THE DAILY EXAMINER.

MARCH 26, 1894.

THE STANLEY.

We readily admit that the Guardian acted in good faith in respect to the Stanley's coming to Charlottetown. Yet the telegram published by THE EXAMINER on Saturday was without doubt *bona fide*. This fact, led THE EXAMINER too hastily to the conclusion that the Guardian had tried to make a point against the Government. We are glad to be able to state that this was an error, and we now withdraw wholly the implication against our contemporary.

It is pleasing, too, to know that the Stanley came to Charlottetown as soon as it was possible for her to come. Charlottetown is the destination of about seven-eighths of her freight and passengers, and when compelled to go to Georgetown a very large addition is made to the expenditures of our merchants and the travelling public. The Government are to be credited with having acceded to the request of the Charlottetown Board of Trade and lowered the rates of freight to the summer standard, thereby inducing a larger traffic by the Stanley than in any previous year; and the coming of the Stanley to Charlottetown upon the first day that she could do so shows that both the Government and Captain Finlayson have the interests of the public at heart.

Considering the extreme severity of the winter, the regularity with which the Stanley made her passages is wonderful. Every reasonable man must be satisfied with the Stanley's work in the present season. Of course we might have still better means of winter communication. Many persons contend for a tunnel; others think that quicker passages could be made by a winter steamer plying between the capes, and some have faith in the West Cape and Richibucto project. But all must agree in the opinion that the best possible use has been made of the Stanley upon the Georgetown-Pictou route. The satisfaction thus afforded the Government and the public is, without doubt, largely due to the skill and care of Captain Finlayson. We hope, therefore, that the Government will, ere long, recognize the ability of Captain Finlayson in a practical way. It is needless to say that Captain Finlayson occupies a highly responsible and onerous position, while his pay, as we pointed out some time ago, is not so great as that of many a clerk whose hours are short, whose anxiety is small, and whose responsibility is *nil*.

SCOTT ACT AMENDMENT.

It is understood that Mr. Davies' bill for the alteration of the jurisdiction of magistrates under the Scott Act was framed at the suggestion of the Attorney-General of this Province and that it provides for the appointment of Stipendiary-Magistrates to be distributed over the country. If this be so, it is needless to say the stipends of the magistrates will have to be paid by the people of the Provinces. This looks like a dodge to make the Scott Act unpopular in the country and so get rid of it. Everyone knows that the mere appointment of a few grit lawyers to be magistrates will not render the act any more operative than it is at present, and that tax-payers will protest against additional expenditures, increasing the burden which they will shortly be compelled to assume. By his order that summonses shall not be issued until the evidence in each case has been submitted to him and approved, and by his plan of delaying warrants and imprisoning convicted liquor dealers according to his own sweet will, the Attorney-General has interfered with the operation of the Scott Act. Now it is proposed, if the press reports are reliable, to give it the finishing stroke, so far as this Province is concerned. When the Scott Act is openly and persistently, and for years, violated to such an extent that drunkenness is rampant, as it was in Charlottetown, we have no use for it But we believe that it can easily be enforced in the country districts, if only the Government will do its duty. At any rate we protest against any attempt being made to get rid of it by an indirect or underhand way.

NOTES AND COMMENTS.

—Montreal Gazette: Premier Peters, of Prince Edward Island, has caught the jargon of the Georgites. He thinks it wrong to tax industry, thrift and enterprise, but right to levy upon land. The farmer who pays Mr. Peters' proposed land tax will, however, pay it out of the proceeds of his industry, thrift and enterprise, and probably will not be able to appreciate the fineness of Mr. Peters' distinction

—Montreal Gazette: Reports from New Brunswick say the imports of foreign pork into that province are falling off. The lumbermen are using beef more largely, and hog raising has developed, till between the farmers of the province and those of Prince Edward Island, places which used to buy pork from St. John are now offering to sell it in that city. This is a state of affairs that has grown up under a protective tariff which takes the farmers' interest into consideration, and it is a good state of affairs.

—In twelve years the Liberal Government in Nova Scotia has increased the debt of the province by 200 per cent., and on its being sustained in the elections of last week, the Liberal opposition at Ottawa congratulated the Premier on his success. The Montreal Gazette remarks: If the Liberals at Ottawa think the record of Mr. Fielding at Halifax is something to be proud of, how much, if they had the chance, would they think it necessary to add to the debt of the Dominion to be entitled to a return of the compliment from the victor of Thursday?

