THE DAILY EXAMINER.

JUNE 25, 1890.

The Council Election.

WE congratulate the Liberal-Conservative convention for the Second District of Queen's County on the excellence of their selection of candidates. It will be well if Liberal-Conservatives in all other Legislative Council Districts follow the good example that has been set them.

A Noble Gift.

MRS CONNOLLY, wife of the late Owen Connolly, Esq., has given her beautiful residence on the Esplanade, together with all the land and buildings, to the Sisters of Charity, for a home for the aged and destitute.

The thanks of the community are due to Mrs. Connolly for this noble gift to those who, generation after generation, are always with us. It is pleasing to know that not all the wealthy among us are destitute of public spirit and large-hearted Christian charity.

The Coming Exhibition.

WORK on the Exhibition buildings and grounds is rapidly advancing. There can be no doubt that everything will be ready in good time for the show. A mere glance over the beautiful grounds, with the commodious, substantial and well arranged buildings now approaching completion serves to impress a visitor with the important part the Provincial Exhibition and Driving Park is calculated to play in developing the agricultural and industrial interests of the Province. Everything so far appears to have been done with good judgment. The grounds are in themselves singularly well located in every respect. The track seems to be almost perfection. The buildings are well designed and conveniently located.

Our farmers, artisans and people generally are now called upon to do their part. It would be a lasting disgrace to our Province if these buildings and grounds are not filled to overflowing with the best of everything grown or manufactured by our people. The prize list will be out in a few days. We are glad to learn that it is a most liberal one. Every department of industry will be encouraged, and the prizes will be much larger and more numerous than at former shows in this Province. Nobody should shrink from exhibiting whatever is really meritorious. As the classes are more numerous, the chances of winning prizes and honors are greater than ever before.

Let the young men and women of Prince Edward Island see to it that the opening of our new Provincial Exhibition and Driving Park inaugurates a fresh era in the material progress of our Province. Now is the time to begin. The horses, cattle, sheep and pigs should be fitted for the show-yard, not simply by fattening them, but by training animals in which training is an advantage, and insuring, by good treatment, healthy growth in others. Now is the time to prepare for a good exhibition of roots. We hope to see such an exhibition of potatoes, turnips, mangolds, carrots, etc., as will show visitors from abroad what the soil of Prince Edward Island can produce.

The buildings are large, but they must be filled. Unoccupied space at an Exhibition has a discouraging effect. Let our manufacturers and dairymen bestir themselves. This is the first time Prince Edward Island has had a first-class Exhibition. There is no doubt that an immense crowd of visitors will be attracted, not only from all parts of the Island, but also from the neighboring provinces. The advantages to be gained in the way of advertising will alone be of great value, and will certainly lead to profitable business. It is unnecessary to say anything about the races. With such a record as Prince Edward Island possesses for first-class horses, and the number of noted arrivals from the other side of the Strait that are expected to enter, most interesting contests may certainly be expected.

One Thousand Sheep Killed in a Railroad Accident.

One of the most disastrous wrecks to the Atlantic and Pacific Railroad occurred a few weeks ago, on the Santa Fe Railroad. A train of double-decked cars, loaded with some five thousand fine merino sheep, on the way from California to the Chicago market, was wrecked by the breaking of a truck. Every car but two was destroyed and about one thousand sheep killed outright. The Indians of the neighborhood worked all night skinning carcases. They will have mutton for months of come.

W. R. WATSON, Druggist is wholesale agent for K. D. C. It is sold by all druggists, and guaranteed to cure Dyspepsia and Indigestion or the money will be refunded.

Local and Other Items.

WATERWORKS.—Antigonish has voted $35,000 for water works.

STRAWBERRIES.—Wild strawberries are reported ripening and plentiful.

TEA AT SOURIS.—Souris is preparing to have a Grand Tea on the 31st of July next.

MACKEREL.—The mackerel being taken along the coast are unusually large and fat, and take the hook with great avidity.

