# Hallow'een Party At Sunset Lodge

The guests at Sunset Lodge were given their annual Hallow'een party by members of the Rainbow Club in the assembly hall at the lodge last evening. Entertainment was provided by a number of local artists who were welcomed by the President of the Rainbow Club, Mrs. N. H. DeBlais, Major Irene Henderson, Superintendent and her assistant, Major Stevens. Taking part in the program were piper Bruce MacLaren, Elizabeth Haywood, Andrea Duvur, Norma Duvur and Virginia Shaw, in Scottish reels and dances. Major Henderson was heard in a piano solo and Dick Turpin gave two readings. Mrs. M. Boyer sang in costume and was followed by Mrs. W. C. MacLeod, Mr. and Mrs. MacLaren, Elizabeth Haywood in group singing of gaelic songs. Mrs. MacLaren was pianist. Following the entertainment features, refreshments were served by members of the Rainbow Club.

## Rochford Square H. & S. Meeting

The opening meeting of Rochford Square Home and School Association was held last night in the school auditorium. The president, Mr. J. R. St. John presided.

Dr. Frank MacKinnon, principal of Prince of Wales College was the guest speaker. His talk was replete with valuable suggestions for both parents and teachers and he held the large audience at attention for more than an hour. At the conclusion of Dr. MacKinnon's remarks the thanks of the meeting were extended him by Messrs. J. E. Cullen and Frank MacDonald.

The secretary, Sister St. Antonette read correspondence from Mrs. Gordon MacDonald, provincial president for Home and School. Mrs. J. J. Callaghan gave an interesting report of the annual meeting of the Provincial Home and School Association.

Reports of the entertainment and membership committees were given by Mrs. William Dowling and Mr. W. J. Brown, respectively.

After the three new members of the teaching staff were introduced, Sister St. Clair briefly outlined the work she is doing in the home economics department which has been re-organized to meet the curriculum changes. Then followed an interesting question box, conducted by the following teachers: Sister St. Elaine, grade X; Sister St. Lucine, grade VIII; Sister St. Bernardine, grade VI and Mrs. Leo Duffy, grade III.

The large meeting shows a commendable interest in educational matters on the part of the parents and augurs well for the coming school year.

## To Stress Teacher Recruitment

At a recent meeting of the P. E. I. Home and School Association, it was agreed that teacher recruitment would be adopted as a major project this year, following the example of the Canadian Home and School and Parent Teacher Federation.

Stress was laid on the shortage of teachers in the province and the increasing demand for them. Figures submitted at the meeting indicated 45 newly qualified teachers trained last year and 277 former teachers, now married women, were now back in the profession. Permit teachers number one hundred. Qualified experienced teachers 388, or 44 per cent. About seventy per cent of these leave the profession each year, the report said.

### IN MEMORIAM

In loving memory of Mrs. Alex MacDonaid, Murray River, who passed away October 26th, 1948.

Sleep on dear one it has been six years  
Since you left our hearts filled with sadness,  
Yours was a heart that was blithe-  
some and gay  
Scattering sunshine all along the way.  
You know how we loved you and  
love you yet,  
Though God took you from us  
We can never forget.  
Always Remembered by  
Husband and Family.

## PRELIMINARY HEARING YESTERDAY IN CHARGE OF MANSLAUGHTER

The preliminary hearing of John Francis Cecil Molyneux charged with manslaughter was held yesterday before Magistrate Gilbert Gaudet at the Court House in Charlottetown and was further adjourned until Wednesday. Mr. J. P. Nicholson represented the Crown. Counsel for the accused was Mr. R. E. Bell, Q.C.

The charge arose from the result of the findings at the inquest in which the jury reported that "John Joseph McKenna came to his death on September 27, 1954 on the Prince Nova while enroute to Camp Hill Hospital, Halifax, N.S., as a result of head injuries, September 15, 1954, at Roy Molyneux's farm, Brudenell, P. E. I., when engaged in fighting with Cecil Molyneux."

A total of 13 witnesses were examined yesterday, ten of whom had previously testified at the inquest. The evidence heard from the ten was similar to that given at the inquest with nothing contradictory in any instance. They were Doctors MacLeod, Bonshaw; Murchison, Hunter River; Lea and Laidlaw, Charlottetown; Emmett Noonan, Mrs. Emmet Noonan, Wallace McKenna, Mrs. Erwin Cousins, Mrs. Roy Molyneux, Harold Hennessey, Mrs. Roy Molyneux, Winifred Matheson, and Georgina Richards.

