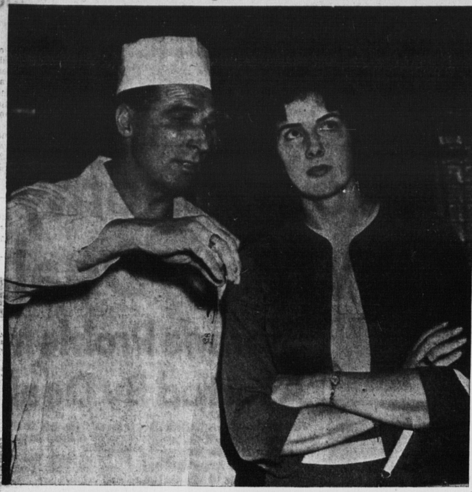
U.K. DAIRY QUEEN CONCLUDES THREE-DAY VISIT TO PROVINCE



THE United Kingddm's Dairy Queen, Rosemary Mannister, had a swift look at the Prince Edward Island dairy industry in three days. In addition she also visited historic sites, met provincial dignitaries, saw many scenic points of interest, attended harness racing, Sunday church services, and met many junior farmers and 4-H club members. In her comprehensive look at the dairy industry, Miss Mannister visited farms in East Royalty and Sherbroke and visited the processing plants of Amalgamated Dairies Ltd. in Summerside, and the Central Creameries Ltd. plant in Charlottetown. The Summerside plant features butter, cheese, ice cream and tri-milk manufacture, while the Charlottetown firm produces butter, ice cream and a canned milk product. On the left Miss Mannister has part of the operation of the Central Creameries plant explained by Gerald Doyle, while on the left the antics of a frisky calf are the cause of amusement for the Dairy Queen and Hon. Andrew MacRae, at whose farm she was a guest.

Number Of Successful Pupils Said Increasing

O'LEARY — Mrs. Reginald Palmer presided at the annual fall teachers convention in O'Leary last Friday attended by 66 teachers from the O'Leary region. In her opening address, Mrs. Palmer welcomed new teachers to the profession reminding them that it is one of which they might justly be proud. She called on all assembled to work together to raise the standards of education and reminded them that the most important characeristic of an ideal teacher is a willingness to "go the second mile."

She stressed that a good teacher remains intellectually curious, seeking knowledge, helping others, learning new truths and thereby becoming a worthwhile member of a great calling.

The minutes were read by the secretary, Mrs. Blanche Crockett. Mrs. Palmer expressed the regret of all members at the passing of a valued member, Mrs. Mae Palmer.

INCREASE NOTED

M. E. Callaghan, superintendent of schools, in his address, discussed school routine. He noted the increase in the number of those passing the grade examinations in the past school year. In 1962, 46 per cent passed compared with 65 per cent in 1963. In the grade 10 and 12 examinations 72 per cent of those writing the examinations passed.

Mrs. Eunice Reid spoke on the work being done by Junior Red Cross in he province and recommended the correlation of Junior Red Cross work with the regular school curriculum. Following Mrs. Reid a brief talk on mental health was given by Mr. MacNeill. He suggested that workshops be organized and a committee of three was appointed to decide a time and place for a workshop. Committee members are Mrs. Norma Gard, Mrs. Sharpe and Alden Weeks.

ATOMIC ENERGY

The highlight of the morning session was a very interesting and informative talk by James MacNeill, O'Leary high school staff, on the atom bomb and the uses to which atomic energy might be put. A lively discussion followed with Mr. MacNeill ably answering the many questions from the teachers.

Committees appointed were as follows: resolutions, William Costain; Mrs. Blanche Warren, Robert Grindlay; press, Alden Weeks, Mrs. Audrey Pineau and Mrs. Delma Horne; nominations Mrs. Geraldine MacGregor, Mrs. Velda Wells, Mrs. Inez Howard; question box, Miss Adrienne Webb, Miss Judy Matthews.

Alden Weeks was elected to the board of governors to replace Miss Beverly Howard who has left the province.

During the afternoon session, Miss Anna Riley gave detailed report on the work of the P.E.I. Teachers Federation in the past school year. She reported that boundaries of local conventions have been set in order to control the number attending each centre. The centre attended is to be determined by th locality of the school in which the teacher is employed.

MUSIC IN SCHOOLS

Speaking on "The classroom teacher as a music teacher", Christopher Gledhill, director of music for the province, advised teachers to use the general principles of good teaching in teaching music. In closing his address, Mr. Gledhill mentioned that contributions to his collection of local folk songs would be welcomed.

However, key issues generally slipped, Algoma down ¾ and Abitibi and Aluminium ¼ each. Canada Crushed and Cut Stone fell two points to 17.

Bank issues were mixed, Imperial Bank of Commerce rising ⅝, Montreal ½ and Nova Scotia dipping ¼.

In base metals, International Nickel gained . and Dome was off⅝.

Leitch advanced 34 cents to $2.69 and Merrill 24 cents to $1.14.

On the foreign market, Du Pont advanced four points to 40 on small volume, International Nickel 1¼ to 71¼ and Moore Corporation dipped ⅛.

On index, industrials were down 1.28 to 639.65, golds .21 to 93.06, base metals were up 1.28 to 215.10 and western oils .23 to 119.73. Volume for the day was 2,762,000 shares compared with 2,703,000 Friday.