NEW CHURCH.—A new Methodist church has been completed at Canso at a cost of $7,000. A balance of $750 is all that remains unpaid. The church will seat nearly 400.

BELLS CHIME.—The bells of Sts. Simon and Jude, Tignish, rang out a merry peal yesterday as Dr. A. A. Allen, of Cardigan Bridge, led his fair bride, Miss K. Hughes, of Tignish, from the altar. We wish them unclouded happiness.

LOW RATES.—We understand that arrangements have been made to issue tickets from Georgetown, Souris, and intermediate points, at a very low rate, to connect with special train of Grand Western Excursion to Bloomfield tea on 15th proximo.

FAMILY CENTENNIAL.—The descendants of the Simpson, McNeill and Clark families will celebrate the centennial of the settlement of Cavendish by their ancestors, by a Picnic and Social Entertainment on Thursday, July 10th, at 1 o'clock, p. m. All the descendants of the above-named families are cordially invited to attend and participate in the celebration. By order of committee.

EVANGELISTIC.—The young English Methodist Evangelist, Mr. Sutcliffe, who has been engaged by the First Methodist Church of this city, came out in the last steamer and arrived here on Monday evening. Mr. Sutcliffe has been working successfully amongst the masses in different parts of England during the last few years, and will have special charge of Kensington Hall in the eastern part of this city, where his first service will be held on Thursday evening, the 26th inst., at 7.30. He will also conduct the usual service in the basement of the brick church this evening at 7.30.

THOSE puzzling over the important question of where to go for their summer holiday, will find the little volume, "Summer Tours," issued by the General Passenger Department of the Canadian Pacific Railway, a most useful adviser. It describes a delightful variety of tours by rail, lake and river, to popular inland and seacoast resorts, to the Rocky Mountains, the Pacific Coast, Alaska, &c, &c., from which attractive long or shor trips may be selected to suit the wishes of all tourists. The book is published in pocket form, neatly gotten up, and adorned with many handsome illustrations, and may be obtained free upon application to W. F. Egg, District Passenger Agent, Windsor Street Station, Montreal.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. apl18'90dyeodwkyly

Notes From Fort Augustus.

The thunder and lightning of Wednesday, the 18th inst., which was felt so severely in other places, did considerable damage in this section of the country. The barn of Mr. Philip McNally was badly shattered. The lightning struck the corner of the roof, split one of the rafters, and proceeding, struck the corner-post and shattered it into atoms. A fine six-year-old mare, heavy with foal, was feeding at the time in the corner of the barn where the lightning struck, and received a bad shock. By careful treatment she has improved somewhat, but it is the opinion of many that she will not completely recover from the shock she received.

Notwithstanding the cold and backwardness of the spring, the crops are now beginning to assume a bright appearance. The farmers have now every reason to hope for a bountiful harvest—a sure return for all their labors.

The steamer Heather Belle affords excellent facilities to people here going to and returning from Charlottetown. A sail in her at this season of the year is delightful. Now that the people are through with the heaviest of their work, and are enjoying a short respite, they make more trips to the city than usual—especially the fairer ones, who wish to dispose of their money in purchasing the latest style of dress goods, and other such ornaments as will decorate their persons. It is the desire of the young ladies to excel.—COM.

June 23, 1890.

Personal.

Cardinal Rampolla is six feet seven inches tall. It is no wonder he stands high in the church.

The full edition of Marshal McMahon's memoirs, six copies, has been distributed among his nearest relatives, with the injunction of secrecy.

Prince George's involuntary cruise on board the Thrush has been satisfactorily explained. The Prince fell in love with a maiden whom it was not deemed wise for him to wed, and he was sent away, in the hope that time and distance may cure his infatuation. The world of lovers will think less of him if the plan succeeds.

Lord William Cecil, the second son of Salisbury, is a parish clergyman, very popular among all classes. He is to be appointed honorary chaplain to the Queen on the next vacancy, and will preach in the private chapel at Windsor when Her Majesty again takes up her residence there.
