

Looking Ahead...

WALTER R. SHAW
Premier

TO THE FUTURE
OF
PRINCE EDWARD ISLAND

At this season of the year, we, your Government, wish to extend to all our citizens the eternal message of peace and good will. A long time ago, Kings from the East and the Shepherds from the hills gathered around a crude manger to present their gifts and from the fullness of their hearts, to proclaim the glad message of Peace on Earth, Good Will to Men. Down through the centuries, people of all nations still remember and hold in reverence the song of the Herald Angels and the spirit of Bethlehem. In that spirit of thankfulness we turn our attention today to this goodly land of ours, where hunger and plague and convulsive revolutions are things unknown to us. We need from time to time to count our blessings and be grateful for the peace and plenty which we continually enjoy. We are blessed with a healthy and rewarding climate, a rich and bountiful soil and a sea which yields unsparingly to all who seek its wealth. But above all we are blessed with a resourceful people, hardy men and women who cultivate our farms and courageous folk who harvest our seas. This is our richest heritage and one which we must all endeavour to preserve as a legacy to our youth. Let us then remember the source of this great festive season, making it a day of grateful thanksgiving, honouring in our homes and among our relatives, our friends and neighbors, this time of special rejoicing and on our highways too, the principal of courtesy and safety. In the New Year, may we all resolve together to go forward to make this province a place of Happiness, Prosperity and Progress.
