to judge a football team by previous matches was well exemplified in the Abegweit-St. Dunstan's match at the Park yesterday. The Prince of Wales team first defeated the Abegweits; St. Dunstan's won from Prince of Wales, and yesterday the Abegweits upset all calculations and ably bore out the confidence placed in them by their supporters by defeating St. Dunstan's in one of the best matches of the season. In the first half the Abegweits had the sun in their eyes, and the Saint's played all around their opponents and scored a try a few minutes after play began, but failed to kick a goal. The lack of practice on the part of the Abbies was apparent at the outset, and their wings could not hold those of the College, who broke through at will and blocked to perfection. In the second half, however, the Abegweits seemed to get fresh courage, and although they had one or two narrow escapes they rushed the ball up to the College goal and secured a try. No goal. For about half the second part the ball was mostly in centre, with no material advantage to either side. A few minutes from time the Abbies rushed the ball through St. Dunstan's line, kicked it across and forced the Collegians to rouge for safety just two minutes from time. The game was called with the ball in College territory. Abegweits 5, St. Dunstan's 4.

For the Abegweits, McQuillan, Duffy, Handrahan and Flood did the work; while Duffy, Joe Gallant, Foley and Blake made most of the gains for the College. Fred Haszard refereed the game in an impartial manner.

PERSONAL.

Rev. A. E. Burke, of Alberton, is in town to-day.

Councillor Douse left yesterday on a holiday trip to Boston.

Mr. H. J. Massey, the popular insurance agent, is among the latest arrivals at the Hotel Davies.

Dr. R. Macneill, of Stanley, and Dr. Darrach, of Kensington, are registered at the Hotel Davies.

Mr. Byron N. Barns, the well-known commercial traveller, is here with a full line of samples. He is at the Hotel Davies.

Mr. D. A. Lawson, the popular station agent at St. Peter's Bay, is in the city with his daughter. They are at the Queen Hotel.

Mr. W. J. Cox took duty on Sunday, Oct. 20th, at Aylesford, for Rev. J. M. C. Wade, M. A., who has been seriously ill, but is now somewhat better.—King's College Record.

Mr. Wilfred Forbes, son of Hon. George Forbes, returned from Boston this morning, and left for home this afternoon in the Jacques Cartier. He was registered at the Queen to-day.

Revs. W. P. Archibald, Cavendish, W. A. Manson, Georgetown, and A. Craige, Mount Stewart, are among the guests at the Queen. They are in attendance at the meeting of Presbytery.

Mr. J. B. Nixon, of Toronto, is among the guests at the Hotel Davies. He comes here to institute a Commandery of Knight Templars. The work of organizing will begin to-night in the Masonic Lodge Room and will probably not be concluded before to-morrow evening.

COMFORT FOR THE GUARDS O BROOKYN BRIDGE CARS.

It doesn't seem much of a snap to be a guard on a Brooklyn Bridge car when nipping winds are careering around, and the thermometer is making a big effort to lower its own record. But these men are not so badly off after all, their uniforms being made with an interlining of Fibre Chamois throughout, and with this comforting protection they can enjoy even the wildest days without suffering from cold. Most men similarly employed nearer home have taken advantage of the wonderful warmth given by this wind-proof interlining, and all outdoor workers should know that a layer of it will protect them from the stormiest frosty weather, keeping the body in a healthful glow, without adding a burdensome weight.

Put Money in thy Purse.

Put your money back. You need only pay half the price now. High prices are no more. In spite of distrust, a good article can be had at a cheap rate. Since the Bordeaux Claret Co. came into the field with their cheap wines, imported directly from Bordeaux, there is less demand for the long prices. People want this cheap wine at $3 and $4 per dozen quarts. It hardly seems possible—for wine has been associated with long prices. Yes, long profits, but enormous sales at cheap rates make profits, too. And this is the position:—The people have good wine, wholesome, strengthening, which they can use freely without being impoverished at nominal prices. Address—Bordeaux Claret Co., 30 Hospital Street, Montreal. 246

A WORD TO THE WISE.—Mr. George Carver is determined to do all he can to meet the conveniences of his increasing number of customers. He has removed his restaurant from Kent to Grafton street, opposite the Post Office, where he has fitted up attractive dining rooms. They have been handsomely furnished by Mark Wright & Co. The excellent quality of George's oysters, also well known, and now that he has removed to a more public and a more convenient stand increased patronage and greater success is a certainty to him.

FORESTERS.—The regular meeting of Court Avondale will be held at 8 p. m. to-night. Financial questions of great importance will be considered at this meeting.
