LETTERS TO THE EDITOR.

Letter From Hon. Senator Prowse.

SIR,—In THE DAILY EXAMINER of the 27th ult, I notice a letter signed, "North Side of the Island," purporting to be from a supporter of Sir John Macdonald, reflecting on the administration of the Department of Marine and Fisheries in reference to the harsh and unnecessary regulations affecting the lobster fishing industry in this Island.

I am very sorry to know that there is great cause of complaint against the Department in this regard; that there is a deep and widespread feeling on this subject, not only among packers, fishermen and factory hands, but also by the people very generally throughout the Island is, I regret to say, only too true.

Your correspondent from the North side of the Island says: "Or is it because the Minister has never seen the memorial that was forwarded to his department that we have the present action? We understand that Senator Prowse was to look after this matter, and he had better let us know if he attended to his duty."

In reply to this insinuation I have to inform your correspondent that I personally handed the memorial to the Minister of Marine and Fisheries and advocated the views of the memorialists to the utmost of my power, being entirely in accord with them.

I may say further that while in Ottawa last winter I left nothing undone that was possible for me to do to convince the Minister of Marine and Fisheries and his Deputy that the regulations as to the size of lobsters were not only useless, impracticable and inoperative, but were also ruinous to one of the most successful industries in this Island, and that the regulations never have been and never can be strictly enforced without closing up every lobster factory in Prince Edward Island.

I have also represented to the minister, that if the hopes and expectations of all those who have made the necessary preparations to prosecute this industry during this season were realized, no less a sum than *one million dollars* would be brought to this Island this summer to be distributed among our people through this industry alone, which gives remunerative employment to thousands of Islanders, and benefits more or less directly or indirectly every man woman and child in Prince Edward Island.

I have also informed the Minister that there is a very large sum of money permanently invested in this industry on this Island alone, which with the expenditure made in preparation for this season's fishing I estimated at over half a million dollars, is the surest guarantee that the owners of this property are at least as anxious to preserve and improve this fishing business as the Minister or his deputy can possibly be, and to have closed all these lobster factories without at least a years notice would have entailed absolute bankruptcy on very many of those engaged in the business, and very seriously affected the financial standing of all the others, and which would have taken them years to recover. Such a course would have driven thousands of our people to absolute want, and many of them would have been forced to leave their homes to earn a living for themselves and their families, which an unwise and arbitrary policy denied them at home.

That the Minister or his deputy can possibly understand the practical working of lobster factories, or the actual effect of the regulations as applied to them, is more than could be expected; but that the Minister should ignore the *unanimous memorial* of those more directly engaged in the business, —many of whom have their all invested in it,—the *unanimous memorial* of the members of the Island legislature, and the memorial of the New Brunswick legislature, and the many letters from leading political and business men—it is to my mind simply inexcusable and, as I have already told the Minister, unparalleled in any civilized country; and I am at a loss to understand how he can justify the adoption of the policy of his subordinates, who have only a superficial and theoretical knowledge of the business, which, to every practical man, is known to be only productive of evil.

I also notice an editorial in the *Daily Patriot*, of the 28th ult., on this subject, and with the exception of the editor's characteristic sneers at myself, the case is fairly presented. I am sure the views expressed by Commander Gordon, of the steamship Acadia, in his report are so full of good common sense and sound reason, that they are, I believe, endorsed and approved of by every man on this Island who has given the subject any consideration.

I may inform the editor of the *Patriot* that while in Ottawa, during the late session, I endeavored to do my duty for the Province I represented, and took special pains in regard to this very subject, as very many at Ottawa and on this Island already know; and however congenial and true to an envious nature it may be to sneer at and ridicule representative men for the purpose of lessening their usefulness, he will find such a course is only calculated to lower himself very much more in the estimation of all good citizens in a Christian community.

I am, yours truly,

SAMUEL PROWSE.

Murray Harbor, July 3, 1890.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. ap18'90dyeodwkyly

Bloomfield.

The recent partial destruction by lightning and fire of the tower of St. Antony's Church, Bloomfield, having been adequately indemnified by the British America and Commercial Union Insurance Companies, the congregation and pastor tender their public expression of satisfaction to Mr. A. S. Urquhart, General Agent, for his prompt solution of their claim against said companies, as well as their deep sense of gratitude to their Protestant neighbors for the spontaneous and energetic assistance afforded them in their efforts to save the sacred edifice from total destruction.

