## LETTERS TO THE EDITOR.

### Some Good Points.

SIR,—The time has now arrived when  
the people of this Island have to choose a  
new Legislature and Government, and in  
doing so to decide what shall be their policy  
in many things, for the next four years. In  
the first place the question arises, have the  
men who have had control of the Govern-  
ment for the last four years, performed  
their duties satisfactorily or not? Have  
they conducted the affairs of the Island with  
carefulness and economy? Have they ad-  
ministered the finances of this Province  
in a way that has been to the public ben-  
efit? Those are the most important ques-  
tions which will have to be considered at  
the approaching elections. Is it not pos-  
sible to bring to the consideration of them  
an unprejudiced and judicial spirit?

Now, in the first place, we must bear in mind  
that the late Government have not been  
free to carry out very much needed reforms  
in some directions. The Legislative Coun-  
cil, which is controlled by the Opposition,  
has seen fit to veto several measures which  
were introduced for the purpose of curtail-  
ing unnecessary expenditure.

There are several items of uncontrollable  
expenditure which have been fixed by law,  
under previous governments, and which  
have entirely outgrown the ability of the  
Island to support. The present Govern-  
ment have been powerless to control or  
lower those items one cent. First there is  
education, the largest item of expenditure  
the Island taxpayer has to meet. This has,  
admittedly outgrown the resources of the  
Province, and so far as the undersigned is  
aware, is the most expensive system of  
education supported by any community in  
America, or perhaps in the world. I will,  
in a future communication, give the figures  
for various communities—such as Great  
Britain and New South Wales, and also  
such wealthy States as New York,  
Pennsylvania and Ohio. I think that when  
the Island taxpayer finds out what he pays  
for education and what is paid by other  
communities much more able to bear heavy  
burdens, he will come to the conclusion  
that the education bill is entirely too large.  
Then there is the item of Legislation;  
and here is a subject on which I can scarce  
see how the Opposition can have the face  
to go before the people and explain their  
policy upon. The Island has more law-  
makers per capita than any other country  
in the world—yes, nearly ten times as  
many as any other country that I have been  
able to find out about. Just think of it!  
We have a population of about 100,000 and  
forty-five law makers. Ontario, with a  
population twenty times as great, has less  
than twice as many legislators; and New  
York State, with a population over fifty  
times as great, has less than four times as  
many. There has been no cry, as far as I  
have been able to hear, no very violent  
clamor in either of those places for more  
law makers. They think, and think right-  
ly, that they have plenty. Now, what, in  
the name of all that is reasonable, does P.  
E. Island want more than fifteen legislators  
for? If ever there was an exaggerated  
farcy in the wide world it is truly and  
surely that antiquated body known as the  
Prince Edward Island Legislative Council.  
Surely the taxpayers of this country are  
not going to maintain such a ridiculous  
imitation of what in every other province  
that has one, and even in England itself,  
is looked upon as a worse than useless  
body.

Yet, you will hear the Grit orator shout-  
ing, that to keep the country safe, and the  
sacred rights of property secure, we must  
maintain the Legislative Council at all  
hazards.

Now, I want to ask those who assail the  
financial policy of the Local Government,  
what item of expenditure do they seem to  
think is unnecessary, and where do they  
find that a dollar has been mis-spent? I  
will compare the financial history of this  
province, during the last ten years, with  
the previous ten, and also with other  
provinces of the Dominion, when I trouble you  
again.

Springfield, Jan. 8, 1890.

## To Apply for Pardon.

NEW EVIDENCE IN MRS. MAYBRICK'S FAVOR.  
The London Citizen is authority for the  
statement that the new evidence which has  
been collected in England and America in  
the case of Mrs. Maybrick is of the most  
convincing character, and needs but the  
scrutiny of the Home Secretary to con-  
vince that official of the immediate neces-  
sity of recommending that the Queen grant  
her a full and unconditional pardon. The  
nature of the new evidence is not disclosed,  
or even hinted at, but it is surmised that  
it includes a great deal of matters already  
gone over by the Court and the Home  
Secretary, in which case it is fair to assume  
that it will receive scant consideration at  
its second presentation. Among the  
rumors concerning the additional evidence  
is one to the effect that the most important  
of its features is a number of documents  
which fell into the hands of Michael May-  
brick and were suppressed by him at the  
trial, showing, in James Maybrick's own  
handwriting, that his death was due solely  
to poison self administered.

Mothers who have delicate children can  
see them daily improve and gain in flesh  
and strength by giving them that perfect food  
and medicine, Scott's Emulsion of Cod Liver Oil,  
with Hypophosphites. Dr. W. A. Hulbert,  
of Salisbury, Ills., says: "I have used Scott's  
Emulsion in cases of Scrofula and Debility.  
Results most gratifying. My little patients  
take it with pleasure." Sold by all druggists,  
50c. and \$1.00.

## Local and Other Items.

**VERY GOOD.**—During the 1889 the Mite  
Society of the Presbyterian Church, Moncton,  
collected \$620.75.

**CIVIC ELECTION.**—Councillor McRae will be  
a candidate for re-election in Ward Four.  
Councillor Horne retires in favor of George  
E. Hughes, Esq.

