

There are three conditions:  
When the blood is poor;  
When more flesh is needed;  
When there is weakness  
of the throat or lungs.

There is one cure: that is  
Scott's Emulsion.  
It contains the best cod-  
liver oil emulsified, or dig-  
ested, and combined with  
the hypophosphites and  
glycerine. It promises more  
prompt relief and more last-  
ing benefit in these cases than  
can be obtained from the  
use of any other remedy.

**A Life of Peace and Kindness.**

Dean Stanley on one occasion said  
to the crowd of children at West-  
minster Abbey; "I knew once a very  
famous man, who lived to be very old  
—who lived to be eighty-eight. He  
was always the delight of those about  
him. He always stood up for what was  
right. His eye was like an eagle's  
when it flashed fire at what was wrong.  
And how early do you think he began  
to do this? I have an old grammar,  
which belonged to him, all tattered  
and torn, which he had when a little  
boy at school, and what do you think  
I found written, in his own hand, in  
the very first page? Why these words:  
"Still in thy right hand carry gentle  
peace to silence envious tongues: be  
just, and fear not." That was his rule  
all through life, and he was loved and  
honored down to the day when he  
was carried to his grave."

**Heaven.**

Life changes all our thoughts of  
heaven:  
At first we think of streets of gold,  
Of gates of pearl and dazzling light,  
Of shining wings and robes of white,  
And things all strange to mortal sight.  
But in the afterward of years,  
It is a more familiar place,  
A home unhurt by sighs or tears,  
Where waiteth many a well-known  
face,  
With passing months it comes more  
near,  
It grows more real day by day,  
Not strange or cold, but very dear—  
The glad homeland not far away,  
Where none are sick or poor or lone,  
The place where we shall find our own.  
And as we think of all we knew  
Who there have met to part no more,  
Our longing hearts desire home, too,  
With all the strife and trouble o'er.  
Browning.

**The Beginning of Folly.**

In Canada, thank God, we can boast  
of our freedom, our strict sense of  
right and wrong as between man and  
man, and our deep undercurrent of  
religious feeling, which, as yet, still  
makes us, as a nation, openly acknowl-  
edge God as our supreme Power.  
But, with all this, is there not a ten-  
dency to frivolity in our daily reading,  
an undue hankering after mere  
pleasure and amusement; which car-  
ried to excess, may, in the end, land us  
in almost the same pitiable condition  
as France? If the fear of God is the  
beginning of wisdom, the absence of  
God from our thoughts, and the desires  
and objects of life is surely the begin-  
ning of folly, the folly of heart which in  
time leads to the open cry "there is no  
God."—Canadian Churchman.

**The Young Clergy.**

The most pressing claim of the  
Church in Canada at the present time  
is not so much for men ready and willing  
to take Holy Orders, and to work in the  
populous towns and villages of the  
Dominion, as for men who are prepared  
to devote some of the best years of  
their early manhood working in the  
scattered hamlets in the backwoods,  
where too often, for lack of clergy will-  
ing and able to undertake this work,  
the ground is wholly neglected, or is  
left to the ministrations of members of  
other denominations, and the Church  
is unrepresented where it is most need-  
ed.—Canadian Churchman.

Oh where are those noble souls to

selves daily pursue their career like the

sun which rises each morning in the

and to the right, on the mountains and  
in the valleys, those noble souls that,  
by an inward necessity, here create and  
renew, their beauty and heal, and  
everywhere bless like the sun that can-  
not but give light? There is but One  
in whom such an image of high love  
has appeared to us in its entire purity;  
and it is only by faith in Him that  
such self-sacrificing love is produced.  
—Tholuck.

God is a kind Father. He sets us  
all in the places where He wishes us  
to be employed; and that employment  
is truly "our Father's business." He  
chooses work for every creature which  
will be delightful to them if they do it  
simply and humbly. He gives us al-  
ways strength enough for what He  
wants us to do; and we may always be  
sure, whatever we are doing, that we  
cannot be pleasing Him if we are not  
happy ourselves.—John Ruskin.

To love is to promise and re-  
ceive a promise for the future. God  
has given us love, that the weary soul  
may give and receive support on the  
way of life.

**Dr. A. W. CHASE**  
DISCOVERED  
A NEW  
TREATMENT  
FOR  
**NERVOUS  
DISEASES**

In his study of diseases of the nerves, Dr.  
A. W. Chase found that in nearly every case  
the cause of trouble was improper nourish-  
ment. About one-fifth of all the blood in the  
human body is found in the brain, and unless  
this blood is rich and pure the nerves cannot  
obtain proper nourishment, and become worn  
out and exhausted.  
Nervous depression, nervous headache,  
nervous dyspepsia, loss of sleep and vital force,  
lack of energy, are symptoms of weak, watery  
blood and exhausted nerves.  
It was as a food for blood and nerves that  
Dr. A. W. Chase's Nerve Food was prepared.  
Its remarkable success in curing all diseases  
arising from thin blood and impoverished  
nerves is proof that Dr. Chase's theory of feed-  
ing the nerves and blood is the proper one;  
stimulants only urge on the tired and worn out  
nervous system until there comes a complete  
collapse.  
Dr. A. W. Chase's Nerve Food creates new  
brain and nerve cells, and makes the blood  
pure and rich. It restores to the exhausted  
nerves the vigor of perfect health. See a large  
box, at all dealers, or Edmanson, Bates & Co.,

Mr. W. H. Odell, of Brockville, Strong  
Believer in Dadd's Kidney Pills.

Brockville, Oct 2.—Nowhere in Ontario  
are Dadd's Kidney Pills more appreciated  
than among the St. Lawrence River, and  
the Great Lakes. Where there is water  
there is damp and danger from rheuma-  
tism and colds. The kidneys are the  
organs most susceptible to colds and the  
getting out of order therefrom causes rheu-  
matism, backache, etc., Mr. W. H. Odell, of  
Brockville, writes to an enquirer as fol-  
lows:—
