Prepared for you from the WORLD'S CHOICEST COFFEE BEANS

Choicest coffee beans from the world's finest plantations are selected for preparing Nescafe. First the coffee beans are freshly roasted. Then the coffee is brewed and the soluble coffee solids, the part that contains the aroma and flavor, are extracted and carbohydrates are added solely to seal in all the coffee goodness.

All you do is just measure one tea-spoonful right into the cup—pour on boiling water—and stir. One taste and you'll know why more people drink Nescafe . . . for pure coffee enjoyment. No fuss or bother—no wait. More economical, too, than ordinary coffee making. You save up to 40¢ a pound when you enjoy Nescafe.

NESCAFE

(Nestlé's Condensed Milk-CAFAY) is the exclusive registered trade mark of Nestlé's Milk Products (Canada) Limited to designate this soluble coffee product which is composed of equal parts of very soluble coffee and added sugar. Contains Vitamin B₁ (Thiamine) and Vitamin C (Ascorbic Acid) added solely to protect the flavor.

I'm Impressed! I have in front of me while I write this, a new LIGHTNING SLIDE FASTENER. You know what they say about these wonderful zippers? . . . "They look where they stop!" Well, it's true! You see, Lightning and only Lightning has the famous automatic lock. The Lightning zipper has flexibility, too—it fits as neatly as a seam. And there's a wide and wonderful range of Lightning sizes to finish every costume to perfection. For slacks or skirts, I recommend sturdy Style 804 or 805. And for the fashion-wise fit of your "Special Occasion" costumes, lightweight Style 703 is ideal. Lightning has colours, too, to match your costumes perfectly. Ask for Lightning Slide Fasteners—they were the first and they're still the best!

You're Bound to have your hands in water a great deal of the time, whether you wash your clothes in a tub or a washing machine. That's why it's so important to use a laundry soap that not only gets clothes dashing clean and white, but is ever so easy on your hands! That's DUS! Every day, more and more women who've been experimenting with some of those noxious chemicals are changing to Dus—for white, white washes without red hands! You see, Dus combines great quantities of rich, real soap with two active detergents. It's safe for the pretty colours in your wash—and really kind to your hands! Try Dus next washday and see for yourself how Dus does Everything!

Do You Have An "After School" Problem of a lovable little boy or girl, with an almost endless appetite for foods? Then here's what I'd suggest. Spread a thick slice of bread with WAGSTAFFE PURE RASPBERRY JAM—it's delicious! And so wholesome, too. For Wagstaffe uses only the best of raspberries—cooked with three sugar to make this rich, delicious jam. See the thick, well-jelled consistency of Wagstaffe Pure Raspberry Jam—the clear, deep colour! That's the sign of "good jam". And I put Wagstaffe Pure Strawberry Jam and Wagstaffe Pure Black Currant Jam on my list, too, as quality jams with extra rich flavour. Look for Wagstaffe at your grocer's when you shop. Remember, the name Wagstaffe stands for quality.

There's One Summer Visitor that's far from welcome in any home—that's Mr. Moth. Best way I know to keep him out of your home is to starve him to death by mothproofing your winter clothes with LARVEX! Mr. Moth will starve to death rather than eat anything that's been Larvex-treated. And Larvex is so easy to use! There's no need to wrap and store away—one spraying actually mothproofs the cloth for a whole year. What's more, you can wear the Larvex-treated garments right away, for there's no tell-tale odour. Another thing I like about Larvex—it's so inexpensive. Costs no more to Larvex a suit than to have it dry-cleaned!
