

GAGETOWN FAIR WINNER TELLS OF BAKING SUCCESS

Baking 15 loaves a week for a hungry family is good practice for the fair! And Mrs. George Williams, of Gagetown, N.B., finds that experience pays off when it comes to prize winning at the Queens County Fair. But it takes more than experience, says Mrs. Williams. You've got to be sure of the ingredients. "You must be careful about the yeast you use," Mrs. Williams warns. "I myself have found that Fleischmann's always gives me fine results. Fleischmann's is completely dependable."

That's right. Fleischmann's is extra active for extra fast rising. That's why a majority of prize-winning cooks throughout the Maritimes choose Fleischmann's Yeast... it has given finest results for 83 years.

RUBBER BANDED POTATO—Master Morris MacCabe, Alexandria, sent to the Guardian yesterday a potato he found while picking on his father's farm. The potato had a rubber band around it. Used as part of the milking equipment the piece of rubber had been discarded and dropped to the barn floor where it had been taken up with the manure and evidently spread on the potato field last spring. Although the potato in growing had stretched the band considerably, the shape of the potato had not been greatly altered by the pressure.

Work Begins On New Rail Line

QUEBEC, Oct. 8—(CP)—Premier Duplessis has announced that work began October 4, on the 360-mile rail line from Sept Iles on the St. Lawrence River north shore to the Ungava and Labrador interior.

The railway will link the huge iron deposits far inland in the northeastern limits of Canada with a harbor to be constructed at Sept Iles.

The Premier said the rail line will open vast new territories.

Sept Iles is due for considerable development as a result of the exploitation of the Ungava and Labrador deposits, the Premier said.

The rail line will start at Sept Iles in Quebec Province and go through Labrador for some distance, and end in Quebec Province territory.

The Premier said that at Havre St. Pierre, 100 miles further down the St. Lawrence River, titanium ore developments are proceeding according to schedule.

He then noted the copper ore find in the Gaspé Peninsula where 60,000,000 tons had been proved. He said this would contribute to the development of the Gaspé territory.

15th World Conference in Great Britain

Have you received your Guide Magazine for Oct? I was especially interested in the report of the delegates to the World Conference in Great Britain. Your Guides and Brownies will, I am sure, be interested to hear of the tours made to the historic Tower of London, Westminster Abbey, Eton, Windsor, Oxford, Buckingham Palace and Hampton Court. What memories I have of all these places and on reading the wonderful account I could actually see again the beautiful buildings and rivers in their picturesque surroundings. The delegates from Canada, including our Dominion Commissioner Mrs. D. E. S. Wishart, also received the great honour of being presented to Her Majesty the Queen. Each delegate from the different countries handed their presentation card to one of the eight Gentlemen in Waiting and the cards went from hand to hand until the name was announced and then "we shook hands, curtsied, and looked at the glowing smile and blue eyes of Her Majesty." Later the Queen joined delegates for tea and many had the privilege of a brief chat with her. Princess Margaret was in Sea Ranger uniform and was greeted with tremendous cheers at a huge Camp Fire of 10,000 Guides. Canada too got a special cheer as the Guides shouted "God bless Canada. Here's Canada give them a special cheer for all they did for us." Don't you wish that you could have been there? I do not think that you could wish it any harder than I. It must have been so thrilling and wonderful and give memories to hold until the end of ones days. There is a whole lot more to the report and it is all interesting to get your Leader to read it to you.

The Guide also contains the new price list, not so interesting but necessary. Prices have gone up as warned. I am placing an order with Dominion this week for new supplies so do not rush me yet, give a week or two to get them in.