FELIX VONBLERK, P. P.

(Other papers please copy.)

Clouds Rent in Twain.

TOWNS IN NEW JERSEY AND WISCONSIN MADE DESOLATE.

MILFORD, N. J., July 5.—On Friday afternoon there was a cloudburst near this place, and the rainfall continued for two hours and a half, causing the creek that runs through the town to overflow its banks. A frame structure belonging to Wm. Teets, carpet manufacturer, was lifted from its foundations and borne down against the iron suspension bridge and completely destroyed the bridge, which was 162 feet long. A dam, the property of W. and E. Thomas, flour millers, was also washed away. One child was drowned. The loss of live stock, buildings and crops, it is estimated, will reach $100,000. The tracks were torn out within 100 feet of where the Oswego express was wrecked a few years ago, and the same train was approaching the washout when it was flagged just in time by a man who had discovered the danger.

MADISON, Wis., July 6.—News has been received of a cloudburst which occurred in Richland county and occasioned a loss of $200,000 or more. Four mill dams were carried out between Richland Centre and Lone Rock. An iron bridge was wrecked at Eagle Mills. Crops suffered greatly.

Fasted Ninety Days.

PITIABLE PLIGHT OF A WOMAN DYING OF STARVATION.

An Allentown, Pa., despatch says: The condition of Lehigh County's unfortunate fasting woman, Mrs. Adam Wuchter, of South Whitehall, six miles west from here, is exciting increased interest, particularly among the medical profession. The doctors now declare that the faster cannot survive many days. Mrs. Wuchter has taken practically no substantial nourishment for 90 days. On April 4 she tasted food of a solid character for the last time. Since that time a sup of beef tea taken at intervals of several days has been her sole nourishment. She cannot even drink water now. When in normal health about a year ago Mrs. Wuchter weighed 136 pounds. Now she weighs less than 55 pounds. Her body has scarcely a pound of flesh upon it, and when that is consumed her physicians say the end must come. Convulsions wrack her withered frame daily. During these spasms her knees draw up to her chin and blood flows from her eyes, and her face becomes dreadfully convulsed.

Fourth of July Diversions.

DENVER, Col., July 5.—Foreman Joyce, of the Union stock yards slaughter house, yesterday killed John Snooks with a knife. Snooks was a discharged butcher and threatened Joyce with a rifle.

COLUMBUS, Ind., July 5.—John Petillo and his wife quarelled a few days ago and separated. Yesterday the woman refused to return to her husband, whereupon he shot her five times, killing her. He was arrested.

GARDEN CITY, La., July 5.—E. Brennan, a well-known citizen, was fatally stabbed yesterday by a railroad man named Bernard. He pulled a revolver which a bystander endeavored to get away from him, seeing which Brennan's wife shot the bystander fatally.

ALEXANDRIA, Va., July 5.—Policeman Ticker killed Fred Lee, a negro politician, and fatally wounded George Time, another negro, last evening. They were attempting to rescue a prisoner whom Ticker had arrested.

BEARDSVILLE, Ill., July 5.—Professor Samuel Black, æronaut, fell 400 feet from a rising balloon yesterday and was killed.

Personal.

The Queen has presented to Miss Dorothy Tennant Stanley's fiancee—a miniature of Her Majesty. The portrait is enclosed in a case set with brilliants, which also contains a lock of the Queen's hair.

Le Monde, of Quebec, refers to a celebration of a very rare and important kind that will take place on the 6th of August in the town of Louisville, County of Maskinonge. On the day just mentioned, Rev. Canon Boucher, Cure of Louisville, will celebrate the 60th anniversary of his reception to the priesthood. This is the first time that a Canadian priest has celebrated a diamond wedding, and the demonstration will no doubt be participated in by a large representation of prelates and priests from the Province of Quebec.

AFTER HALIFAX BREWERIES.—The *Mail* says: Messrs. Kirby and Spencer, representatives of an English syndicate, are in Halifax with the view of purchasing the breweries owned by S. Oland & Son, Alex. Keith & Son, P. & J. O'Mullin, and the distillery owned by A. McDougall & Son. Mr. Kirby has finished his examination of all the books of the firms above mentioned, with the exception of the Messrs. O'Mullin's, whose books they are now inspecting. Mr. Spencer is examining the plant, buildings, etc. The syndicate are to have till the first of August to close a bargain for the purchase of the properties.

H. B. C. Will Cure You.
