TORONTO

TORONTO (CP) — The stock market settled lower Monday while many investors remained away for the Easter Monday bank holiday. Price changes were generally narrow.

Five mines, all of which sold at less than 50 cents, accounted for a third of the total sales.

Brokers said many traders were absent, taking advantage of the extended holiday. The market was closed Good Friday.

Mines and western oils eased in light trading, except for the action in Maralgo, Indian Lake, Zenmac, Gaitwin and Martin-McNeely, all low-priced speculative mines which moved in a six-cent range.

Index losses: Golds .05 to 78.45; base metals .77 to 149.25; western oils 1.09 to 125.02.

ANCIENT SIGNS

The first "dictionaries" were used in Assyria and Babylonia to explain signs, not words.

MONTREAL

MONTREAL (CP) — Prices were mixed to lower Monday in light trading on the Montreal and Canadian stock exchanges.

In the mixed range were the papers and steels. Howard Smith lost 1 to 28 and Donahue gained ⅞ to 11¼. Canadian Iron Foundries eased ¼ to 27 while Steel of Canada improved ⅛ to 53⅛.

Constructions, base metals, pipelines, refining oils and utilities were all down. Canada Cement lost 1 to 28½.

Banks and miscellaneous stocks were a little firmer. Bank of Montreal gained ⅛ to 42.

Sparked by active Iso Uran, trade volume was up in the mines and oils. The producers were losers all day while the speculative were mixed to lower. Steep Rock dropped 20 cents to 9.50 and Opemiska copper dipped 15 cents to 7.00.

The exchanges' closing averages show banks up .02 to 46.02, utilities off .2 at 137.2, industrials off 1.6 at 244.8, papers off 3.02 to 1096.26 and golds at 69.86, unchanged.

NEW YORK

NEW YORK (AP) — Steels were under selling pressure as the stock market added another day to its string of declines.

This was the ninth of a series of falling markets except for one irregular session.

There was a firming tendency in the late afternoon as steel production was reported higher than forecast last week and a Wall Street service said there was a sharp upturn in car sales in the last third of March.

The Associated Press average of 60 stocks dipped 10 cents to $159.40 with industrials down 20 cents, rails down 70 cents and utilities up 20 cents to a high for the year.

Among Canadian issues on the New York exchange, Hudson Bay Mining and McIntyre Porcupine each dropped ¾. Walker-Gooderham was off ½, International Nickel ⅜, Dome Mines ¼ and Distillers-Seagrams ⅛.

Canadian stocks on the American exchange moved narrowly. Up 1-16 each were Molybdenite, Richwell, Sapphire Petroleum and Scurry-Rainbow. Off 1-16 were Eureka and Jupiter Oils.

Pope Calls On All Nations To Promote A Just Peace

By PATRICK CROSSE

VATICAN CITY (Reuters) — The Pope Sunday called on the nations of the world "to promote with all their forces the solid restoration of a just peace."

Delivering his annual Easter message to hundreds of thousands of pilgrims massed in St. Peter's Square, the 82-year-old pontiff said those nations which honestly love peace should show "sincerity in wanting peace, promptness in the complete discharge of all reasonable sacrifices it demands, honesty in discussing its problems."

Should this fail to "shatter the shadows of distrust," he added, "it would finally be known to whom should be attributed the responsibility for the existing disharmony.'

The Pope's voice was firm and clear as he spoke from the central balcony high on the giant facade of St. Peter's. The address was televised throughout Italy and parts of Europe and broadcast around the world.

An estimated 250,000 persons gathered in St. Peter's vast square to hear the message. The multitude fell to their knees on the cobbles when they saw the small white figure of the pontiff raise his arms in benediction.

SIX LANGUAGES

After spekaing for 20 minutes in Italian, the Pope addressed foreign pilgrims in French, English, German, Spanish and—for the first time ever—in Dutch.

As his message was concluded, thousands of white doves were released from the square and flew out of sight in the brilliant sunshine.

The Pope said the Roman Catholic Church is the channel by which men can, in actual experience and with certitude, make contact with the light shed on the world by Christ when he rose from the dead.

"What is the light of God shining down in the world?" the Pope asked.

"It is the vigilant care of the Church concerning doctrine, its diligence in spreading and defending the truth, its prudent deliberation with regard to novelty and change, its impartiality in disputes between clsseu and nations, its steadfastness in protecting the rights of individuals, its fearlessness when confronted by enemies of God and of society."

Indonesia In Arms Deal With The Reds

JAKARTA, Indonesia (AP)—Indonesia has completed negotiations with three European Communist nations to buy military equipment, including Russian-built MiG jet fighters and Ilhyshin bombers, a government spokesman said Sunday.

He said the deals were made with Poland, Czechoslovakia and Yugoslavia and that no strings were attached.

The spokesman said Indonesia is willing to buy arms from western nations also, if given the opportunity.

An authoritative military spokesman reported, meanwhile, that this government is waiting for a possible counter-revolution in Central Sumatra, intending then to send in troops to back it up.

His statement all but cancelled out announced government plans to invade the rebel centres of Padang and Bikittinggi.

Charge Violence And Corruption In Nehru Party

By ADRIENNE FARRELL

NEW DELHI (Reuters)—Charges of violence, corruption and official misconduct have brought the reputation of India's ruling Congress party ti its lowest point since independence.

The party, which controls 362 seats in the 489-seat Indian Parliament, is led by Prime Minister Nehru.

Both the pro-government Hindustan Times and the independent Times of India last week published articles by their editors warning that reaction has set in against the Congress party which has been in power since India achieved independence from Britain in 1947.

The Times warned that the party was corroded by violence, lies and corruption.

"It is now beyond dispute that there is much in the Congress organization that stinks," the paper's editor said.

Americans See Nothing New In Red Letter

MOSCOW (AP — Premier Nikita Khrushchev has sent a letter to President Eisenhower proposing the United States and Britain end nuclear weapons tests in line with a Soviet example.

A Tass news agency account of Khrushchev's letter said Saturday if they refuse, the Soviet Union will feel free to drop its promise to end such tests. Radio Moscow also broadcast parts of a Tass summary of the letter to the world.

(The White House dashed cold water on the proposal. An announcement relayed to Gettysburg, Pa., where President Eisenhower spent Easter, said of Khrushchev's letter:

("It is nothing but a repetition of (Soviet foreign minister) Gromyko's announcement. The secretary of state has discussed it by telephone with the president and there will be no comment at this time.")
