Doctors at William F. Bowld Hospital in Memphis, Tenn., attend James Meredith after he collapsed Wednesday while conducting a news conference in a hospital lounge. Meredith left the hospital later with friends. (AP Wirephoto)

## Report Recommends Coal Mines Close

SYDNEY (CP) — The Cape Breton Post says it has learned a report prepared for the federal government by Montreal economic consultant Dr. Ritchie Donald recommends that almost all coal mines in Nova Scotia be closed over the next 15 years. This and other recommendations in the report, the newspaper says, have "sent shock waves reverberating throughout the province" and drawn an angry rebuff from Bill Marsh, head of the United Mineworkers of America (U.M.A.) District 26. Although full details of the report are not expected to be made public until later this month, the paper says Dr. Donald suggests that the provincial and federal governments enter into a joint agreement to plan a massive aid program to bring new industries to coal mining areas. The Post says it is believed the report also recommends that a federal government proposal to pump \$25,000,000 into the industry be dropped. This would erase the plans to establish a new colliery at Lingan, near New Waterford.

Dr. Donald is said to agree with the view of the Dominion Coal Co., the major operator, that it is relieved of the responsibility of operating the mines. The company had offered to stay on in a management capacity on a fixed fee basis and pledged that monies received from its assets would be diverted to improvements in steel operations at Sydney by its parent, Dominion Steel and Coal Corp. The paper says Dr. Donald stated in blunt language there is no hope for coal whatsoever with the opening of new seams. He is said to urge the federal government to act without delay in planning a substitute industrial program that would require large sums of money.

### UN Candidates To Ask Recount

MONTREAL (CP) — Two Union Nationale candidates defeated in Sunday's Quebec provincial election, have said they will ask for a judicial recount of the votes cast in their constituencies. Yvon Hamel, defeated UN candidate for Rouville, said Tuesday he is asking for the recount because he lost the constituency to Liberal Fran-

cois Boudale by only a vote. According to an official count announced Tuesday, Mr. Boudale received 6,146 votes and Mr. Hamel 6,144. Le ralliement national candidate for Rouville, Alberte Archambault, received 207 votes and Maurice Mercier took 688 for Le Rassemblement pour l'Independence Nationale. Dr. Jean-Guy Bergeron, the UN candidate defeated by Gaston Binette, Liberal minister of natural resources, refused to comment on his request for a judicial recount in his constituency of Derry-Montagnes. Mr. Binette received 8,596 votes to Dr. Bergeron's 8,468. Other candidates in the riding, Jean-Robert Remillard (RN) and A.D. St. Louis (RN) received 620 and 132 votes respectively.