Mrs. Roy Molyneux, mother of the accused, stated that her son, Cecil had never caused any trouble. He was not drinking on September 15; he was engaged in hauling in grain and threshing. She said that she saw McKenna being to spar with Cecil who kept backing away telling McKenna all the time that he did not want to fight with him. Mrs. Molyneux further related that McKenna was in his underwear with one of his shoes off. He tried to get into the house in this condition and she hooked the door, keeping him out. She testified that although she saw sparring, she saw no blows struck between the two men. Later she saw McKenna lying on the ground.

Winifred Matheson, who lives with her father and mother at Inkerman, said that she was at the Molyneux farm on September 15. She told the Court that she did not see any fighting but could hear a lot of shouting and swearing. She later saw McKenna lying in the yard, partly clothed. Georgina Richards, whose home is in Kinkora and who teaches school at Inkerman, said that she boarded with the Molyneux family. She saw Cecil Molyneux and McKenna with a "hold" on each other and later saw them fall to the ground. After this she saw McKenna backing Cecil around the yard. She went to the field where the threshing was going on because she was afraid to go into the house. In reply to Mr. Bell's question, Miss Richards was of the opinion that both Emmett Noonan and John McKenna were intoxicated. She talked with Cecil Molyneux and said that he was sober.

## Poland Frees One Member of Family Which Vanished Behind Iron Curtain

VIENNA (AP) - Communist Poland announced Monday it has freed Cleveland architect Hermann Field, one of four members of the Field family who disappeared in turn behind the Iron Curtain in a five-year period.

Twelve hours after the announcement was broadcast by Radio Warsaw, a U. S. embassy spokesman in Poland said in a telephone interview "we still don't know his whereabouts." But the release of Field apparently was no surprise to Washington.

His reappearance after five years in prison may throw much light on one of the puzzles of the post-war era in Europe. This began in May, 1949, when Noel Field, Hermann's brother, was seized by the Communists in Prague, Czechoslovakia, as a spy.

Four months later, Noel Field's wife, Herta, left for Prague to look for him. She disappeared. In August, 1949, Hermann went to Warsaw to seek news of his brother and sister-in-law. He boarded a plane in Warsaw, bound for Prague, and vanished.

In 1950 Noel Field's adopted daughter, Mrs. Erica Glaser Walsch, set out to search for the vanishing Fields. She disappeared in Berlin.

Warsaw's broadcast said an official investigation had shown that Hermann Field, now 44, was the victim of a "frame-up by an American agent" in the Polish security service, and that therefore he has "been released and full satisfaction has been given him."

This referred to the defection from Poland of Josef Swiatlo, a top official of the Polish secret police, Swiatlo appeared at a press conference in Washington Sept. 28, and said Hermann Field had been arrested and held in a prison outside Warsaw.

Swiatlo, who said he had been Field's jailer, surmised that Noel Field and his wife, last reported dead in Hungary, probably were held. The Fields' adopted daughter is believed a prisoner in a labor camp in Russia's far north.

Diplomats in Vienna said Hermann Field may still be in confinement outside Warsaw to permit him to get treatment necessary to make him appear rehabilitated when he is seen by the outside world.

In London Hermann's wife appeared overjoyed. She told reporters that when she heard the news that he had returned to his home "I went down on my knees and thanked God—and then I wept."

Since her husband disappeared, Mrs. Field and her two sons, have been living in London with her parents.

detectives on call throughout the day. At one time, it was estimated that police radio calls to patrol cars to investigate reports of trouble were going out at the rate of one a minute. Police said in many cases they answered calls that were unwarranted.

At the polls, police arrested approximately 75 persons for attempted impersonation and detention of 21 of them for other questioning. They did not know how many would be charged.

The vote was limited to approximately 300,000 property owners and tenants at polls that were open from 8 a.m. to 7 p.m.

Nine men entered the majority race, thrown wide open when popular Camille Houde, mayor for 18 years, decided to retire because of ill health.

The candidates were Charles O. Bousquet, retired businessman; Camille Dionne, candidate of the Labor - Progressive party; Jean Drapeau, vice-busting lawyer and former member of the Nationalist Bloc Populaire party; Hector Dupuis, Liberal member of Parliament for Montreal St. Mary and

## Sex Terrorist Continues Fight In Death House

WASHINGTON (AP) - The Supreme Court has again denied a hearing to Caryl Chessman, Los Angeles sex terrorist who was sentenced six years ago to die in California's gas chamber.

During his long wait in the San Quentin prison's death house Chessman stalled off his execution by a series of legal moves and wrote a widely-read book, "Cell 2455, Death Row."

He won his fourth reprieve from death last July 29, less than 24 hours before he was scheduled to enter the gas chamber. This latest reprieve was to give the Supreme Court time to consider a new appeal on which it acted Monday.

Six times before the Supreme Court has rejected Chessman's appeals. The tribunal said its latest denial was without prejudice to Chessman's filing an application for a writ of habeas corpus in a U. S. district court in California.

