THE BAPTIST CHURCH at Kingston will hold a Social on Wednesday evening next. A good time is expected.

SCOTT ACT.—The name of George B. McEachern was omitted from the published list of those fined at Souris. The fine was \$50 and costs.

STRAWBERRY BLOSSOMS.—The Guardian reports that Mr. D. W. Henderson, of North River, picked a number of strawberry blossoms in one of his fields yesterday.

THE WEATHER.—Increasing easterly winds tonight or to-morrow. A storm is developing over the lower lake region, which will cause strong winds or gales in eastern Canada to-morrow.

PRINCE OF WALES COLLEGE.—The students were yesterday afternoon addressed by D. J. McLeod, Esq., Superintendent of Education. The address was very interesting, and was greatly appreciated by the students.

JEWISH CUSTOMS AND FEASTS.—There was a good audience at Zion Church last evening to hear Miss Ben-Ole's address. Her discourse was most interesting throughout, and was listened to with the closest attention.

A COUNTRY SUMMER HOTEL.—A number of New York capitalists are negotiating for the purchase of property at Mink Cove, a beautiful spot near Digby Neck, where they intend to erect a summer hotel at a cost of \$50,000.

GOSPEL MEETING.—Remember the Gospel Meeting in the Philharmonic Hall Sunday afternoon at 4 o'clock, conducted by the Railway Men. Strangers always welcome. Let's see Mathew 9:13. "Not come to call the righteous, but sinners to repentance."

HE WANTED THE BARRELS.—According to an exchange, an Arcotook, Mr. farmer is said to have started for the mill the other day with 20 barrels of potatoes. When told that they could not be taken he dumped the whole 20 barrels full into the ditch and went home, remarking that he needed the barrels for something else.

Y. M. C. A.—A number of the students attending Prince of Wales College last evening organized a Y. M. C. A. in connection with that institution. The names of the officers elected are given below: Wm. H. McEwen, Pres.; Addison Anderson, Vice Pres.; Parvus McLeod, Secy.; Treasurer, Devine—John M. McLeod, (Chairman); Vernon Shaw, Daniel Ross, Addison Anderson. Membership Committee.—Herbert Vessey, (Chairman); Norman Campbell, Howard Dutcher, Fred Clarke.

SHOOTING ACCIDENT.—A shooting accident happened about two miles from O'Leary about 4 o'clock on Tuesday night last, says the Summerside correspondent of the Guardian. Mr. Charles Dunn, whose daughter was being married that evening, was endeavoring to drive from his door a crowd of fellows who were under the influence of liquor, and he having very badly because they were not admitted to join the guests. In his attempt Mr. Dunn received a bullet in the neck near the carotid artery, and as this artery, if cut, would be very likely to cause death, D. McLaughlin thought it too dangerous to probe for the bullet, which still remains in his patient's neck. At last accounts Mr. Dunn was doing well.

ST. JAMES' SOCIAL.—The social given by the Helping Hand Society of St. James' Church last evening was, as their socials always are, thoroughly enjoyable. The hall was well filled, and when Rev. Mr. Fullerton, who, in his usual happy manner, acted as chairman, announced that this was the last social in the "old historic hall," everybody seemed to be determined to make the most of the last act of the many enjoyable evenings spent there. The programme consisted of a well rendered piano solo by Miss Mabel Ailing, a vocal solo by Miss Edith Brown, who did full justice to the pathetic ballad, "Don't You Remember Sweet Alice, Ben Bolt"; an exceedingly good recitation by Miss Flo MacKenzie, a vocal solo by Mr. Chas. Bell, a recitation in Miss Edith Brown's best style, a cornet duet by Messrs. Stewart and Dawson, and a chorus by the choir. After a few minutes intermission, the refreshments were brought in. The cake and coffee were as good, if not better, than usual, and certainly they were as well appreciated. After this part of the programme was over some of the College boys delighted themselves, if not their audience, by giving vent to their happiness in some of the old choruses. A little after ten the company broke up, well satisfied with the Helping Hand Society, and hoping soon to meet again in the new schoolroom, which we understand will be opened early in December.

LETTERS TO THE EDITOR. P. E. ISLAND HOSPITAL.

Sir.—The leader of the Guardian of the 11th inst., respecting the Prince Edward Island Hospital, rally portrays the benefits derived by the public generally from that, as it terms it, "glorious institution." Much has been done by the "ladies of the Province" by soliciting subscriptions; and our medical men deserve much praise for their gratuitous services. But it must be remembered that the institution is a school in which they acquire much useful knowledge regarding their profession. The trustees, I have no doubt, give special attention to their duties. But on examination of the yearly reports I find somewhat not to agree with, and would suggest, the yearly reports be more complete in the future. The names of the various contributors could be omitted and no offence given, and over \$50 for printing saved. Leaders should be called for any supplies or work that may be required over \$50 in value, which would further largely reduce expenditure. A little more attention by these gentlemen to the duties devolving on them would not only save much of the funds collected, but would give the public the assurance that they were disbursing the same with the greatest economy. ONE OF THE SUBSCRIBERS.

