Borden Youth Gets Medal From Natick, Mass. Swimmer

BORDEN—For doing a fine job in accompanying John Starrett, of Natick, Mass. and acting as his life guard while swimming the Northumberland Strait, Kevin Ranahan, Borden, has received a medal from the swimmer.

Kevin had followed the swimmer all the way across the Strait in a rowboat to make certain that Starrett did not get into trouble. Should anything have gone wrong Kevin was prepared to act as life guard. As it was, he offered encouragement to the swimmer, who was the only person to finish the gruelling race other than the winner, and guided him to shore.

The medal hangs from a blue and white ribbon and the design is of a swimmer with his head showing above the choppy water.

Lobster Season Opens Saturday In District 8

The lobster fishing season for district 8 which includes the area Victoria to North Cape opens Saturday and runs until Oct. 5.

Fishermen may set their gear beginning at 9 a.m. Friday, but traps must not be hauled before Saturday morning, August 10.

It is estimated that fishermen in the western area account for about one-eighth of the total Island lobster catch.

In the spring season this year according to fisheries department statistics, fishermen landed about 1,000,000 pounds less lobsters in May and June than in the same two-month period last year.

Lobster landings for those two months this year amounted to 5,551,044 pounds, with a value of $2,277,129. For the same two months last year, landings were 6,538,340 valued at $2,333,929.

Better prices to fishermen this year considerably offset the smaller catch, and fisheries officials expect that when the fall season is over, revenue from lobster fishing will probably be as high as last year.

Wilmot District Asks Sewage Link

SUMMERSIDE — A sewage system link with the Town of Summerside is being sought by residents from the Wilmot district it was learned here yesterday.

A group of 23 residents from the Wilmot area made the request to the town council.

The delegation reported that as a result of a canvass only one land owner was shown as being unable to bear the extra cost of the proposed sewage line connection.

The Wilmot property owners are willing to bear the total capital cost of a collector sewer that would connect to the existing sewer where it now ends on Summerside's east side.

The group is agreeable to paying the annual maintenance costs of the necessary extension as well as a per capita, annual lump sum service charge to the town for the service and it's rising costs.

The growth of the summer tourist trade in the Wilmot area has been a major reason for the sewage request, the delegation said.

Now containing the largest tourist resort in the Maritime provinces, Wilmot is soon expected to have a new $200,000 motel and a banquet room.

Erection Of New Cattle Barn Marks Exhibition's Approach

ALBERTON — The beginning of activity at the Alberton Exhibition grounds heralds the approach of the annual two- day fair which is scheduled for Aug. 21 and 22.

Officials report that judges for all classes have been secured and that prize lists now at the printer's should be available to the public within a few days.

Chester W. Hayes of Alberton is president of the exhibition association and Alvin Palmer of O'Leary is secretary.

Cranky Dog Attacks Boy

ALBERTON — Duane McNeill five-year-old son of Mr. and Mrs. Thane McNeill of Toronto, was badly bitten by a dog on Monday.

Duane and his parents are spending a holiday in Elmsdale and were visiting a neighbour when the unfortunate incident occurred.

The little lad was rushed to a doctor in O'Leary. Eleven stitches were required to close the wounds on his forehead and nose.

The dog reportedly has a tendency to be cranky with children and had been fastened in the barn but got out when someone opened the door. At first he played with the child, then attacked him.
