To any representation we make. The Watches we sell are the best money can buy. And the plain truth is strong enough to sell them. In these days of sham and misrepresentation, take time to think before buying a watch. We have some exceptionally good movements in plain nickel and silver cases. They make good, sensible, everyday watches. If a single one proves less trustworthy than we promise we'll take it back willingly.

SUNDAY SCHOOL PICNIC.—St. James Sabbath School picnic will be held at North Wiltshire on Wednesday, the 13th July.

FATAALLY BURNED.—The three-and-a-half year old son of Thomas Mosher, Halifax, fell into a tub of hot water a few days ago, and was so badly scalded that he died.

JOURNALISTIC.—The Templar has been sold to the publishers of Voice of New York, the leading temperance paper of the eastern States, and it will be run as a Canadian edition of voice.

MILITIA.—Twenty vacancies now exist in the Charlottetown Engineer Company. Those desirous of joining are requested to hand in their names to any of the officers or non-commissioned officers. Drill this evening.

MAKING AND SAVING.—The death of a old Boston hotel waiter, leaving \$25,000, which he is said to have received in tips, revives the usual reflections on the tip question. The most obvious deduction from this announcement is that the deceased was a good waiter, who knew his business and stuck to it. It is also apparent that he knew how to save his money after he accumulated it. This is an even greater and rarer accomplishment than making money, and one which too few people appreciate the advantages of cultivating. Boston Herald.

A TOWN WITH OUT WOMEN.—Situated on a promontory on the coast of Macedonia, known as the "Mountain of the Monks" because there are no fewer than twenty magnificent monasteries scattered in the sheltered recesses or on the tops of the forty crags, lies Athos, a community where all the inhabitants are men. There dwell in this secluded spot, cut off from all the pomps and vanities of the world, the devotees of an extraordinary system of asceticism, quietism and superstition. The town proper is called Carves, where are to be found all the essential features of civilized life—streets of shops and bazaars filled with the bustling and eager customers, copper smiths plying their trade and fruiterers piling up their wares. But never is seen the form or face of mother, wife, sister, daughter, lover, child or infant.

Crop prospects throughout the country continue very good, and as a consequence the country stores are doing a fair business which is reflected in the sales by whole salers. The paper maturing on the fourth of June was well met, and remittances are reported quite satisfactory.

The Dentist's Opportunity.

"I was particularly busy on last Tuesday," said the dentist. "My office was crowded all day, and one of the last patients to be attended to was a big, fat, middle aged German woman. She had been waiting for nearly three hours, but at last it was her turn, and she moved up to the chair with all the airy grace of a steam roller. Apparently the crowd in the office had impressed her deeply, for the first thing she said was:

"Doctor, you was doing a goot beensness."

"Yes, I said, 'I keep pretty busy.'"

"My, but you must be maiging a big lot of money! Say, doctor, was you a single man?"

"This was getting rather interesting, but the question was fired point blank at short range, and I felt that I had to answer, so I admitted that such was the case. By this time she had hoisted herself into the chair, and she gave me a look that—well, you remember the picture entitled 'The Amorous Hippopotamus?'"

"Say, doctor," she said, "und I was a single woman."—New York Sun.

After the Concert.

Mr. Wellwood—How did you like Mme. Mebley?

Miss Highrocks—She was wretched.

Mr. Wellwood—I'm astonished to hear you say that. I thought she was in fine voice.

Miss Highrocks—Oh, her voice may have been all right, but I'm sure the gown she wore never could have been made in Paris.—Cleveland Leader.

The facilities for inland transportation are so limited in Brazil that the inhabitants of the ports find it cheaper to import grain from North America than from their own farms.

A business man is not the most patient creature in the world. He cannot wait to hear any long-drawn-out story of the cause of his ailment. He does not care two straws about a fine spun theory of how he should treat himself. He may be predisposed to scrofula, or consumption. "That," he will tell you "has nothing to do with the case." He wants to be well. If he can be cured, write out a prescription and send in your bill. So, here's the first part of the proposition.

Dr. Pierce's Golden Medical Discovery is a microbe hunter and killer. Many persons of scrofulous blood, encourage the breaking out of unsightly sores, to prevent the disease going to the lungs. There is no need of this state of dread and discomfort. Purify the blood. It can be done. "Golden Medical Discovery" will cure 98 per cent. of all consumptive cases, also of all other lingering bronchial, throat and lung diseases.

**SNAPS EVERY DAY
OF THIS WEEK**

Some firms think it a wonderful thing to sell cheap one day of the week, and some buyers think it a wonderful thing to be able to buy an article cheaper on Saturday than on Friday. Every day of the week is the same to our customers.

**Monday, Tuesday, Wednesday, Thursday, Friday
& Saturday**

Are Bargain Days in Our Store

We do not think it right to charge you 40 or 50 cents for an article on Friday, and then give it to you on Saturday for 25c

Our motto is a very small profit every day of the week, and we think that the people appreciate our efforts to use them right, as our trade is better than ever this spring

The department where the bargains are to be found are Carpet Clothing, Hats, Caps, Gents' Furnishings, Staples, Dress Goods Millinery, Cloak and Trunk department. If you see a price advertised from another store, you can just make up your mind that it is just as cheap at

PROWSE BROTHERS

I have been frequently told that "Dry Goodmen" try to persuade buyers from inspecting my goods.

It is easy to guess why they do this—and I sincerely hope they will continue in that course, for it only tends to make the shrewd buyer so much eager to know what I am selling at low prices.

I employ no salesmen, sell only to gift edge buyers, and my only terms are cash. Housekeepers will find it to their advantage to inspect my wrappers and skirts. See the widely known "King Diamond Skirts" at such a low figure.

Buyers will save shoe walking and money by trading with me.
