Abbies, Dairy And BYC Win City Softball Games

The Sunshine Island Dairy and the Abbies continued to roll along unbeaten in the City Softball League and the B.Y.C. got back on the winning path in City Softball League games yesterday evening.

The Abbies crushed Barry's Lions 6-7 while the Dairy whipped Keefe Drug 16-3 and the B.Y.C. downed the Navy 14-6.

Father Clarence Roche won his second straight game for the B.Y.C. as he held the Navy to four scattered hits. Diets went all the way for the Tars and gave up 13 hits.

The hits were well divided among the B.Y.C. players. Junior MacLeod led the Sailors with two hits. Alf Coady of the B.Y.C. made the best defensive play of the game a fine running grab off Williams.

Charlie Bailem hurled a fine three hitter in setting down the Luckless Keefeers and winning his first league game. He struck out seven and walked four. George Schleyer pitched for the Keefeers and gave up 20 hits while striking out four.

First baseman George Bradley lashed out two home runs for the Dairy. Len Arsenault hit one to run his season's total to three and Pele MacIntyre hit his first round tripper of the campaign.

Mike Connolly had five hits in five trips while John Haughey had the longest hit for Keefe Drug a triple. Mike Connolly and George Scantlebury were the defensive stars.

The Abbies took advantage of numerous errors to tame Barry's Lions in their own den. Willie Shephard won his second game as a pitcher for the Abbies. Demps Gregory started for Barry's and was lifted in the fifth after giving up 21 runs on only six hits. He was relieved by Spud Chandler.

Will Shephard hit the only home run while brother Paddy Shephard played a fine defensive game in the outfield.

Picks Dodgers For First, Giants For Third Place

Brooklyn (AP) — Smiling Sandy Amoros Monday picked the Brooklyn Dodgers for first, the Giants for third.

Sandy thus qualified as the first baseball man in 1955 to recognize the Giants as dead and he did it in both English and Spanish, for emphasis.

It was Amoros' prerogative, for he has played a major role in putting the Dodgers atop the heap and 12 games up on the heavy-footed Giants. Sandy's early-season figures speak for themselves.

Batting—330; 27 runs batted in with six homers, 12 doubles and three triples. He's among the top 10 hitters and his 60 hits is also among the league's best.

His doubles output is second highest, the left field position. Not since Andy Patko in 1952 have the Dodgers had one man regularly in the spot. Now, with young Amoros, the club feels secure in wrist-hitting Sandy, a keen-eyed left-hitting

Small Field In View For Belmont Stakes

NEW YORK (AP)—Dedicate was withdrawn from the \$100,000 Belmont Stakes Monday and favored Nashua went through a distance workout that was enough to scare off a few more challengers. As a result the field for Saturday's 87th running for three-year-olds may draw one of the smallest fields in years.

Mrs. Jan Burke's Dedicate, winner of the Delaware Valley and Jersey Stakes, was declared out because of a bruised foot. Trainer Carey Winfrey said the injury was not serious.

Previously, Summer Tan, Nashua's early-season rival, was withdrawn because of bad legs. Swaps, Kentucky Derby winner, went right back to California and apparently will stay there until the race is cooked up later in the year.

Nashua, with Eddie Arcaro in the saddle, Monday morning did a mile and three-eighths under full steam in 2:19.85, then eased up and finished the mile and one-half in 2:33.85. That's less than three seconds slower than High Gun's winning time last year.

Controversy In Soccer Settled

LONDON (Reuters)—One of the most controversial issues in English soccer was settled Monday night when the Football Association, controlling body of the sport in England, ended its ban on the recognition of players who take part in Sunday matches.

Before this move, anyone who played soccer on Sunday, even if only for his factory or office team, was barred from playing on Saturdays or other week-days in matches under the jurisdiction of the F.A.

The alteration of the rules, made at the annual general meeting of the association here, will affect more than 100,000 players in organized Sunday soccer.

It also will apply to referees, who previously were banned from officiating at week-day soccer games if they refereed Sunday games.

Although the association relaxed its rules on individuals who play Sunday soccer, it still refuses to take any part in organizing or promoting Sunday soccer competitions among affiliated clubs.

Softball Game This Evening

Keefe Drug will play the Navy in a City Softball League game this evening on the Old Diamond at 6:15. The Abbies will meet the home run into the left field seats Monday night to give the Brooklyn Dodgers a 5-4 victory over St. Louis and hand little Luis Arroyo his first defeat of the season.

It was the fifth home run of the year for Robinson and only the fifth hit given up by the Latin lefty in the game. But it came after Gil Hodges had drawn Arroyo's sixth walk to open the final frame.