**COAL SHIPMENTS.**—The total coal shipments  
from Nova Scotia (reported by the Trades  
Journal) reached 1,560,150 tons, a decrease of  
15,541 tons as compared with 1888.

**LUCKY MISS YOUNG.**—Mrs. J. B. Young,  
wife of a bookkeeper for John Harvey & Co.,  
of Hamilton, Ont., had a lottery ticket given  
her by a friend in New York. The ticket  
drew \$15,000.

**HOG CHOLERA.**—Mr. George W. Ross, of  
Vanceboro, Me., has lost within two weeks  
70 hogs out of a stock of 115. of hog cholera.  
He valued the hogs, which were of a superior  
breed, at \$15 each.

**WINDSOR'S IMPORTS.**—The imports at Wind-  
sor, N. S., during 1889 amounted to \$193,581,  
an increase of \$16,441 over the previous year.  
The exports totalled \$149,689, an increase of  
\$15,467. The export of plaster was 145,358  
tons, an increase of 50,855 tons.

**THE CHALLENGE ACCEPTED.**—Peter Jack-  
son, the colored Australian pugilist, has sent  
a despatch to the United States announcing  
his acceptance of the challenge of John L.  
Sullivan to fight for £1,000 a side. Jackson  
will sail for New York about January 15.

"I use Ayer's Cherry Pectoral freely in  
my practice, and recommend it in cases of  
whooping cough among children, having found  
it more certain to cure that troublesome dis-  
ease than any other medicine I know of."  
—So says Dr. Bartlett, of Concord, Mass.

**SCOTT ACT IN ST. STEPHEN.**—There was  
one Scott Act conviction in the St. Stephen,  
N. B., police court during the month of De-  
cember, and the town treasurer has now \$950  
of Scott Act money on hand. There were  
eleven convictions for drunkenness and other  
offences in the court during the month, but  
the police magistrate in his report states that  
no one of those convicted resided within the  
town limits.

**PROTESTS HIS INNOCENCE.**—On New Year's  
Day, says a St. John despatch, Sheriff Hard-  
ing had a conference with Wm. J. McDonald,  
and after pointing out that no harm could  
follow a confession, asked him if he had any  
confession to make regarding the Macrae  
murder. With tears in his eyes McDonald  
admitted absolute ignorance, and also said he  
had no statement to make regarding his move-  
ments on the night the poisoned candy pack-  
ages were mailed.

**SUNK IN SUEZ BAY.**—By cable to the New  
York Herald: London, Jan. 4, 1890.—The  
British steamer Cloncurry, from Liverpool  
(Dec. 17) for Rangoon, has been sunk in Suez  
Bay in a collision with the British steamer  
Maple Branch, from Bombay (Dec. 13) via  
Kurrachee for Antwerp.

The Cloncurry was commanded by Captain  
Deason, of London, father of Mrs. E. H. Nor-  
ton of this city. Mrs. Norton has no report  
of the fate of the crew and passengers.

**A MIRACULOUS ESCAPE.**—Wm. Lambert  
had ascended a ladder laid against a  
new building at Halifax, a few days  
ago, with a hod of brick, and was up  
about thirty feet when the ladder  
broke and both Lambert and the bricks fell  
to the ground. Bystanders expected that he  
would be instantly killed, but strange to say  
the hod struck the outside stairs of the house  
and rebounded, throwing him to the ground  
on his side, and although a heavy man, weigh-  
ing 200, he was not injured.

## News Notes.

Great inundations are reported through-  
out Northern Italy, especially at Treviso.

It is understood that the Russian Gov-  
ernment is about to acquire absolute com-  
mand of the Bokharan army.

A waterspout is reported at Nanking.  
Hundreds of people have been drowned,  
numerous boats were destroyed and great  
damage was done.

It is stated positively that four com-  
panies having plants in New York State and  
furnishing the greater part of the paper  
used in newspapers published in New York  
City have signed agreements to sell to an  
English investment company.

The year's emigration is 65,000 from  
Ireland, and 254,000 from the whole of  
Great Britain. There is a large falling off  
in the movement to the United States,  
Canada and Australia, and an increase in  
the emigration to the tropic place.

Russia has sent a circular note to all the  
powers that signed the treaty of Berlin in  
regard to the violation of article 24 of the  
treaty by the present condition of things  
in Bulgaria, and particularly by the pre-  
tended sovereignty of Prince Ferdinand.

While our Parliament is meeting early  
this year the Imperial Houses are being  
summoned a little later than usual. Feb-  
ruary 11 is the date chosen, and it is said  
the Queen will be herself present. This  
will lend additional attraction to the open-  
ing, for though the Queen being advanced  
in years does not particularly care for the  
function, the people do. As the correspond-  
ent of a Liberal paper puts it: "Mr.  
Disraeli had to use all his powers of per-  
suasion to induce her to come out of her  
retirement and make a show for the people.  
Recent events, however, have cured the  
politicians of the notion that the people are  
too far advanced to enjoy ceremonial. The  
demand for pageantry is growing with the  
delight in it. Nothing was more striking  
in the debates on the Royal Grants than  
the undercurrent of feelings, even among  
very advanced Radicals, that the grants  
would be justified if the splendor of the  
Throne were maintained full in the eyes  
of the public. This was an old notion of  
Mr. Disraeli's, and the hint has not been  
lost on Lord Salisbury."
