"ON LOOKER," whose letter appeared yesterday, desires the concluding sentence to read: "But besides, he (the Stipendiary Magistrate) is a paid official, and, therefore, I must agree with 'Observer,' that comparisons are odious; but, as before stated, he is not very clear. His nerves are disturbed. Is he the Stipendiary himself? and does he appropriate to himself the title of Chief Magistrate? I imagined that the Chief Magistrate of the city was the Mayor, not the Stipendiary Magistrate."

PROF. ANDERSON, Wizard of the North, Friday.

THE Patriot returns this morning to its contemptible charge against the Government in the matter of remuneration to the Volunteer Band for its services at the opening of the session. Our statement was strictly correct, and there was no quibble about it. Colonel Beer stated that the Band, attending with the Guard of Honor, and being attached to the Battalion, was not entitled to any pay. Col. Beer does not deny this, and what right has the Patriot to speak for him? As to what a member of the Government may have given as the reason for refusing to pay the bill, we do not know, but from our acquaintance with Mr. Galbraith, we think that he would not be likely to swallow such "toffy."

PROF. ANDERSON: Marvels and Wonders.

WALLACE ROSS engaged in a four mile scull race at Norwich, Conn., on the 16th with George Lee and Alex. Brayley. From the start it was evident that the race lay between Ross and Lee. Ross turned the stake boat first and the two shells came down the course nearly abreast, but, just before reaching the finish, Lee shot ahead and won by two seconds in 20.20, Ross second in 20.22, Brayley third. One of Ross's St. John backers, on the day of this race, said: "If Ross does not win to-day at Norwich, I have no doubt about his being a trickster. I have it on the best authority that he told a party before leaving for the United States that he was not going to row for the first place at Norwich, which looks as though he intends letting the Boston ring that are said to run him, make a big pile of money by betting against him."

PROF. ANDERSON gives 100 presents.

The steamer Princess of Wales met with an accident while lying at the head of Steam Navigation Co's wharf, which prevented her making the regular trip to Picton this morning. At nine o'clock a strong westerly breeze was blowing, and about the same time the schooner "Sylvanus McDonald," Capt. Paul Paoli, arrived from Picton, laden with coal, which was to be landed at Steam Navigation Co's wharf. When opposite Peake's No. 3 wharf, the captain pointed his vessel to the dock, and passed the corner of Peake's No. 3 wharf as closely as possible, to avoid striking the bow of the Princess of Wales, which projected a considerable distance beyond the side of the wharf. But the wind and tide carried the schooner along so forcibly that her stern struck the stem of the steamer and inflicted very serious injury. This morning the steamer leaked considerably. She is now in the dock between Connolly's and Pownall wharves undergoing repairs. The "Sylvanus," McDonald, is uninjured, notwithstanding that her bow sprit struck and broke off one of the mooring posts on the Steam Navigation Co's Wharf.

PROF. ANDERSON, Psychromanthem.

LAST night was made heinous for the residents of the south side of the city by a gang of disorderly, drunken rowdies, who proceeded through different streets shouting at the top of their voices. At one o'clock this morning three of the police force succeeded in capturing three leaders of this gang on Water Street, and after the greatest difficulty lodged them in the station. Their names are Thomas McCloskey, Patrick Linley and Francis McLeod. They appeared at the Stipendiary Magistrate's Court this forenoon, for trial. Linley who was on his first offence was committed for fourteen and McLeod for twenty days. McCloskey is an old offender who has been eluding the vigilance of the police for some time and were all the charges which have been previously made preferred against him this morning, his term of imprisonment would doubtless be a very lengthy one. Two charges were, however, preferred against him. The first being drunk and disorderly, and for which he received one month's imprisonment. The second was stealing a tin boiler from Mrs. Richards, in April last. For this he was sentenced to three months' imprisonment with hard labor.

Saint Anne, Ottawa River. Notice to Contractors.

SEALED TENDERS, addressed to the Secretary of Public Works, and endorsed "Tender for Canal and Lock at St. Anne," will be received at this office until the arrival of the Eastern and Western mails on FRIDAY, the 10th DAY OF OCTOBER next for the construction of a Lock and the formation of approaches to it on the landward side of the present lock at St. Anne.

A map of the locality, together with plans and specification of the works to be done, can be seen at this office and at the Resident Engineer's office, at St. Anne, on and after SATURDAY, the 27th DAY OF SEPTEMBER next, at either of which places printed forms of tender can be obtained.

Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and, in the case of firms, except there are attached the actual signatures, the nature of the occupation and residence of each member of the same, and further, an accepted bank cheque for the sum of \$2,000 must accompany the tender, which sum shall be forfeited if the party tendering declines entering into contract for the works at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfilment of the contract satisfactory security will be required by the deposit of money to the amount of five per cent, on the bulk sum of the contract; of which the sum sent in with tender will be considered a part.

Ninety per cent, only of the progress estimates will be paid until the completion of the work.

To each tender must be attached the actual signatures of two responsible and solvent persons, residents of the Dominion, willing to become sureties for the carrying out of these conditions, as well as the due performance of the works embraced in the contract.

This Department does not, however, bind itself to accept the lowest or any tender.

By order, F. BRAUN, Secretary. DEPARTMENT OF RAILWAY AND CANALS, OTTAWA, 29th August, 1879. Sept. 6—Sitaw