The Cardinal rookie, has won six decisions. St. Louis had given the southpaw a 4-1 lead within five innings and it looked like that

15,000 Civilians To Participate In Exercise

HALIFAX — Over 15,000 civilians will participate in the Ground Observer Corps exercise "Junebug" on Wednesday June 8th from 10 a.m. to 8 p.m. ADST. The exercise will activate 750 observation posts in 54 regional areas throughout Nova Scotia, New Brunswick, Prince Edward Island and the Gaspe Peninsula of Quebec.

Lancaster aircraft from Royal Canadian Air Force Station, Greenwood, N.S., Beechcraft from Maritime Air Command's 101 Communications Flight, Dartmouth, N.S., F86 Sabres from RCAF Station Chatham, N.B. and Sea Furies, Beechcraft, Harvards and Avengers from the Royal Canadian Naval Air Station Shearwater at Eastern Passage, N.S. will participate in the exercise. The Lancasters will fly more than 9,000 nautical miles of designated tracks to give observers a chance to begin GOC practice in reporting. The GOC centres at Truro, N.S., and Moncton, N.B. will plot the tracks as reported and check them with those plotted by the radar.

Exercise "Junebug" will be the largest exercise carried out by Number 7 Ground Observer Corps to date. It will be similar to the exercise "Jack Frost" which took place last November and will be the last major exercise before next fall.

U. S. Steel Wage Talks To Open

PITTSBURGH (AP)—The United Steelworkers (CIO), "unanimously determined to achieve a substantial wage increase" and a "peaceful settlement," open wage talks today with the steel industry.

The union starts negotiations with U. S. Steel Corporation and other big steel-producing firms immediately afterward.

The union's negotiating committee held a "final strategy" meeting Monday and president David J. McDonald issued this statement: "The negotiating committee of the United Steelworkers of America, a union of 600,000 members, has unanimously determined to achieve a substantial wage increase in negotiation with the steel companies before the present agreement expires June 30. The committee adopted a resolution including a phrase of 'no contract, no work,' but McDonald said negotiators are prepared 'to meet day and night if necessary to conclude mutually satisfactory agreements.'

The union has never given any indication of what it would consider a "substantial" in the way of a wage settlement for its 600,000 members employed by 96 basic steel firms and iron ore mining companies.

However, observers in the steel industry feel the union will make initial demands for as much as 25 cents more an hour and settle for something between 10 and 12 cents.

Steelworkers now earn an average of \$2.33 hourly.

Ford Agrees

night's midnight expiration of Ford's prior five-year contract. The settlement brought quick back-to-work orders from the union, and almost all the men responded by returning to their jobs.

Some stayed away, however, in apparent celebration of the agreement. A mass meeting outside the huge Rouge plant, largest in the Ford empire, at Dearborn, Mich.

COMPROMISE PLAN
Ford's guarantee wage plan represents a compromise. It supplants state jobless payments for only a 26-week period, or half a year, compared with Reuther's original demand for a full annual pay guarantee for laid-off workers.

Neither are the company payments as high as Reuther wanted. He wanted combined company and state payments aggregating 80 per cent of a worker's take-home pay. The final deal is for an aggregate of 60 to 65 per cent.

However, both Reuther and John S. Bugas, Ford vice-president for industrial relations, hailed the plan as an important new idea for safeguarding the income security of workers.

Bugas said Ford agreed to pioneer the idea only "after a great internal debate" within the company and a final realization that "we had some special responsibilities to our employees."

MAJOR CONCESSION
U.S. employers have been solidly resisting union demands for guaranteed wage plans and the Ford contract represents the first major employer concession in this regard.

Reuther immediately laid plans to press for similar settlement terms at the giant General Motors Corporation as a first step toward spreading the guaranteed wage plan throughout the auto industry and to other mass production industries with CIO unions. Reuther also heads the CIO.

"There's a Ford in GM's future," Reuther said with a grin. "There were hints, however, that GM might resist despite a strike deadline at midnight tonight. A top union official said that GM has made no guaranteed wage plan offer of any kind in separate bargaining sessions."

The Ford agreement also called for a six-cent hourly "improvement factor" raise for employees in each of the three years, beginning June 1, 1955, and more liberal pension, holiday, vacation and insurance provisions.

The contract also continues a cost-of-living clause, gearing wage rates to living cost changes but with an arrangement more favorable to the union.

Hot Race For Batting Lead In American League

NEW YORK (AP)—Young Al Kaline of Detroit Tigers, who seems to thrive on hitting streaks, is hot on the heels of teammate Harvey Kuenn in the American League batting race.

The 20-year-old outfielder, boasting a 15-game hitting streak, is swinging at a .374 clip—only four points behind Kuenn, who tops the league with .378. Figures include games through Sunday.

