pleased to learn that she is much  
improved in health. She is at  
present with her mother in Stan-  
hope.

IMPROVED—The many  
friends of Mrs. Maurice Creed are  
pleased to learn that she is much  
improved in health. She is at  
present with her mother in Stan-  
hope.

HONORS—Congratulations to  
Miss Helen Creed and Miss Shirley  
Daley, Sturgeon, honored at the  
graduation class of Notre Dame  
Academy.  
Miss Barbara MacLeod, Cam-  
bridge, Mass., arrived in Mon-  
tague this week and will spend  
the Summer here as guest of her  
aunt, Mrs. Callum Bruce.

POPULAR POINT Women's  
Institute are presenting their  
variety concert in the Cardigan  
Legion hall on Friday, June 26th,  
at 8:30 p.m. Dance after.  
Friends of Mrs. Mary Compton,  
Victoria Cross, are sorry to hear  
she is ill in the King's County  
Hospital.

DEATH AT NEW ZEALAND—  
William Thomas Fisher, aged 16,  
died under sad circumstances on  
his father's farm at New Zealand  
yesterday morning. His body was  
found by his mother who went to  
look for him when he did not re-  
turn to the house for dinner. He  
was a son of Mr. and Mrs. Peter  
Fisher. The R. C. M. P. and a  
doctor were notified. It was deemed  
that an inquest was not necessary.

**New Dial Phone**  
Continued from page 1  
the operation of the dial system.  
Sixteen "line finders" take the  
place of the operators at the  
switchboard and these are waiting  
to pounce on any of the 150 calls  
coming in. Immediately when a  
patron takes off the receiver to  
make a call, the switch picks  
him up right away and gives him  
a "dial tone", indicating readiness  
to proceed with the call. It is  
important to listen for this "buzz";  
if it is not there, the contact to  
central is not complete.  
These "finders" give the patron  
a path to his call by passing  
through a series of selectors pre-  
paring the way, so that the desir-  
ed number may be dialed.  
Mr. Hector Duncan, installing  
supervisor for the Eastern Elec-  
tric Company, Halifax, who is  
installing the power and auto-  
matic equipment, took pains at  
this point in his explanation of  
the set-up to remark: "Ringing  
will be continued automatically  
at intervals until answered or  
the call abandoned, and any  
wrong number effort will be due  
entirely to the patron making the  
call."  
The utmost care and speed in to-

**The best advice  
I ever had**  
Just 21, about to be married—  
suddenly tuberculosis struck, and  
he thought he had nothing to look  
forward to but death. Then another  
patient told him something that  
made his heart leap.  
In July Reader's Digest, read  
how a simple, yet inspiring bit of  
advice changed the life of Clinton  
Anderson and how it can bring you  
peace of mind when ill.  
Don't miss "The best advice I  
ever had" in July Reader's Digest.  
It's just one of 37 articles of lasting  
interest, condensed from leading  
magazines, current books.

**THIRD KING'S LIBERAL CONVENTION**  
The Third King's Liberal Association will hold  
a convention in the Cardigan Hall,  
MONDAY, JULY 6th, AT 7:30 P. M.  
For the purpose of nominating a candidate for As-  
semblyman to contest the next provincial election.  
All Poll Directors kindly call meetings in their re-  
spective polling divisions and send five delegates.  
All Liberals are cordially invited to attend.  
Signed:  
**HUGH McEACHERN,**  
District President.

