

# Benefits

Continued from page 6

## Out of Province Emergency Medical Services

Reimbursement for expenses related to emergency illness or injuries that occur outside of Prince Edward Island up to a maximum of 60 days. Includes, but not limited to the services of: licensed hospital (ward or semi-private), physicians, surgeons, anaesthetist, registered nurse, diagnostic x-rays, licensed ambulance, and rental of crutches, splints or trusses. A toll free number gives you 24 hour access to the Travel Assistance Benefit (through World Access), providing you emergency payment assistance for eligible hospital/medical expenses over \$200. For more information please see the schedule of benefits in the master contract. Before you travel pick up a Travel Assistance Benefit ID card/sticker, information pamphlet and booklet *Benefits of Your Student Health Plan* from the Health Plan Administrator. This benefit does not cover referrals.

## ARE YOU PLANNING TO OPT-OUT OF THE STUDENT HEALTH PLAN?

**\*Here's the Top 5 List\* of Reasons Not To:**

1. The Student Health Plan offers benefits that have been specifically designed to meet the needs of students - your needs. Better double check your benefits to make sure you aren't missing out on important coverage.
2. The Student Health Plan is completely confidential - no one will know what medical expenses you are claiming, or why.
3. The Student Health Plan reimburses YOU directly, for any medical expenses.
4. You can combine benefits of your current plan with the Student Health Plan to increase the amount of coverage available to you.
5. The Student Health Plan helps those students most in need. By everyone paying a little, you can reduce the costs for students with need.