THE TAXATION QUESTION.

Hon. B. Rogers is holding a series of meetings in his district to discuss what measures of taxation his constituents would allow him to vote for. Concerning the meetings already held at Bloomfield, Tignish and Alberton, all of which were largely attended, a correspondent writes: "He (Rogers) could not get one person to vote for a resolution in favor of any measure of taxation until the Government cut down expenditure to the very lowest point, and then if taxation was necessary, the bill should be first submitted to the Legislature, the House dissolved for a recess given so that the bill might be properly discussed throughout the Island. In the discussion some of the items of expenditure that were recommended to be trimmed down was in connect on with the public offices, such as opening the offices at 8 a. m., and closing at 6 p. m., thereby making one clerk do the work of two, also the dismissal of all the school inspectors and merging the office of Superintendent of Education and Clerk's office into one, and thereby saving $1,000 per year.

THE NATURAL HISTORY SOCIETY.

EDWARD BAYFIELD Esq., has presented to the Natural History Society of P. E. Island a valuable cabinet of shells collected from the Gulf and River St. Lawrence by the late Admiral H. W. Bayfield, during his survey of these waters. The collection is one of the most interesting in these Provinces as it represents the various sections of the wide field covered by the Admiralty Survey. It contains a large number of specimens of each of the seventy-six species represented, and exhibits these in their many forms and varieties.

Some of the specimens are very fine. Several Natica, Veni, and Mactras from the Gulf, and some Unios and Paludinas from the River St. Lawrence are really magnificent shells, while many smaller species are represented by exquisite samples of their kind.

The society is to be congratulated on obtaining so valuable an addition to their museum and one which will be always esteemed as a souvenir of a deeply respected citizen. Following is a list of the species included in the cabinet, as determined by Mr. F. Bain:—

EASTER SERVICES.

ALL the gloom of the Lenten season was dispelled yesterday by an outburst of liturgical splendor at St. Dunstan's Cathedral. Easter was celebrated with that pomp and grandeur with which the Catholic Church always surrounds her great feasts. At ten o'clock solemn Pontifical Mass was celebrated by His Lordship the Bishop, assisted by Rev. J. C. McMillan, D. D., as arch-priest, Revs. D. B. Reid and P. J. Hogan as deacons of honor, and Revs. James Morrison, D. D., and A. J. McDougall as deacon and subdeacon of mass. The different details of the solemn service were carried out with all the pomp of the Church's ceremonial, under the careful direction of the Rev. Ignatius R. A. McDonald. The assistant masters of ceremonies, the censer-bearer, and the pontifical insignia-bearers were chosen from the well-trained altar-boys, who discharged their duties with grace and precision. The altra decorations were rich and tasteful. The main altar presented a strikingly beautiful and impressive appearance. It literally blazed with multi-colored lights, artistically arranged among brilliant flowers set in vases of Italian marble and nicely trimmed pots. An able sermon was preached by Rev. A. McAulay, who took for his text St. John 20-16: "Jesus said unto her: Mary. She said unto Him: Rabboni, that is to say Master.

The musical part of the services was under the direction of Mr. S. Blanchard, the Cathedral organist, and to his skill, good taste and untiring labor is mainly due the high degree of excellency which the St. Dunstan's Choir has attained. The music prepared for the occasion was classic, and of high artistic merit. It was as follows:—

Introit	Pustet
Kyrie and Gloria	Mozart's 1st Mass
Credo	Weber's Mass in G
Incarnatus est	From Peter's Mass in D
Offertory	
	Jesu Dulcis Memoria (Newcombe)
Sanctus	Weber's Mass in G
Benedictus	
	Weber's in G (by Mrs. Byrne)
Agnus Dei	
	Weber's Mass in G—solos by Mrs. Byrne, Mrs. Blake and Prof. Caven
Communion	Pestet

Mr. Blanchard, who acted as director, showed himself an accomplished musician. The choir was assisted by a small though efficient orchestra made up as follows: 1st violin, Miss McDonald; piccolo, Mr. R. Johnson; violin cello, Mr. J. O. Arsenault; 1st cornet, Mr. J. F. Gallant; 2nd cornet, Mr. John Blake; organist, Mr. Blanchard.

