Atlantic Salmon Fishing Date Changed

QUEBEC (CP) — The Atlantic salmon co-ordinating committee has decided to set back to June 5 from May 15 the opening of Atlantic salmon fishing season in provinces touching the gulf of St. Lawrence.

In a statement issued Wednesday through the Quebec maritime fisheries department, the committee also announced that the maximum catch for sportsmen will be six salmon per day and 21 per week. There is no bag limit for commercial fishermen.

The regulations apply in Quebec, New Brunswick, Nova Scotia, Prince Edward Island and on the west coast of Newfoundland.

Committee members adopted the regulations unanimously to allow Atlantic salmon to run freely into salmon rivers to spawn.

Boys' Worker Dies In Montreal

MONTREAL (CP) — Owen Dawson, founder of the Griffintown boys' club and former managing director and secretary - treasurer of the Shawbridge boys' farm and training school, died Sunday after a long illness.

Mr. Dawson was the grandson of the late Sir William Dawson, who was principal of McGill university for 40 years.

His two books, "My Story of The Boys' Farm," and "Angels I Have Met," described his work with under-privileged boys in Griffintown district.

Ford Hotel At Toronto Sold

TORONTO, (CP)—The 750-room Ford hotel has been sold to an independent holding company for a reported \$3,500,000.

The Ford was taken over by the Sheraton chain when the latter bought out the Card hotels.

An official of Sheraton hotels said a New York organization headed by Herman Sarno has taken over the hotel at downtown Bay and Dundas streets.

Higher Allowances For Vets Refused

OTTAWA (CP)—Prime Minister St. Laurent Tuesday turned down the Canadian Legion's renewed request for higher war veterans' allowances for 40,000 "burned-out" veterans and their dependents.

The prime minister and Veterans Minister Lapointe conferred for 30 minutes with a legion delegation headed by president Dr. C. B. Lumsden of Wolfville, N. S.

"We are very disappointed," Dr. Lumsden told a reporter after the meeting. "This will awaken widespread indignation and resentment among veterans."

The legion asked that war veterans' allowances at least be included in the terms of reference of the Commons veterans' affairs committee, which holds its first meeting today. The government has ruled out discussion of WVA before the committee.

"WVA is the most pressing problem in veterans legislation," Dr. Lumsden said. "We are going to bring it up in our brief to the committee even if we have to drag it in by the heels."

"We have the feeling the government is not aware how acute the need is for higher WVA."

Present basic allowance is \$50 a month for a single veteran and \$90 for a married veteran. The legion wants the rates increased to \$60 and \$120, respectively.

Total permissible ceilings allowed under WVA are \$720 a year for a single recipient and \$1,200 for a married recipient. The legion is asking that these ceilings be raised to \$1,200 and \$2,000.

One Ticket To Game Grounds For Divorce

MILWAUKEE (AP) — When a husband buys only one season ticket to avoid taking his wife to see the Milwaukee Braves play ball, its grounds for divorce, a Milwaukee woman claims.

Mrs. Nellie Ross filed suit for divorce Monday from her husband, Walter. She declared in her complaint that last year they always went together to see the ball games. This year, she related, Walter bought a season ticket just for himself, "to exclude her from attending games with him."

She also claimed her husband drank to excess and used profane language.

Ousts Houseflies With 24 Spiders

HYTHE, England (Reuters) — Start Barker and his family have rid their house of swarms of flies — by filling the house with spiders.

Barker decided a few years ago to fight the flies with 24 spiders he bought from a neighboring scientist.

Since then, other spiders of many different kinds have taken up residence in his house — apparently aware that the six Barker children have been taught to follow two rules:

1. Never harm a spider.
2. Never touch a spider web until you're sure it is no longer in use.

The 51-year-old consulting engineer said the spiders are "clean and cause no trouble."

CRASH ENDS MILE RUN

PHILADELPHIA, (AP) — A huge tractor-trailer loaded with 29,000 pounds of dried milk roared down a mile-long hill and plowed into a busy line of Sunday traffic, injuring nine persons and wrecking five cars before coming to rest on its side. One of the injured, 77-year-old woman, died of a heart attack.
