### Large Crowd Hears Hi-Fi Performance

A good-will demonstration of R.C.A. Victor Stereo-orthophonic High Fidelity, presented by R. T. Holman's at their Charlotte town store last night, was attended by a large number. The demonstration, under the direction of Fremont Archer, merchandising supervisor, was attended by Carl Bowers, Halifax, District Manager of R.C.A. Victor for the Maritimes and Newfoundland, and Robert Crosby, Maritime representative. A short film explained the technical production of Stereo-orthophonic sound. It showed the cutting of a V-shaped groove in the record, with the sound from one source being recorded on one side of the groove and the sound from a second source being recorded on the other side. A specially designed stylus connected to a twin-unit pickup takes the sound from one side, sending it out through one speaker, and also takes the sound from the other side sending it out through the second speaker. The result is Stereo-orthophonic sound. Mr. Crosby also played several records to demonstrate the difference between conventional recorded music and that of Stereo-orthophonic, after which he explained many points to questions from the audience.

### Fire Destroys Old Murray Harbour Landmark Thursday

MURRAY HARBOUR—A fire of unknown origin completely destroyed the nine-room home of Mrs. Roland LeLacheur of Murray Harbour about 1:30 yesterday morning. The fire was discovered by Mrs. LeLacheur. It was thought to have started in the kitchen. Mrs. LeLacheur escaped unharmed. Only a piano and chestfield were removed before flames blocked the exits. Mrs. LeLacheur returned from Ontario about one month ago, where she had been living since the death of her husband. She is now at the home of her sister, Mrs. W. Bell. The nine-room home was one of Murray Harbour's old landmarks.

### M.H.S. NOTES Students Will Canvass Home For Library Books

Montague High School is proud of Jean LeLacheur and Elmer Hynes, from Georgetown and Summerville respectively. Jean and Elmer are members of the Grade XII class at M.H.S. and they have been selected, as active 4-H Club members, to attend the Royal Winter Fair in Toronto. This should be an educational and exciting trip for these two students. The public speaking club of M.H.S. plans to appoint several students to canvass the home in Montague for suitable books for the school library. Your contributions will be gratefully accepted by Montague High. Our school newspaper, The Monitor, has been published and distributed among the students. The dreaded quarterly exams are over at last. The results are being received by anxious students this week who can now sigh with relief, now that these exams are over. However, there are three sets of exams remaining for students to anticipate, so none should feel too badly!

### Souris Credit Union Holds Annual Meeting

SOURIS — Souris Credit Union held the sixth annual meeting in the Credit Union hall with a large attendance. Elmer Doucette, president, reported on the aims and progress of the Credit Union which was organized in June 1954 with a charter membership of 25. Membership to date has risen to 123. 12 monthly meetings and two special meetings were held during the year. Many recommendations from the credit and supervisory committees were dealt with at these meetings. ASSETS Mrs. Art Paquet, treasurer, reported assets of over six thousand dollars. Paul McPhee, credit committee chairman, reported all loans given careful consideration. Mrs. Paul McPhee, supervisory committee reported the books were audited every month. Leo Douron made the yearly audit—and found the books in order. He thanked Mr. and Mrs. Michael La Vie for their co-operation in the audit. The president thanked the committee for their report and asked for the same co-operation given him during the past year. ADVANTAGE — Rev. J. J. Dunphy was guest speaker, he stressed the advantage of being a credit union member. This applies especially to the heads of families. Children should be encouraged to save in a credit union and encouraged to work with a purpose. Mr. Ver Hoven, manager of Souris Co-op Store in his address mentioned the advantage of members borrowing from their credit union. It is not the size that is important in the Credit Union movement but the things we do to help people. The president thanked the speakers for their attendance and words of encouragement. The meeting closed with the National Anthem followed by a social hour and lunch.