There was that *ensemble* about their playing which musicians require. No undue prominence was given any one instrument, but all blended harmoniously, producing occasionally some of the most sublime and soul-stirring chords, to which we have had the pleasure of listening. Miss McDonald, who played some short solos, is not only a musician, but likewise a perfect master of technique.

The singing of the choir was fully up to their former performances. The solos by Mrs. Blake, Mrs. Byrne and Messrs. Caven and Hermans were exceedingly well rendered. In fact, the music throughout, was such as befitted the occasion.

In the evening Pontifical Vespers were sung, followed by Benediction of the Blessed Sacrament. The music on this occasion was the best we have ever heard in the Cathedral, and much credit is due Mr. Blanchard, together with all those who assisted him, for the efficient manner in which the following selections were rendered:—

Psalms	Pustet
Laudate	Zingarelli
Magnificat	Emmerig
Regina Coeli	Lambellotte
O Salutaris	Pustet
Tantum Ergo	Rossi

AT ST. PETER'S CATHEDRAL

the Priest Incumbent was celebrant at the first and second plain celebrations of Holy Communion at 7.15 and 8 o'clock respectively. The Rev. T. H. Hunt was celebrant at the third, fully choral, celebration at 11 o'clock. At this last, Cambridge's Service in E was sung, and for the post communion "I am the Living Bread." During the ablutions the organist played "I know that my Redeemer liveth," and after the service Mendelssohn's March in Athalie. The Rev. James Simpson preached the sermon. There was a large number of communicants at these three services. The Altar, vested in new embroidered white hangings and laden with a wealth of flowers, presented a beautiful appearance, especially when the lights were burning. Matins was said in the chapel immediately before the third celebration. Before evensong the organist played Viviani's Easter Festal March. Tallis' festival setting of evensong was sung, the psalms being, as usual, sung to Gregorian music. Bunnet's beautiful music for the Magnificat and Nunc Dimittis was chosen, and, with all the other music of the day, was rendered very effectively by the large choir. The Incumbent preached at this service also, at the close of which the choir, having marched in procession around the church singing "Come, ye faithful," proceeded to the sanctuary, where a solemn Te Deum was sung. Sir Herbert Oakely's Festival March in E flat was played as the congregation left the church. The church was crowded at the two principal services, which were among the most joyful in the history of the church.

FIRST METHODIST CHURCH.

The Easter services at the First Methodist Church were largely attended. In the morning the pastor, Rev. W. W. Brewer, preached from Mark 16-6, "He is risen; He is not here, behold the place where they laid Him." The evening sermon was especially solemn and impressive, the pastor preaching from the text "But some men will say how are the dead raised up, and with what body do they come." 1st cor. 15-35. The sermon was one of the finest and most impressive ever given by the rev. gentleman during his pastorate in this city. The Easter music by the choir under Mr. Earle was pronounced by connoiseurs to be the best ever given in the church.

ST. PAUL'S CHURCH.

The Easter services in St. Paul's Church yesterday were well attended. The rector, Rev. W. Hamlyn, preached at the morning and evening services. Both sermons referred especially to Easter, and were replete with good practical advice. An early celebration of Holy Communion was held at 8.30, at all of which services the pastor officiated.

ST. JAMES' CHURCH.

At the morning service in St. James' Church yesterday, the Easter Anthem "Thanks be to God," by Sudds, was beautifully rendered by the choir under the direction of Mr. J. E. Bell, and a sermon appropriate to the occasion was preached by the pastor, Rev. Mr. Fullerton.

ZION CHURCH.

The services at Zion Church were also well attended. The preacher was Rev. Mr. Thompson, of Bedeque. The choir rendered appropriate music in good style, Miss Fraser presiding at the organ.

OTHER CHURCHES.

The services in the Second Methodist Church and the Baptist Church yesterday were also well attended, and music appropriate to the services was well rendered.

SOME CHANGES IN THE TARIFF.

OTTAWA, March 26.

