AWAKE NIGHTS ASLEEP DAYS
Many people never seem to get a good night's rest. They toss and turn in bed—and then are dull and listless throughout the day. All of which may be due to a temporary toxic condition which calls for the use of Dodd's Kidney Pills. Healthy kidneys filter poisons and excess acids from the blood. If they slow down and impurities stay in the system, disturbed rest, tired feeling and backache often follow. If you don't rest well at night—if you haven't that sprightly step of health in the daytime—use Dodd's Kidney Pills. You can depend on Dodd's!

New Set

(Continued from page 1) behalf", and must do such business on Prince Edward Island. To be appointed by the Lieutenant-Governor-in-Council, dealer members of the first Board to be set up under the new plan would be named from persons suggested by the Potato Dealers Association, and the grower members from those nominated by the Potato Producers Association.

PLEASES PREMIER
While pointing out that the plan as outlined by the producer group could not be considered final from the government's standpoint, Premier Matheson stated that it appeared to be a good one.

"I am inclined to put it through", he said. The leader of the government recalled that the Producer's Association had been subjected to considerable criticism in the past year from several sources. "They said they would do something, and now they have done it," he observed.

Continuation of the Marketing Board, even though under a somewhat different set-up would ensure the continuance of the "agreed charge" arrangements now in effect with the railroads, Hon. Eugene Cullen, the minister of agriculture, remarked.

Voiding this agreement would mean the loss of thousands of dollars to the potato growers of the Province, he added.

PURPOSES, POWERS
As outlined in section one of the producers proposal the new plan has five major purposes: to encourage the production and marketing of high quality potatoes; to curtail the spread or development of serious potato diseases; to eliminate unethical practices and to prevent unnecessary costs in the marketing of potatoes; to investigate and develop markets for Prince Edward Island potatoes; and to improve transportation and other market facilities.

Powers of the new Board as suggested in the Association's quiet High Mass at 9 a.m. Interment in the church cemetery.

A similar table showing the breakdown of carloads ferried from Borden to Cape Tormentine gives the following figures: butter and cheese, 10 (2); eggs, 6 (8); fish, 0 (2); livestock, 88 (60); L.C.L., 27 (67); meats, 27 (29); potatoes, 1342 (1379); turnips, 55 (205); machinery, 0 (6); canned goods, 4 (4); moss, 1 (0); pulpwood, 0 (7); scrap iron, 3 (2); vegetables, 3 (1); fertilizer, 6 (2); blueberries, 1 (0).

Chief Warns Of Crackdown P.E.I. To Stay Out Of Nfld. Strike Dispute

Charlottetown Police Chief C. W. MacArthur yesterday threatened a crackdown on traffic offenders, especially those charged with failing to stop at intersections where traffic is being directed by lights. Violations of traffic regulations at these intersections have more than tripled since March 1st, Chief MacArthur said, and he felt the only cure would be for the police to seek stiffer penalties when offenders are brought before the courts. He said since March 1st, 21 persons have appeared on charges of failing to stop at red traffic lights and in all cases convictions were obtained. Chief MacArthur declared that in nearly all cases evidence disclosed that the accused had driven through the intersection without any attempt at slowing down. Offenders, the chief said, sometimes try to avoid lights by driving through service station lots. These cases are frequently handled with more severity, the chief said. He noted most of the offenders were young drivers between 18 and 25 years of age.

Ch'town BYPU Debates Alcohol

The regular meeting of the Charlottetown B.Y.P.U. was held on Thursday in the lower Church Hall. The meeting opened with a lively sing song led by Rev. H.L. Milton, Pearl Saville and Jean Roberts led in Devotion on the subject of "Prayer for Forgiveness". Mr. Milton led in Bible Study on the "Unpardonable Sin", and "Saying No to God". The roll call was answered by 42 members. Mr. Milton introduced the program on a debate on "Alcohol". Henry Sharam as president, and the panel being made up of Dewar Harper, Gilbert Merstern, Emma Sharam, Paul Ooskes, Jack Turnbull, Barry Burhoe. The Judges were Rev. B. Jones Rev. Mr. Milton and Miss Katherine Robertson. Hon. A.A. MacIsaac, minister of labor, said yesterday, the P.E.I. labor department has no intention of becoming involved in the Newfoundland labor dispute. "The opinion of the department of labor has not been given, nor has it been asked, nor does it intend to become embroiled in affairs which are strictly those of another province," the minister said in a prepared statement, "even though these may become national or international in scope; at least until such affairs begin to effect labor relations in this province." The minister felt that the first obligation of his department was to continue to strive to improve relations between labor and management. "And this can best be accomplished by putting the labor affair of Prince Edward Island first. "I feel that labor has gone over the hump" in this province and that the coming years will see a rapid and harmonious increase in this respect." Labor Minister MacIsaac is a patient in the Provincial Sanatorium.