Kaline has been hitting in streaks since the season began. The former bonus player hit safely in the Tigers' first 14 games and after being stopped, he picked right up again to compile an 11-game streak. Then came a six-game skunk and on May 24 he embarked on his current run.

Kaline gained ground on Kuenn, who saw limited service last week because of a pulled thigh muscle. With 13 hits in 29 at bats, Kaline increased his average 13 points, while Kuenn added one point on 2-for-5.

Kansas City's Vic Power remained third at .335, but suffered a 19-point decline on 8-for-31. Mickey Vernon of Washington Senators lifted his average 44 points to .314 and advanced to fourth. The New York Yankees' Mickey Mantle lost 23 points and fell from fourth to fifth with a .306 mark.

Fleet-footed Richie Ashburn continued to hold down the top spot in the National League with his average tumbling seven times in 31 at bats.

Brooklyn's Roy Campanella displaced Don Mueller of the New York Giants as runner-up in the batting derby with .346 average. Campanella third, with .340 average, won 13-for-35 and gained six points. Mueller, meanwhile, dropped to third at .338. In going 8-for-35, he slumped 24 points.

Big Ted Kluszewski of the Cincinnati Reds led his average six points to .335 and moved

Tennis Meeting Held At S'ide

A tennis meeting was held at the Summerville Armories, last night with Mr. George Robinson in the chair. Although poorly attended a great deal of enthusiasm was displayed by the present. The main topic was "how to increase interest in tennis."

Some of the ideas brought forward were lower membership fees, more social activity, such as tennis club dances, tournaments, and tennis exhibitions by some outstanding players.

The following officers were elected for the 1955 season: President, Ronald Lead; vice-president, Tony Spencely; secretary-treasurer, Ross Lefurgy.

Study Brainwashing In Light Of New Conditions

By DAVE MCINTOSH
Canadian Press Staff Writer
OTTAWA (CP)—The defence department has been studying a new condition of warfare—brainwashing.

At the moment, the consensus in the department is that regulations governing actions and conduct of Canadian servicemen taken prisoner should not be changed.

In other words, the prisoner-of-war should supply the enemy only with his name, rank and number. Brainwashing is a Western Communist "mind-cleaning" or "re-education."

Mackenzie NOT GUILTY
The only Canadian known to have been brainwashed is RCAF Sgt. Ldr. Andy MacKenzie of Montreal, shot down in the Korean war and held prisoner by the Chinese for two years.

MacKenzie said after his release last December that after 16 months in solitary confinement he finally broke down and signed a false statement that he had "invaded Chinese air space" and been briefed to do so.

Government officials have had nothing but praise for MacKenzie's conduct. They say, too, that he was glibly and technically, MacKenzie was not guilty of helping the enemy.

The reason for this is that there is nothing in armed forces regulations which prohibits a prisoner-of-war from lying to the enemy, MacKenzie signed a false statement. The Chinese, in fact, were not interested in the truth, which was that MacKenzie had not flown over China but had been shot down

French Tennis Tourney Ends

PARIS (AP)—Davis cup champions Tony Trabert and Vic Seixas of the United States Sunday won the French international tennis tournament doubles by defeating Italy's Orlando Sirola and Nicola Pietrangeli 6-1, 4-6, 6-2, 6-4.

In the women's doubles American cants Darlene Hard and Beverly Baker Fletz of the U.S. won 7-5, 6-8, 13-11 over Britain's Pat Ware and Shirley Bloomer.

Miss Hard teamed with Gordon Forbes of South Africa to win the mixed doubles 5-7, 6-1, 6-2 over Jennifer Stanley of Australia and Luiz Ayala of Chile.

Trabert won the singles Saturday for the second straight year and Angela Mortimer of Britain won the women's singles.

INDUSTRY FOR ONTARIO TORONTO (CP)—A new Ontario industry will be established in Windsor, Hon. W. K. Warrender, minister of planning and development announced Monday.

Electric and Equipment Company of Michigan, manufacturers of automobile testing equipment, are opening a branch plant after 30 years of Canadian selling.

DIES IN CRASH
TORONTO (CP)—Brigitte Berdan, 17, who escaped through the Iron Curtain from East Germany at the age of 14, died Monday in the wreckage of a rented car which overshot a sharp turn in suburban Etobicoke and rolled over several times, police said.

time of ordeal permitted by Canadian regulations and then say to the prisoner: "You're clear under your regulations. Now confess." Such a regulation, in the opinion of officials, might condone or encourage in advance disclosure of information to the enemy beyond what now is allowed.

They say they believe that each brainwashed prisoner returned from captivity should give reasons for his conversion to the cause, there would be no court martial.