Chessman, 32, contended in his latest appeal that the trial transcript was in error. The transcript was made from the notes of a court reporter who died before he could finish the 1,200 pages.

Justice Jesse Carter of the California Supreme Court granted the fourth reprieve on the basis of this contention. Carter acted after Governor Goodwin Knight rejected a plea for clemency.

The governor said Chessman's crimes, kidnapping, attempted rape, sex perversion and robbery, were "horrible and there were 17 of them."

## Polio Foundation Chapter Meeting

"This year's epidemic has been the worst since 1946," said Dr. T. Gencheff at the annual meeting of the Prince Edward Island Polio Chapter held at the Charlottetown Hotel last night. Dr. Gencheff pointed out that seventy six cases have been reported to date with four fatalities and of the remaining seventy-two cases, about twenty-five percent may be regarded as having severe muscle involvement, fifty percent mild muscle involvement. The remaining twenty-five percent may be regarded as abortive cases with no residual weakness.

The speaker said that there has been a high degree of cooperation between the Department of Health and the Polio Centre on one side and the medical practitioner on the other. He mentioned that the Iron Lung has been used on six patients, and resulted in the saving of two of them.

Dr. Gencheff stated that in the past forty three operations were performed, which he said was nearly three times as many as in the preceding year.

He summed up saying that unless urgent measures are undertaken for the admission of both this year's cases and cases of other years, the work toward the rehabilitation of such patients will be made that much more difficult.

The meeting was presided over by Mr. Lincoln Dewar, president of the P.E.I. Polio Chapter, and included speeches by Major V. N. Hodson, Mr. W. M. Mellish, Miss Heather MacLean, and Mrs. Fred Gates.

Last year's complete slate of officers were re-elected at the meeting. They are Mr. Lincoln Dewar, president; Judge C. St. Clair Trainer, vice president; Mr. W. M. Mellish, treasurer; and Major V. N. Hodson, secretary.

## BITTEN BY SPIDER

NEW YORK (CP) - Five-year-old Deborah Dell-Isola was recovering in hospital Friday from the bite of a poisonous black widow spider, but later recognized by her family physician for what it was. The girl was bitten while playing in a lot near her home.

a former city council member; Senator Sarto Fournier, runner-up in the last mayoralty election; Charles Lafontaine, disqualified as mayor of a suburban Ville St. Michel; Adhemar Raynault, mayor of Montreal from 1936 to 1938 and again from 1942 to 1944; Dave Constant, leader of the present council and Liberal member of the Quebec legislature; and Jacques Sauriol, a Montreal newspaper man.

A total of 180 candidates sought election to the 66 council seats.

## SHOTS FIRED

The revolver shots were fired near the committee rooms of Mr. Raynault at east-end St. Denis and Duluth streets.

Constable Doree Filibotte said he ran into the street and fired revolver shots into the air to summon help when he spotted approximately 50 men approaching the committee rooms.

He said the men ignored him and rushed into the committee rooms, smashing tables and files and pulling telephones from their sockets. Filibotte said he returned to the room with his revolver drawn and said:

"The first man to try to get out this door will be shot."

## HIT BY TELEPHONE

But a telephone, he said, was hurled at him from behind, striking him on the head and stunning him. The men escaped.

Also reporting trouble was Mr. Drapeau, associate counsel on a vice inquiry which led to the conviction of 20 members and former members of the police department for tolerating vice in the city before 1941 and 1950.

Mr. Drapeau said his committee rooms on east-end Laurier avenue were damaged by nine men wielding baseball bats.

## Guest Entertainer At Rotary Yesterday

Mr. Henry MacLean, a former resident of Charlottetown who for many years previous to his recent retirement, has been in business in Vancouver, was guest entertainer at the weekly luncheon of the Rotary Club at the Charlottetown hotel yesterday.

Mr. MacLean, who developed the MacLean method of penmanship which has been followed with success by many institutions of learning, is a recognized authority on handwriting, and is also regarded as a leading authority on authenticating signatures to important documents.

The entertainment provided by Mr. MacLean, centered round a variety of clever slight-of-hand tricks, verging on the magic. While keeping to himself the way and manner in which he produced the rabbit from the hat, and transferred articles from one location to another far removed, he did reveal how a couple of card tricks were performed. On concluding the performance, he returned a watch or two and a pocket-book to doubters.

The assistance given by several members produced situations which were laugh-provoking, and tended to give the entertainment local color.

George Walters, chairman of the meeting, introduced Mr. MacLean who was thanked for his entertainment by the co-chairman, Reuel LePage.

Walter Hyndman conducted the singing with Al. Blanchard at the piano. Russell Sellen, chairman of the Rotary Auction Committee made a progress report.

