Toronto Stocks

TORONTO (CP)—Refining oils, western oils and coppers, spurred forward by international developments; lifted the stock market to a solid advance Wednesday amid moderately heavy trading.

The crisis in the Middle East continuing to swell the interest in Canadian oil stocks. Brokers attribute the demand to the fact that the Suez trouble is threatening the oil supply from the Middle East and directing foreign investors to the Canadian oil market.

Coppers recorded one of the busiest sessions in recent months with speculation that the price of the metal will touch 40 cents a pound in the near future. There is also a heavier demand for copper by foreign countries.

Chibougamau Jaculet was one of the leading copper winners, adding 55 cents. Copper Cliff gained 50 cents and Lyndhurst 35 cents. Bethlehem, Bouzan, Eureka New Royran and Temagami gain 15-25 cents. Canam lost 20 cents.

International Nickel featured senior base metals, jumping $3 to a new high of $110. Noranda was up ¾ and Quemont ½. Ventures lost $1.50.

Consolidated West Pete climbed more than $1 among western oils. Husky and Calgary and Edmonton added ¾-point gains. General Pete A had the best advance among penny stocks, gaining 90 cents.

Index gains: Golds up .25 to 86.40; base metals up .39 to 260.84; western oils up 3.16 to 182.21.