The introduction of the new tariff bill to-morrow is regarded here as one of the most important political events since the introduction of the National Policy. It is expected that Hon. Mr. Foster will take up four or five hours in explaining the tariff changes.

It is currently reported that the net result of the Government's proposals will involve a reduction in taxation amounting to one million and a half dollars. Details of the bill are carefully guarded, but rumor has it that an important reduction may be expected in the duties on cottons and agricultural implements, and a lesser reduction on woolens and manufacturers of iron, though there will be no change in the duty on corn.

A Very Sad Death.

LONDON, March 26.

On Monday, Mrs. Fielding, widow of the late Rev. Charles Fielding, and uncle of the Earl of Denbijh, disappeared from her home in Oxford Her dead body was found in the River Cherwell at Oxford yesterday. There is every evidence that she committed suicide while suffering from mental depression resulting from the death of her husband.

GENERAL TELEGRAPHIC NEWS.

WASHINGTON, March 22. — Secretary Gresham was before the house committee on foreign affairs to-day concerning status of Behring Sea affairs. It appears, according to the secretary's statement, that by the terms of the treaty of arbitration, both Great Britain and the United States bound themselves to abide by the decision of the court of arbitration. It is pointed out that the proposed British bill gives British naval officers direct action in executing the restrictive regulations, whereas the court made the regulations imperative and mandatory.

LEOMINSTER, Mass., March 22.—John Edward Young, of Shirley, was arrested late this afternoon at Liominster Centre on a charge of attempting to wreck a train on the Fitchburg railroad, near the Lunenburg depot. It is asserted that Young placed a pile of sleepers, or railroad ties, on the track. The engine was damaged, but not derailed.

OMAHA, Neb., March 22.—The blizzard which has been raging over the northwest for forty-eight hours, continued to-day in Western and Central Nebraska, Eastern Wyoming and Black Hills. All trains on the Union Pacific between North Platte and Cheyenne are still tied up, but rotary plows are out and great efforts will be made to clear up the roads, and trains left Omaha this evening west bound. The snow is a foot on the level and four feet and more in the drift. The effects of the blizzard will be serious, as all the big ranches in the district covered by the deep snow are unprotected.

WASHINGTON, March 22.—The Chilian claims commission to-day rejected one of the largest claims put forward by the American side when it sustained a motion to dismiss the Grace cases, amounting to $2,250,000. The reason assigned was that the claimants, having given aid and comfort to Peru during the last war, the claim, which grew out of violated nitrate contracts, was specially barred by the treaty creating the commission.

Real merit is characteristic of Hood's Sarsaparilla, and is manifested every day in the remarkable cures the medicine accomplishes.

The Seed Business.

To those not acquainted with us, the following facts may prove interesting:—We have carried on a Seed Business in this city for fourteen years. We have always tried to merit success, have kept the best Seeds procurable, sold at moderate prices, and treated our customers as well as possible. Our business has increased year by year, and the largest increase of all was in 1893. For many years we have had the largest Seed Business in P. E. Island. We have now the largest business of the kind in the Maritime Provinces. Nothing but genuine merit in the Seeds we sell could have brought about these results.

FOLLOW THE CROWD!

This is a wise rule when buying seeds. People don't rush to buy poor seeds, but they do crowd to Carter's Seed Store every season, because they know the value of the seeds. This is not "blow" but simple fact. Poor seeds tell their own story when they grow, so do good ones. Buy those that have told a good story for years past. They are CARTER'S.

A Clear Statement of Facts.

Our competitors in the WALL PAPER trade seem to be anxious to advise the public as to what kind of Rolls to buy, whether 8 yard, 12 yard or 16 yard. For the convenience of customers we keep all kinds, and allow you to judge which is the most preferable. There is one statement we cannot but challenge. They say that they sell 16 yard Rolls at the same price competitors ask for 8 yards. Do they? We quote 8 yd. Paper from 3 cents per roll up, not Remnants but staple stock; 16 yard Rolls from 6 cents up. We are clearing our 12 yard ENGLISH WASHABLE at 15 and 17 cents per roll. These papers are worth 45 cents per roll. We give no bluff but genuine bargains.

Our first shipment of New American Paper, direct from the factories (in 16 yard Rolls), has just come in, and you will at once see they are the finest ever shown in Ch'town.
