THE BIG LIFT AT CAPITOL, SUMMERSIDE—There are some motion pictures which, although wonderful entertainment, are also something more. There are some motion pictures which give tremendous insight into the historic times in which we live, the problems we face, the road which lies ahead. Such a film is "The Big Lift," Twentieth Century-Fox's tribute to the Berlin Airlift which opened yesterday at the Capitol Theatre. For "The Big Lift" filmed against a stark dramatic background of Berlin, and with Montgomery Clift and Paul Douglas outstanding in their leading roles, is more than the story of the Berlin Airlift. A mixture of suspense, romance and comedy. It clearly sets the problem and suggests the answer of how to treat a conquered people, how to show them their errors, how to lead them into democratic ways.

THE POSTPONED annual meeting of the South Shore F. M. Council will be held in Central Bedeque Hall, Tuesday, November 21st at 8:00 p. m. T. J. Inman, secretary.

School Parade Trophies, Medals On Display

There is on display in a show-window of George T. Clarke's jewelry store on Summer Street, Summerside, a magnificent collection of trophies and medals. These are the medals and some of the trophies which will be presented to winners of Schurman's School Parade, sponsored by M. F. Schurman Co. Ltd. at the end of the present season. There are plaques for the winners of group competitions and medals for individual winners and when the children who are participating or plan to participate have an opportunity of seeing them, the spirit of competition and the determination to win should be even greater than at present.

The competitions are divided into two groups: 1 to 3 room schools and schools of four rooms and over so that all the trophies come in two's, one for the winner of every competition in each group and one for second place in each group. The reason for the grouping is that it is thought that in small schools the teacher has to teach a number of grades and has not the time to give as much individual attention to the pupils as in a larger school so these schools are placed in one group and the larger schools in another group. All the plaques are of walnut with a shield on which is designated the competition and smaller shields where the name of the winning school and the team members can be engraved each year. The shields of the first place plaques are of silver and of the second place plaques of French bronze. Around the top of the plaque is a silver or bronze oak leaf wreath.

In the center of the plaque for the spelling bee is a silver (or bronze for second place) open book and on the quiz contest a world globe, all of which adds up to a very fine looking trophy which would be hung with pride on the wall of any school whose team was fortunate enough to win it. The medals for the individual winners of the various competitions in piano playing, singing, reading and public speaking are also very fine and, as in the case of the plaques, the first place medals are of silver and the second place ones are of bronze. Each medal bears a symbol indicating the type of competition. On front is engraved the words: "Schurman's School Parade" and on back is designated the competition.

Each medal is attached to a red, white and blue ribbon with a brooch pin at the top. These awards will be on display all this week and should be of great interest to all competitors.—S.
