She also had the following passengers: Lieutenant-Governor Carvell and niece, Mrs W. Williams, Mrs Keenan, Mr and Mrs McDougall, Mr R. C. Bartlett, Mrs John Wood, Miss Alice Ball, Mrs Andrews, Mr Wm Andrews, Mrs McKinnon, Miss K. Murphy, Miss Maggie Marten, Miss O'Donnell, Mr McKenna, Mr John Gillis, Mr John E. Cardiff, Mr R. W. VICTORIA CYCLISTS.—Remember that the regular weekly "run" takes place to-morrow (Thursday) evening. Make no other engagements. The programme proposed is as follows: Assemble at Queen Square at 7.15 and proceed by shore to the Park; encircle the Park, halt at proposed track and have a meeting for admission of new members and other business; proceed from upper gate along Brighton Road, Euston Street and St. Peter's Road to Wright's Bridge. Returning by Lovers Lane, Lower St. Peter's Road, Fitzroy and Great George Streets to Square.

CAUGHT IN THE ACT.—Yesterday afternoon a young man apparently from the rural district, entered Bruce's gents' furnishing establishment in this city, and when he thought the eagle eye of the clerk was not upon him, he coolly pocketed a silk handkerchief and walked out. The handkerchief was missed a moment or two after he left the store, however, and one of the clerks started in pursuit. The young man was captured about forty yards from the store and brought back. When he was brought back he was taxed with the theft. He admitted taking the handkerchief, but said "he could not help it." After receiving a good talking to, he was allowed to go. Before going, however, he purchased the handkerchief.

CORPUS CHRISTI.—To-morrow being the Festival of Corpus Christi, the services in St. Dunstan's Cathedral will be the same as on Sunday, with the addition of a Mass at half-past five in the morning for the benefit of those who are unable to attend any of the other services. At the 7.30 o'clock Mass about one hundred and fifty children will make their first communion. There will be communion for the congregation at the half-past eight service. Solemn High Mass will be celebrated at ten o'clock, followed by a procession of the Blessed Sacrament. At three o'clock in the afternoon, His Lordship Bishop Macdonald will administer the Sacrament of Confirmation to about one hundred and fifty persons.

ATHLETIC.—The annual intercollegiate championships took place at Manhattan Field, New York, on Saturday last, and resulted in a decisive victory for Yale, with a score of 47½ points, against Harvard's 34½ points. Over 800 entries were made. Great interest centred in the 100 yard dash. A. A. Lefurgy (of Summerside) who won at this distance in the late Yale-Harvard games, won his trial heat for Harvard in 10.35 secs., but was beaten in the semi final, and thus failed to get a place in the final. Richards, of Yale, the favorite, won the final in 10.15 secs., Baker, of Harvard, getting third. Richards is pronounced a phenomenon, and with proper care and training will equal, if not eclipse, the great performances of Cary and Jewett.

BLAZE AT GEORGETOWN

Much Valuable Property Destroyed.

Loss Over \$12,000—Very Little Insurance.

A disastrous fire occurred at Georgetown this morning about half past three o'clock. The fire, so far as we can learn, started in the loft of Dr. Barnes' stable, in the rear of his residence on Main street, whence it spread to the Doctor's dwelling-house which, with the stable, was soon reduced to ashes. From Dr. Barnes' residence the flames spread to the Russell House, owned and occupied by Mr. Angus McLean, and soon that fine structure, with the outbuildings in the rear, was razed to the ground. Around the corner the fire fiend worked its way, wiping out of existence Walker's harness shop and barn. Next two fine dwelling houses, owned by Captain James Burke, and the outbuildings belonging thereto, came to grief; and the Salvation Army Hall also succumbed. Thomas McEvoy's dwelling house was also destroyed, and his stable was saved with the greatest difficulty. A stable belonging to Hon. A. J. Macdonald was badly scorched.

The origin of the fire is not known. Dr. Barnes was absent from home at the time, having been called to Murray Harbor early in the evening. The fire was discovered by a man named Hubert who was going out fishing. Most of the furniture in the different houses was saved. The total loss by the fire is roughly estimated at about \$12,000. The Russell House was insured for \$1600; Dr. Barnes had insurance for \$2000, and Mr. Walker was insured for \$900. The other victims of the holocaust had no insurance.

The people worked hard to stay the progress of the flames. Their efforts, however, were not attended with very great success until much valuable property was destroyed and the hard earnings and savings of many worthy persons went up in smoke.

