Better-Halves Win Game

—In the closest game of the season the R. C. A. F. Better-Halves edged the Sum-Hi Royals at the Airport softball diamond last evening by the score of 9 to 8. The high school girls out-hit their rivals twelve hits to seven, but were unsteady in the field committing seven miscues while the Airforce ladies played an unusually brilliant game afield, only one error being charged against them.

Nancy MacFarlane led the high school attack with three hits in three trips, and Betty Inman, Marion Rogers and Betty Gay all had 2 for 3. Gay's two bingles were both long, a home run and a triple. Gwen Clark hit a double. For the winners, Williams, speed ball pitcher, led her mates in hitting, getting two hits in three tries.

None of the R. C. A. F. hits were for extra bases though Finnigan's shillelagh boosted the sphere into deep centrefield which the high school centre fielder got squarely under and then dropped. Paton, playing second base for the aircrew, handled six chances flawlessly. Williams, struck out nine batters. Rogers whiffed one. Julie Meikle relieved Rogers in the sixth inning and took the loss.

New Record Set At Kensington

The citizens of Kensington and surrounding districts responded admirably to the urgent appeal for blood donors, and helped to make up for the deficit caused by the previous clinics held this week. 127 donors reported, in spite of the pouring rain, and the Masonic Hall was crowded from the time the clinic opened its doors at 7 o'clock until long after 9.

This Clinic was a far cry from the first one held in Kensington some two years ago when, with great difficulty, 25 donors were rounded up. Since that time the people of Kensington, and the near-by rural areas, many of whom have directly benefitted by receiving transfusions through this Red Cross Service, have realized the urgent need of donors to maintain the service and have learned how easy it is to give a blood donation.

The Kensington Clinic was organized under the joint chairmanship of Mr. Reg. Holman and Mr. Fred Davison as a project of their local Junior Chamber of Commerce. The splendid results speak volumes for the manner in which they carried through their plans. Mrs. W. F. Taylor secured the lady assistants for the Mobile Team as well as the delectable refreshments served to the donors

It was decided to put a fence around the cemetery to which much work has recently been done. It was also decided to advertize in the press about another meeting to be held at which a Cemetery Committee will be formed. It is also planned to purchase a power lawn-mower for the use of the cemetery.