THE SCHOOL QUESTION. Sir.—The writer conducted a school in this city for many years prior to the introduction of the present change in school hours. A morning and afternoon session in city schools under Government control then obtained, and at a time when school-houses were not the palatial buildings they now are. The hours given were from 9.30 to 12.30, forenoon and from 2 till 4 p. m. Those hours were far more in accord with the comfort and convenience of the home circle than are the present one session system. We all know that with a large number of citizens whose children are in attendance at the common schools, dinner hour is from half-past 12, till 2 o'clock. Children getting out of school at 2 o'clock and arriving home at from half-past 2 till 3 o'clock, and the parents are thus deprived not only of that parental care which is so essential in every well regulated home, but the children are deprived of their dinner, and have in many cases, to make for the cupboard and snatch at some cold lunch to satisfy their hunger. And if the dinner table is kept ready for the scholars from 12 till 3 p. m., we know that mothers and sisters have to put up with much in consequence in their domestic arrangements. It might be, however, considered that from the Burgundy holidays to St. Patrick's day, the morning session, during the three months of severe winter weather, might suffice. Let us, then, support a common-sense view of school hours, and not fly off from the good old methods of the past, especially when new dodges are not so conducive to the general good and proper conduct of the household.

OLD FASHIONED PARENT. Most Contemplative, Indeed. The trick which some dealers have of charging a high price for wine of strength of an imposing label, has been found out. The public know better now. The Bordeaux Claret Co., have been educating the public lately to the knowledge that a good wine, having age, and flavor and stimulus can be had for just half the price which has been asked for wines in every way inferior. Think of a dozen variety of a sound, old Claret, or Burgundy, or Sauterne for \$1 and \$1.50. The Bordeaux Claret Company have brought the prices to this pass in order that a good wine, healthful to the system, may be within the reach of all. The result of this method of the past, especially when new dodges are not so conducive to the general good and proper conduct of the household.

THE TURT. The first, for all, trot or pace, at Eastport, Me., on Thursday, for a purse of \$350 was won by Special Blend in three straight heats, Vice Vic 2nd, Silver Street 3rd. Best time 2:20. The 2-24, trot or pace, for a purse of \$200 was won by Sarah Fuller in three straight heats, Nominee Prince 2nd, Little Rocket 3rd. Best time 2:24. In the free-for-all, pace, at Lexington, Ky., on Thursday, Joe Patchen won in five heats. John B. Gentry and Robert J. tied for second place. Coleridge was third. Joe Patchen's best time was 2:03 and 2:00. The purse was \$2000.

LAWYERS. There were two scientific matches in days intercollegiate tennis tournament at New Haven, Conn. Whitman, of Harvard, defeated Fisher, of New York, in two well played sets. Ben Long, of Brown, failed to win a game in his match with Foote, of Yale. In the double set between Ware and Scudder, Harvard; and Chase and Foote, Yale, the best tennis of the meet was seen. The Harvard men put up a steady, hard game, and in the second set the game well in hand at 5-1, but Foote and Chase finally won, 10-8.

YACHTING. The Liverpool Courier in announcing the arrival of Captains Cranfield and Scammon of the Valkyrie, says that various startling stories against the Americans have recently gained currency in yachting circles. Capt. Scammon refuses absolutely to talk on the subject. The Post says: "When what may be called an official English report of the yacht race is published, there will be startling revelations, which will throw strong light upon various phases of the cup contest."

THE RING. Advice from Little Rock, Arkansas, are to the effect that the sporting fraternity at that place are jubilant over the news that the Corbett-Fitzsimmons fight will probably take place at Hot Springs. It is believed that Governor Clarke will throw no obstacles in the way. He was notified officially that Hot Springs had been agreed upon by the principals and their managers, and replied by saying that he did not know what he could do to prevent it. It seems to rely entirely upon the local authorities of Hot Springs.

THE WHEEL. At Hartford, Conn., on Thursday, H. J. Berle broke all records for a mile on a regulation track. Paced by "Quint" he made records as follows: 25, 52 4/5, 1:20, 1:45 4/5. The professional record was 1:49 4/5, held by Harry Tyler. Willie Winkle the same afternoon lowered the mile class B. record from 1:47 1/2 to 1:47 2/5. He was paced by Quint.

FOR UNIFORMS OF ANY KIND. There are lots of people who have to be out, no matter how unpleasant the weather. The great idea in the uniforms for such outdoor workers as postmen, policemen or street car men, is to get thorough warmth without a burden of weight. This year they will solve the question by having all these suits made up with a lot of Fibre Chamois. It is so easy to get which make it impossible for the most damp or bitter wind to penetrate a garment so lined, while its light weight and porous nature make it inestimably lighter than any other warmth-giver known. Besides this it takes the place of canvas or hair cloth, giving style and stiffness as well as positive comfort. oct12

Action Concerning Armenian Atrocities. MINNEAPOLIS, Minn., Oct. 10.—At the convention of the Episcopians to day a set of resolutions deploring the Armenian atrocities, commending their ancient church to all Christian people as deserving of aid and contributions for the relief of its sore necessities, and respectfully asking the Church of England to take such action as would commend the cause of the Armenian church to the English speaking world, were adopted.

Nothing less Excellent, Please. The public, having proved the superior properties of Wilson's Invalid's Port Wine certainly do not want anything inferior to that unique article. One does not willing to go back to coal oil from electric light. Wilson's Invalid's Port has made thousands of patrons by merit alone. Invalids need a something to stimulate and nourish, something that will make them hopeful and buoyant, making them feel that they are gaining strength, and that they have a lease of happy life still before them. This is exactly what Wilson's Invalid's Port does. It is a fine old wine and extremely pleasant to taste, but while one tastes it, it does more than produce a stimulating effect. It is a blood maker. It is a renewer of strength. Sold by all dealers at \$7.50 per case of 12 quart bottles, half case \$4.00 or 75 cents per bottle.