Guests of Rotary were C. R. Allen, Virginia, Dr. R. F. Gove, Ottawa, and Jim Ibbott, City. Visiting Rotarians were J. E. MacIntyre, Moncton, Thomas Milton, Truro and Mayor W. MacKenzie, Truro.

## Meeting Of Royal Edward Chapter IODE

The Royal Edward Chapter of the I.O.D.E. met at the Clover Club for their monthly meeting yesterday with a good attendance of members. Mrs. J. T. Davies Regent presided. Mrs. J. S. Walker treasurer read a letter from the National treasurer thanking the Chapter for contribution to the Korean X-ray fund.

The members were very privileged to hear Miss Lena McLure talk on her experience at the Nuffield Centre, London, England, where she had been for the last two and a half years. She was introduced by the Regent who remarked that Miss Lena needed no introduction as she and her mother were very well known to the members as the latter had been a member of the Chapter for many years. The interest of everyone was firmly held as Miss McLure spoke and there was occasional spontaneous laughter as humorous anecdotes were recalled.

Miss McLure referred to the I.O.D.E. as having a broad humanitarian outlook and the continual emphasis of the work "Empire" in all its programmes and publications. It was noted in England that "the Empire" was also widely used by such people as Sir Winston Churchill and others in public life. The speaker met many notable people during her work; she was presented to Princess Alice, Honorary President of the I.O.D.E. which was on that all important day "Dominion Day." Many visitors from P.E.I. called at the Centre notably Lieutenant Governor and Mrs. T. W. L. Prowse whom she was delighted to see and proudly introduced to her colleagues.

Direct contact with the service men was described with delicious humour and there is no doubt that her friendly and charming manner of approach was appreciated. Lord and Lady Nuffield were described as sterling citizens with the welfare of their country at heart. Lord Nuffield, at one time a proprietor of a very small cycle store, now possesses a considerable fortune although much of it is turned back into various projects for the benefit of the country. Miss McLure said that it was worth crossing the ocean just to meet such people of character. "Young Canada as represented by our Armed Forces in England are a clean, straight-shooting type of youth and as such we should be proud of them," said Miss McLure. Prime Minister St. Laurent was an honored visitor who was accompanied by the then, Minister of Defence the Hon. Bruce Claxton who personally thanked her for her work at the Centre.

Many business matters were thoroughly interesting talk with an appeal to all members to wield every influence toward a world peace. She was heartily thanked by Mrs. Putnam who referred to Miss McLure as an Ambassador of Canada and we could not have a more able representative, a sentiment that was echoed by all.

Many business matters were discussed, including scholarship for a Prince of Wales student, Ontario Hurricane Fund, and the provision of books for Appin Rd. School library. Mrs. W. G. MacMillan, convener for services at Home and Abroad, remarked in her report how gratifying it was to know that the Chapter was able to send bags of articles when needed, one such bale had been sent to Greece in the Spring. She requested that all members continue to give their cooperation in sewing and knitting so that this will all ways be possible. The meeting closed with the singing of God Save the Queen.

## Churchill Calls

This total was largely balanced by the Manchester walkout. The number of vessels affected by the stoppage rose Monday to the peak figure of 341.

Export and import cargoes worth the \$350,000,000 are held up in the eight ports now affected, and two-thirds of Britain's seaborne trade is at a standstill.

In addition, 8,000 dock repair workers are striking in London in

## Receive Nursing Certificates

Misses Charlotte Ann Quigley, of Health and Welfare. Speaking on behalf of the Government was Dr. Owen Curtis, Deputy Minister of Health and Welfare and on behalf of the Sanatorium, Dr. P.A. Creelman, Superintendent. Music for the occasion was provided by Mrs. G. A. Chan. -Photo by Margaret Mallett

Misses Charlotte Ann Quigley, Mount Tryon (left) and Doris Margaret Steele, Wellington (right) received their certificates and pins at the graduating exercises for nurses assistants held yesterday afternoon at the Provincial Sanatorium. Colonel G. E. Full, chairman of the Sanatorium Commission, presided.

The presentation of pins and certificates was made by Miss Muriel Archibald, of the Prince Edward Island Nurses Association. The address to the graduates was given by Dr. A. A. MacVicar, psychiatrist, Provincial Department

a separate dispute, tying up another 100 ships. VOTE TO CONTINUE Leaders of the main dock strike, that of cargo-handling workers, made plain Monday that they had no intention of responding to back-to-work appeals from the government and union leaders. They organized meetings in Liverpool and at Tilbury, east of London, at which the strikers voted to continue the stoppage.

The three-man government court of inquiry into the strike continued its deliberations in private Monday. It may issue its findings, or an interim report, this week.
