CYCLING.—The Y. M. C. A. Cycling Club had their first regular "meet" last evening. The cyclists made a very striking appearance as they glided up Queen Street in a body on their "silent steeds." We understand the club has now 24 members, with the prospect of that number being considerably increased shortly. The enthusiastic members extend a general invitation to all to procure "bics" and join the happy band.

MANY people are not aware that it is the wrapper of the tobacco which gives the color to the plug, and are therefore often deceived by a handsome outside appearance. The wrapper is a single film of leaf wrapped around the plug and is never good smoking tobacco. It is costly only because of its fine color. In the "Myrtle Navy" brand the chief attention is paid to the "filler," that is, the inside of the plug. It is this which determines the smoking quality of any tobacco. A tobacco can be made to look as well as the "Myrtle Navy" without much trouble or expense, but it may at the same time be a very inferior article.

LETTERS TO THE EDITOR.

The Methodist Church and Salvation Army.

SIR,—A letter has appeared in this morning Guardian signed "Fair Play," in reply to your correspondent "Pew Holder," which is more remarkable for its cant than for its logic.

The simple question is: "Has the Methodist Minister in charge of the Brick Church or have the Trustees of that Church any authority or right to let the Church to the Salvation Army without the consent of the pew holders?"

That question is fully answered by quoting that part of the 5th Section of the Act of Incorporation of the Methodist Church in Canada relating to this subject which provides that,—

"All the property, real and personal, under the jurisdiction of the Parliament of Canada, held in trust for or to the use of any congregation . . . . shall be held for the use of such congregation in connection with the Methodist Church upon the trusts and subject to the provisions set forth in Schedule B of this act."

Schedule B above referred to sets out these trusts in its 2nd section, as follows:

"Upon trust, from time to time and at all times after the erection thereof to permit and suffer the said church or place of religious worship with the appurtenances, to be used, occupied and enjoyed as, and for a place of religious worship *by a congregation of the Methodist Church* and for public and other meetings and services of a religious or spiritual character *held according to the rules, discipline and general usages of the said church*, and as and shall from time to time, and at all times hereafter, permit and suffer such person or persons as are hereafter mentioned or designated, *and such persons only*, to preach and expound God's Holy Word, and to perform the usual acts of religious worship therein; that is to say such person or persons as shall be from time to time approved and for that purpose duly appointed thereto in accordance with the rules and discipline of the said Methodist Church, *and no other person or persons whomsoever.*"

These quotations from the Dominion statute, under which the Trustees hold the Church, establish beyond doubt that neither Rev. Mr. Brewer nor the Trustees have any legal or moral right to let this Church to the Salvation Army or to place it at their disposal for their religious services.

This is, however, only one of a series of fantastic tricks practiced of late before high heaven in using the church for unwarrantable purposes, and is certainly open to no graver objection than the holding of toffy pulls and other kindred frolics in the sacred edifice under the superintendence of the minister in charge.

Is it not time that the congregation as a body should hold a public meeting to protest against such extraordinary proceedings?

METHODIST.

CARTER'S INKS.

THE superiority of Carter's Inks is proven by their use. One Hundred Boxes were received on Saturday.

I am in receipt of a number of complimentary testimonials, but for want of space at present only publish the following unsolicited letter:—

Office of the Tryon Woolen Manufacturing Co.,
Charlottetown, P. E. I., May 7, 1892.

THEO. L. CHAPPELLE, ESQ., Agent for Carter's Inks, City:

DEAR SIR,—We are in receipt of a bronze ink stand, with one holder, a patent nickel-plate mucilage bottle, a quart bottle of Carter's combined copying and writing ink, and a bottle of crimson ink, purchased of you. In our opinion the ink-stand alone is well worth the money, even if we had no use for the other articles.

Respecting Carter's ink, would say that we have been using it in our Charlottetown office for the past eighteen months For some years previously had used Stafford's, and became so much prejudiced in its favor would use no other. But after giving Carter's a fair trial, both in writing and copying, we are fully convinced that it is as good in all respects if not superior to Stafford's, and, in our opinion, less liable to corrode steel pens.

Yours respectfully,
TRYON WOOLEN MANUF'G CO.

This disinterested testimony will be accepted in preference to the biased letter of a manufacturer or the vaporings of his satellites.
