

THE QUEEN'S COUNTY GUARDIAN

The train arrived last night at 10.30.

Mrs. F. S. Moore is visiting in St. John.

WILLIAM HARPER returned from Amherst last night.

The tide will be high this afternoon at 8.31 and tomorrow morning at 8.56.

Rev. Thomas Hicks, of Albert N. B., was a passenger to England by the steamer Pretorian a few days ago.

MISSISS LAURA AND HELEN FERGUSON, daughters of Senator Ferguson, are the guests of Mrs. Peter McIntyre, St. John N. B.

RECENT advices received here from correspondents in Alberta indicate a fear of a dry season on the part of residents there.

The music page in the Saturday issue of May 12th will contain the words and music of a song entitled "When violets are there."

WEDNESDAY, the 23rd inst., has been appointed by the Chief Superintendent of education to be observed as Arbor Day in the schools which have summer vacations.

ANY person, receiving by mail or otherwise a soiled or slightly damaged copy of any issue of the Guardian will confer a favor by promptly mailing same to the subscription manager.

LOBSTERS, fresh cod, good butter and lots of fresh eggs were the principal supplies in evidence in Market yesterday besides the quantities of meat offered for sale. There was not a very large attendance as the roads are not yet in a good condition.

HEREAFTER, under this heading, will be found news pertaining to Queen's County. Under the proper headings will also be found the news of the other counties. The Guardian classifies its local items thus in the hope that this will be a convenience to its readers.

THE Guardian is authorized by G. A. Sharp, Superintendent Prince Edward Island Railway to state that, owing to the soft condition of the track, which compels a slower rate of speed of trains, from April 30th until May 5th, 1906, both dates inclusive, the morning express train from Souris and Georgetown will not connect at Royalton Junction with the morning express train from Charlottetown.

THERE'S no chance for an argument as to whether Guardian classified ads pay or not. They always pay if they ask anything consistent. There are so many people in Charlottetown that somebody is qualified to fill any sort of a want. If you want to find a position or somebody to fill a position; if you want to find the loser or the finder of an article; if you want to find a landlord or a tenant, try a Guardian classified ad.

A SAD case of suffering has been brought to the notice of the police. The family of Mrs. Morgan, who is confined in jail for infraction of the prohibition law, live on lower Queen Street. There are three members, a grown up girl, and two young children. They are said to be all suffering from measles and to need proper care and attention. It is most likely that they will be looked after today by the proper authorities.

SECRETARY Archibald of the Y. M. C. A. had in his class for two years the winner of the Marathon race at Athens the other day—W. Sherring. Mr. Archibald was physical director of the Y. M. C. A. at Hamilton, seven years ago, and during that time Sherring won his first Herald race, nineteen miles, breaking the world's record. Mr. Archibald has a photograph of the group of Hamilton long distance runners, and among them is the portrait of Sherring.

W. C. COLLETT, the prominent architect of Boston, formerly of Crapaud, left Thursday for an extensive trip West stopping at Niagara Falls, Chicago, Omaha, Denver, Salt Lake City, Los Angeles, San Francisco, Oakland, Sacramento, Portland Oregon, Olympia, Tacoma, Seattle, Washington, Boise Idaho, Vancouver. He will return by C. P. R., stopping at several cities along the line, arriving in Boston about the middle of June. His many friends will wish him a pleasant trip.

THE Canoe Cove correspondent of The Guardian reports:—Mrs. Farquhar McRae is fast recovering from the fall she received some time ago.—We are glad to have John and Mrs. Carroll amongst us again.—Archie Rogerson and family have moved to the beach for the coming summer.—Norman McLeod has returned home from Cornwall.—The lobster packers of this vicinity are busy preparing for the coming season and are still sending the prices up.—McRae Bros have built an addition to their factory.—Robert McLeod left for Boston Tuesday.

ANY good strong boy with a fair education can learn of a permanent position with rapid promotion by applying at this office at once.

A CORRESPONDENT asks The Guardian to state the amount of moisture the law allows in butter and also what are the legal provisions in regard to the adulteration of milk butter or cheese. Regrettably the information asked for is not just now at hand.

CONSIDERING the condition of the country roads 125 passengers by the S. S. City of London from East River ports yesterday was considered a large crowd for this season of the year. She makes two trips to Crapaud today, and goes to Vernon River Bridge on Monday morning at 7 o'clock.

A LETTER of condolence on the death of her husband has been presented to Mrs. Robert P. Frowsdale, of Lot 48, from Court Garden Island, Canadian Order of Foresters. The letter was signed on behalf of the members of the Lodge, by A. Martin Lane, Chief Ranger, and James McCallum, Financial Scribe.