ating interior wire trouble is ex-  
ercised through the operation of a  
series of coloured lights, bells and  
gongs, which come on and ring at  
the slightest indication of trouble,  
and remain in bright and noisy  
acclaim until the trouble is lo-  
cated and removed.  
**Forty Miles Of Cable**  
It is difficult to realize that  
more than forty miles of cable  
zig-zag throughout the building  
and that three and a half million  
soldered joints were necessary to  
make a completely insulated job.  
The battery plant has an auto-  
matic charge in operation con-  
stantly in keeping up the 850 am-  
peres required. A diesel electric  
plant in reserve for instant op-  
eration is tested twice weekly and  
effectively takes care of both light  
and power in case of local diffi-  
culty. There are more than seven  
thousand fuse points in the  
plant, designed to become effective  
in case of lightning to protect  
the delicate and costly instruments  
and equipment involved. Three  
attendants were on duty at all  
times to supervise the equipment.  
The 27 position switchboard op-  
erated by manual labour has been  
replaced by a 12 position board  
capable of handling local informa-  
tion calls and long distance con-  
necting. Sixty-six hundred pairs of  
wires enter the building through  
cables each of which is protected  
by lightning arresters. The power  
room contains three motor gen-  
erators producing direct current of  
500 amperes for use on the dial  
system. Four 24 volt rectifiers  
charge at 120 amperes for the toll  
line equipment.  
**Large Staff Employed**  
The local office staff during the  
months of intensified work on the  
turn-over job usually ran between  
40 and 50, while 25 or 30 installers  
and helpers carried on with the  
more intricate work of placing the  
new plant in running order.  
Mr. D. M. Gass, the local man-  
ager, stated yesterday that every-  
thing was in readiness for the  
big shift as planned for June 30  
and that arrangements were being  
made to mark this important ad-  
vance in communication service  
with a "first call" between a high  
civil official here and an equally  
important official in one of the  
neighbouring Provinces.

**Agricultural News**  
(Continued from Page 3)  
ficient gains cannot be made at  
heavier weights, it follows that  
producers should lose no time in  
getting their hogs to market once  
they have reached market weights.  
Keeping them around until they  
are over-weight costs money.  
**Junior Club News**  
Regular meeting of the Lower  
Montague Club was held at the  
home of Floyd Thompson on  
May 28. Roll call was answered  
by the name of an Ayrshire Breed-  
er; next roll call is to be answer-  
ed by a favourite sport. The new  
recreational committee is Morley  
and Robert.  
The study period was conducted  
by Ivan MacDonald and Gavan  
Reid.  
Members of the Coronation 4-H  
Club met at the home of  
Wendall Rodd, Brookfield, on the  
evening of June 1. This meeting  
took the form of a judging class  
and four of Mr. Rodd's Holsteins  
were used. After members had  
placed the class, considerable dis-  
cussion took place regarding the  
merits of the different animals.  
It was decided that the next  
judging class, on the first Mon-  
day in July, would be held at the  
home of Sterling MacRae, pres-  
ident of the club.  
On Friday night, June 5, a  
judging class was held for the  
members of the Victory Jersey  
Club at the farm of Bruce Mac-  
Donald, North Wiltshire. After  
members had placed the class and  
written their reasons, the class was  
placed by Mr. George MacMillan,  
a former club member and one  
of the Adult Directors of the Club.  
On June 5, the members of the  
Milcove Calf Club held their  
judging class at the farm of Al-  
mon Wood & Sons, Marshfield.  
This judging class was conducted  
by Mr. Aeneas MacIntyre, the  
Adult Leader, assisted by Wally  
Wood and Wilfred Stewart, mem-  
bers who represented Milcove  
Club at the National Competi-  
tions last fall. Two classes of  
cows were judged and placings  
discussed by those in charge.  
On Wednesday evening May 27,

**LOGY, LISTLESS,  
OUT OF LOVE  
WITH LIFE?**  
Then wake up your liver bile...  
Life not worth living? It may be the liver!  
It's a fact! If your liver bile is not flowing  
freely your food may not digest... gas  
bloats up your stomach... you feel con-  
stipated and all the fun and sparkle go out  
of life. That's when you need mild, gentle  
Carter's Little Liver Pills. You see Carter's  
help stimulate your liver bile till once again  
it is pouring out at a rate of up to two pints a  
day into your digestive tract. This should  
fix you right up, make you feel that happy  
days are here again. So don't stay sick. Get  
Carter's Little Liver Pills. Always have them  
on hand.