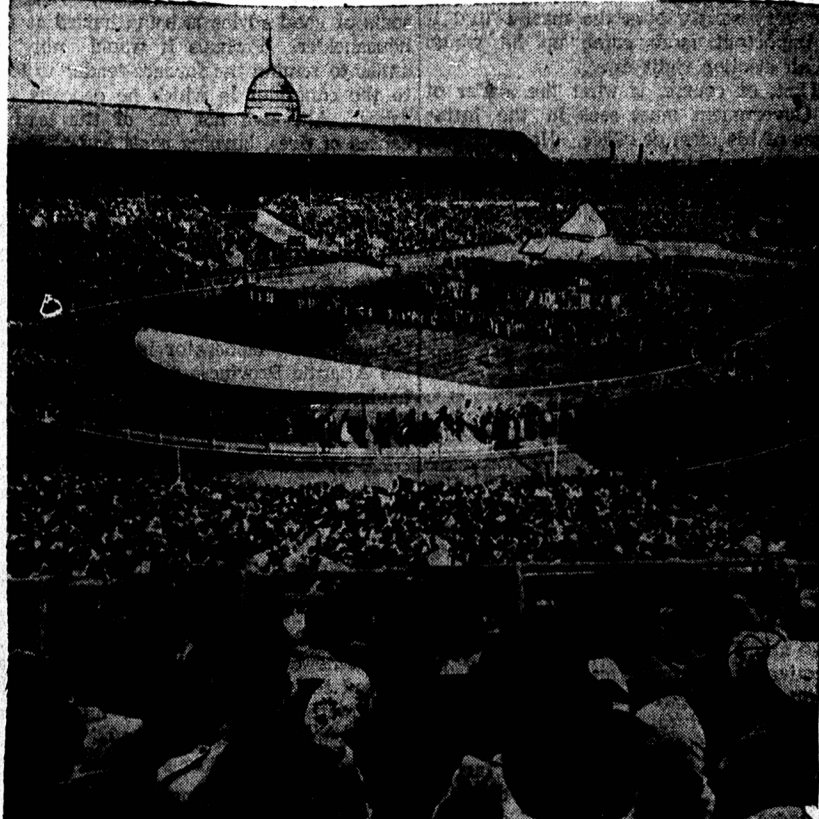

I would also call your attention to the Leadership article that is especially informative.

Thankoffering Service In Brackley Church

On Sunday evening, October 8, an audience that filled the Brackley United Church enjoyed with gladness hearts and minds, a service of song and thanksgiving.

The altar was beautifully adorned with fruits, grains and vegetables against a background of potted plants, garden flowers and beautiful autumn leaves.

Members of Trinity Church choir, Charlottetown, with Mr. David Crawford at the organ led the service of song.

Mrs. Edward Sellick, president of the W. M. S., assisted by Mrs. Reginald Bryenton led the devotional exercises, opening with the hymns, "We Plough the Fields and Scatter" and "For the Beauty of the Earth."

The rendition of an anthem by Trinity choir, "The Lord Is My Shepherd", preceded the Thanksgiving offering.

The offering was accepted by members of the W. M. S. and dedicated by the blending of voices in the Doxology, in thanks to Almighty God for all His goodness to us.

Miss Betty Beers and Mr. David Crawford sang very acceptably, "He Took My Burden and Left Me With a Song."

Mrs. Guy Pierce then introduced the guest speaker, Mrs. Fred Osbourne of Central Royalty, who so capably took the audience on an imaginary trip to Northern Newfoundland and Labrador. She told how thankful those poor folk are, how grateful they are for even little things, thankful for small mercies in deeds of kindness and words of love and understanding.

Mrs. Leigh Warren of Charlottetown sang very impressively, "The King of Love, my Shepherd is." She was accompanied on the organ by Mrs. Wood, also of Charlottetown.

Thanks were expressed by Mrs. Pierce on behalf of the W. M. S. to the artists for their contribution in this the Thanksgiving service. The closing hymn, "Where Cross the Crowded Ways of Life," was followed by the benediction.

The W. M. S. then were "at home" in a social hour at Mrs. Allie Bryenton's. Refreshments were served by the ladies, after which musical numbers and readings were greatly enjoyed by all.