ENGINEERS.—The Engineers will meet for drill on Wednesday evenings instead of Thursdays in future. A full attendance requested for this evening.

DIED ON THE CARROLL.—Mr. J. McDougall died on the steamship Carroll this morning about two o'clock, of consumption. Mr. McDougall was a passenger on the Carroll from Boston. He belonged to Belle Creek, in this Province, but has been living in the United States for about six years past. He was a brother of Captain Neil McDougall, of this city.

THE WEDDING GIFT.—At a meeting of the St. John Princess May bridal gift committee, held a few evenings ago, a resolution was unanimously adopted to the effect that the Canadian offering to the princess consist of a Davanport, with chair to match, made of woods of Canada, with mouldings of Nova Scotia gold; also a pair of candlesticks of gold from Nova Scotia. The various coats of arms of the provinces will be introduced in the candlesticks and the same to be the style of the Corinthian column, ornamented with wreaths of May-flowers.

P. E. ISLAND HOSPITAL.—The annual meeting of contributors to the P. E. Island Hospital was held last evening at the Hospital. In addition to the trustees there was a fair attendance of ladies and gentlemen who take an interest in the institution. The retiring Trustees, H. J. Cundall and Dr. R. Johnson, were unanimously re-elected. The receipts for the year amounted to \$3,020.13, and the expenditure to \$3,349.60, but as there was a considerable balance on hand at the beginning of the financial year there was no scarcity of funds. The amount received from paying patients during the year was \$1,205.03, and a much larger sum could have been obtained if the Hospital had more private rooms. The question of adding a wing to the building and also an elevator to the operating room were seriously discussed, and an appeal will be made to the public for funds to carry out those much-needed improvements.

MEETING OF PRESBYTERY.—The Presbytery of P. E. Island met in Zion Church yesterday. A petition was received from Brookfield asking for separation from New Glasgow and Hunter River. A counter petition was also received from a portion of that section asking the Presbytery to allow the congregation to remain as at present constituted. After hearing arguments in support of each petition it was decided not to make a change, and the Rev. W. P. Archibald was appointed interim moderator of the section of that congregation in place of Rev. Malcolm Campbell, resigned. The Rev. John Gillis, of Ontario, intimated by letter his acceptance of the call to the congregation of Dundas, and arrangements were made for his induction into the pastoral charge of that congregation on Tuesday, June 27th, at 11 a. m. The Rev. Mr. Cameron was appointed to preach at Dundas and read the edict on the second Sabbath of June at 6 p. m. The next meeting of Presbytery will be held at Dundas on the 27th June for the induction of Rev. Mr. Gillis.

Mrs. McDonald, the well known St. John's barometer, was obliged to seek a change of climate for the cure of acute bronchitis. He took Hrwker's Tolu and was cured by two bottles. He considers it a remarkable remedy, and strongly recommends its use to all so afflicted.

A few of the great sires bred this way are Red Wilkes, sire of 79; Onward, 64; Alcantara, 51; Alcyone, 31 (sire of Martha Wilkes 2.08); Guy Wilkes, sire of 29, including Sable Wilkes 2.18, sire of Freedom 2.29½, first yearling trotter in 2.30 list; Jay Bird, sire of 25, including Allerton 2.09½, and Eagle Bird 2.21, sire of Monbars 2.11½ (3 years). Although making this offer, the service fee has been placed at the low figure of \$20, to be settled by note if not paid at time of first service. Usual return privilege season of 1894 if mare proves not in foal. Catalogue giving full particulars of pedigree, etc., furnished on application. Breeders will do well to call at stables of Mr. J. D. 1893 SWIFT!

WHAT the "SWIFT" is the best wheel made in ENGLAND, and that it is second to none in AMERICA, any unprejudiced wheelman will say after a fair test of this Machine's powers. Here are a few plain reasons why the SWIFT, made by the Coventry Machinists Company, Coventry, England, the oldest Cycle Manufacturers in the world, is the acme of all that is great and good in a strictly high-grade wheel—BECAUSE it is simple, and the adjustment and bearings accurate. BECAUSE it is light and strong—correct proportions not weight give strength. BECAUSE its roller forged chain reduces friction to a minimum. BECAUSE it is not possible to make a better wheel. Many more equally strong reasons can be given why the "SWIFT" is the best wheel. I will have a sample wheel here in a few days. Hold your orders until you have seen it. Now is the time to buy the "SWIFT". Terms Cash; or to those who prefer, on easy instalments. WILLIAM J. STAIR, Agent for Charlottetown, may 16