COMMENCING May 5th, Guardian employees have a half holiday each Saturday during the summer months. The business, editorial and news departments are open as on other days for the transaction of business. Advertisers are asked to have "changes" in not later than ten a. m. each Saturday for both Daily and Tri-weekly of Monday.

THE report regarding Austin McDonald, Vernon River Bridge, selling out his business is without foundation, and The Guardian greatly regrets having inserted same. Steps are being taken to punish the sender of the item in question, and in future all who willfully furnish The Guardian with false news will be proceeded against in a court of law.

THE maple trees in Winnipeg, says a correspondent, are almost out in full leaf and the grass is growing vigorously.

"The lawns of the parliament and government house grounds are resplendent in their verdant spring garb. Vegetation is much more advanced than usual at this early stage of the spring season." It certainly is a little more advanced than some places to the eastward thereof.

THE fourth night of the season in Charlottetown for the Jere McAuliffe Stock Company was greeted with another good house last evening. The play was Wedded but no Wife, and is rather sensational for persons of quiet taste, but was well played by this capital company. Jere was as usual inimitable in song and parody and the other specialties were good. This afternoon a matinee will be given and tonight the King of Tramps will be put on.

FROM the McGill Science Report to hand it is to be noted that in the class the four Island boys who passed had good places. Jay Macdonald, Vernon River was second; William M. Dennis, O'Leary, fourth; R. Robert B. Stewart, Strathgarny, ninth; Leighton Stewart, Summerside, thirteenth. This is a very good showing all the more entitled to praise, because out of the class of 100 only 36 passed. The Island boys, as usual, have done remarkably well.

THE Guardian's Granville Correspondent reports:—Mr. Mallett and A. K. Henry are busy at work repairing their mill dams, which had been broken away during the recent freshet.—Miss Ida Taylor, who has been spending the winter with friends in Granville, left on Wednesday morning for Manchester, N. H. Her many friends here wish her a pleasant journey and every success on her arrival in Uncle Sam's Domain.—Our enterprising and esteemed citizen Jas. Burgoyne, apparently has grown tired of single blessedness and has taken to himself a wife, from the fair sex of Albany. The happy couple arrived in Granville at the home of the groom on Tuesday, the 1st inst., and were warmly received by the young folk of the place who turned out in goodly numbers to celebrate the happy event. As Mr. Burgoyne is one of our most enterprising and enthusiastic young men, we extend to him and his happy bride our best wishes.—Wm Burgoyne and family have moved from our midst and taken up their residence at Bradalbane in the house recently occupied by Robt Arthur and family. He will be greatly missed in both religious and social circles, in both of which he always held a prominent place.—Geo. Morris left on Tuesday morning for Belle Plains, Sask.

THE death of Ross Kitchen occurred at Fredericton, N. B., on Tuesday evening at 6 o'clock. He was the only son of Willard Kitchen, the well known railway contractor. He was taken ill with diphtheria a few days ago and the sad intelligence of his death will come as a great shock to his many friends. He was in his eighteenth year and gave every indication of a bright and promising career. The sympathy of the community will be extended to his family in their bereavement. The deceased was well known in Prince Edward Island, having been associated with his father in the carrying out of the latter's contracts last year. The funeral took place Wednesday afternoon from the homestead at Kingsclear. There was a large turnout of prominent citizens, and the greatest sympathy was manifested. Services were conducted by Rev. Willard McDonald.

THE campaign committee of the P. E. I. Lord's Day Alliance had a meeting at Summerside at the beginning of this week. It is the intention of the L. D. A. to resist to the utmost the introduction of Sunday cars in Charlottetown and Queen's Co. The Alliance thinks that the Legislature was gravely at fault in granting a charter to a company without inserting in that charter a prohibition of Sunday cars. If the Government shows no disposition to amend that charter then the campaign committee of the L. D. A. is prepared for a work of agitation that shall cover the whole of P. E. I. from one end to the other. At the meeting held in Summerside plans were carefully prepared for such a campaign. The Rev. T. Albert Moore, Sec. for Eastern Canada, will come to P. E. I. and help in the work. It was recognized however that the first

duty of the Alliance was to interview the Government, that the Government might be made fully aware of the position and wishes of the Alliance. A public statement on the part of the Government of its intention to secure on first opportunity an amendment to the present charter, prohibiting Sunday cars, would save the necessity of such a campaign as is above referred to. The Premier has been written to with that intent. Among those who were appointed members of the deputation to wait on the Government are the following: Rev. Neil McLaughlin, Beleteque, Pres. of the L. D. A.; Rev. R. G. Strathie, Summerside, Sec.; Rev. S. J. Woodroffe, Rev. W. H. Sedgewick, Very Rev. Dr. Morrison, Rev. G. R. White, Rev. Wm. Dolson, A. W.
